Keystone Girl Christens Ship
KEYSTONE.—Miss Mary Nidever, daughter of Captain and Mrs. H. E. Nidever of La Cresenta, formerly of Dolores street here, christened the new \$65,000 coast guard patrol boat in San Diego at 3 o'clock on Saturday afternoon. The boat was immediately launched and christened "Blue Fin." The officials including Captain Nidever and Mary were given a ride following the launching. Captain Nidever is assigned to the Commercial Fisheries department of the California Fish and Game commission.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

Like talking face-to-face

MANY telephone users find it practical to place inter-city calls by the "station-to-station" method, instead of specifying a particular person. It is also worth while to place out-of-town calls in the evening, when many of the charges are materially lower.

IT'S NOT PYORRHEA
IT'S PARADENTOSIS!
SACRAMENTO, Calif. (UP)
It's not pyorrhea at all that's four out of every five people have. It's paradentosis.
As authority for this statement you must accept Dr. Hermann Beck of the George William Hooper Foundation for Dental Research, and one of the speakers at the State Dental Association convention here.
Pyorrhea is no more a disease of the mouth than a rash is smallpox, Dr. Beck says. Furthermore, it isn't exaggerating to say four out of five people have it. It is caused by lack of calcium and Vitamin D, he says.

If necessary and you ask for it you'll find that our service can be as prompt as a shot—that sounds like it might not be so, doesn't it. Just try us and you'll find out that that is putting it mildly.

A GOOD CONTACT

A \$69⁵⁰ KISS....

When a fellow has a girl they both usually pick June as the month in which to get married... and here we are with the month of JUNE right at our front doors with the merry month of May singing her swan song. One of the things they talked about and wanted for their home was a radio. Income had a lot to do with the decision and at the same time they could have well afforded a higher priced radio than the ROYALE, which they selected. When they found that the ROYALE was an All Electric and its construction embodied a beautiful cabinet with a chassis of battleship type heavy steel, that the speaker was a genuine Magnavox Dynamic one and it had a drum dial, a feature seldom found in any other low priced radio, and finally that the ROYALE had 3 NO. 24 SCREEN GRID TUBES... was it any wonder she reached up and gave him a sweet kiss because the whole works cost him \$69.50 with the kiss included!
