Pleading not guilty to the charge of intoxication, George D. Kipp, of 811 Cota avenue, asked for a court trial at his hearing, last week in Long Beach. His trial was set for November 17, and his bail of \$250 approved. The local man was involved in an automobile accident in which a woman was slightly hurt.

Kipp recently leased space in the California Oil Tool company plant here and has not purchased the welding department as erroneously reported by the Herald last week, according to Louis Smith.

### Fire Truck to Be Modernized

The city fire truck is to be modernized, according to plans adopted last evening by the Torrance city council. Pneumatic tires will replace the present worn-out solid tires, a new boosting pump for chemicals will be installed as well as a new valve. The total expenditure will not exceed \$1300 and, according to Chief Hannelink, will put the fire truck in as good condition as when it was bought eight years ago.

Prinz, borrowed from Earl Carroll's "Vanities." The principals are Reginald Denny, who sings with power and force; Kay Johnson, a perfect "Madam Satan"; Roland Young as Denny's blundering friend; and "Trixie," ex of the vaudeville stage, the modern and gold-digging "other woman." It has all the exotic feel of a typical Cecil B. De Mille production. The story by Jeanie MacPherson with dialog by Gladys Unger and Elsie Janis.

#### AMERICAN RED CROSS AFIELD

What does the Red Cross do? What makes it call in the words of President Hoover—so "mandatory upon the heart of the Nation?"

The Red Cross job is big. In a single year the expenditure, community, national and international, runs to nearly \$10,000,000. Often it is higher. Every day the call upon the Red Cross grows more urgent.

What do the figures show—those mute, cold statistics that tell but half the story of Service? They show:

- More than 450,000 First Aid certificates have been issued; more than 100,000 individuals instructed in Life Saving.
- Assistance extended in a single year to the victims of 75 disasters in 40 states.
- 50,000 nurses on the roll of the Red Cross; 800 nurses in public health work, 85 in aircraft activities, 1500 teaching home hygiene and care of the sick.
- 120,000 children and adults taught nutrition each month.
- Service of the kind that is beyond the scope of Government to 30,000 disabled World War veterans and the 247,000 men of the regular Army and Navy, 10,000 families being missed by Civilian Home Service.
- 7,000,000 members of the Junior Red Cross corresponding with Juniors in foreign lands, thus furthering the cause of international understanding; cheering the sick, brightening school rooms, learning ideals of service for others.
- Half a million volunteer workers—embodying the very heart and spirit of the Red Cross—making 3,000,000 surgical dressings, 210,000 garments, 120,000 Braille pages for the fingers of the blind in twelve months.
- 16,200 Chapters and Branches engaged in this service program made possible by the unselfishly-tendered support of more than 4,000,000 adult members.

Look at the pictures on this page. Multiply the incidents according to the above figures. Watch each precious membership dollar as it stretches to meet the increasing demands. Then ask yourself, "What shall MY PART be?"

created in 1910, under the auspices of the Union Evangelical Church. In April, 1918, following its admission to the Los Angeles Presbytery, it became officially the First Presbyterian church of Lomita, although the name "Community" still clings.

When the new church edifice was erected several years ago, the old building was moved to the back of the lot and rechristened "Fisher hall" in honor of Dr. C. N. Fisher, one of the early pastors.

Loss of the building is estimated at \$1000, which is only partly covered by insurance, according to L. J. Hunter, one of the trustees. It is the opinion of many of the members that the building will not be replaced for some time.
