Justice of Peace
Lomita Township

"Let's Make It 100%
In Torrance for Dennis"

IN the history of this Republic there have been few more glowing examples of unselfish public service than has been given by John Dennis. For the past five years he has devoted all his time **WITHOUT PAY** as Mayor of Torrance. He has given unstintingly of his energy and his money, without thought of compensation.

He is now asking your support in electing him to the office of Justice of Peace in Lomita township, which is an office that pays a modest salary, but which will not in any way affect his continuing as Mayor of Torrance.

A Lomita man has been Justice in Lomita township ever since the court was established 18 years ago, and yet Torrance contributes over 75 per cent of the taxes of the township from which the Justice salary is paid. In all fairness, is it not NOW time that a Torrance man be given the office? We believe so, and are urging all fair-minded voters in Lomita township to vote for John Dennis at the Tuesday election, November 4.
