

Crime Wave Sweeps State, Reports Say

By the United Press
A high wave of crime swept over the state during January, with a total of 1,174 felonies, according to Clarence S. Morrill, chief of the state division of criminal identification. These were classified as follows: Assault to murder, 4; burglary, 2,892; fictitious checks and forgery, \$11; manslaughter, 3; murder, 17; pickpocket, 57; purse snatching, 45; robbery, 693; miscellaneous, 242.

"Branch Capitol" of State Will Expand

By the United Press
California's "branch capitol" at Los Angeles will have two additional wings, under plans now being drawn for Roland A. Vandegritt, state director of finance. The city of Los Angeles is now clearing land for the new construction, he says. By constructing the wings, the floor space can be increased 50 per cent at an increase of less than 33 1-3 percent of the cost.

Lepkin, Tailor Moves 2 Blks. N.

Savings in Rent and Overhead to Be Given Customers in Lowered Prices

J. Lepkin announces the removal of his merchant tailoring parlors to 1005 Sartori avenue in the California Court, which is two blocks north of his former store location. "I am combining my business and residence under one roof, in order to reduce my overhead expenses so that I can afford to substantially lower my prices," said Mr. Lepkin. "The advance Spring fabrics are already here and I guarantee you the same high quality of materials, expert designing, and skilled hand tailoring as I have always given to my customers during my eight years in Torrance, but now offered at substantially lower prices. It will certainly pay you well to drive up the two blocks to my new location," Mr. Lepkin continued. The telephone number remains the same—Torrance 2.

Sweetest Shipment Made to Calif. City

By the United Press
GERBER, Calif.—The sweetest shipment ever made to this city arrived recently. It was a carload of molasses, sent to the alfalfa meal mill for use in prepared stock food. There were 30 tons of molasses in the car.

GIFT ACKNOWLEDGED
The Torrance Relief Society acknowledges with grateful appreciation the gift of \$15 from Leroy O. Stevens, assistant city clerk.

Conveyors Carry Ford Car Parts

Trains unload in the plant.

Bodies starting through the shop.

Conveyors carry wheels with mounted tires over a line on which cars pass to completion.

The highly important part played by conveyor systems in all Ford Motor Company manufacturing and assembly plants is graphically shown in the above three pictures taken in the recently opened Edgewater, N. J., plant. One of the pictures shows how parts may be unloaded from freight cars within the plant only a few feet from the various assembly lines. Another picture shows automobile bodies starting

their trip on a conveyor while the third view is of the conveyor system used to bring wheels to the chassis which are also moving on a conveyor. As indicated in the picture, a constant flow of wheels on which the tires have already been mounted moves around and over the chassis assembly line. As a chassis enters the section, workers, in groups of four, each take a wheel from the hooks and fasten it to the chassis.

Twenty-three new body types, designed to meet the specialized needs of various classes of commercial transportation, have been added to the standard line of Ford trucks and light delivery cars, the Ford Motor Company announced. Several of the new trucks and commercial cars already are in production. The others will be placed on a production basis within the next two months.

The addition of the score of new body types, ranging from a smart town car delivery for the use of exclusive shops to police patrols and coal and coke trucks, was made in accordance with the Ford Motor Company's policy of offering a complete line of commercial vehicles to meet all sorts of transportation requirements. There are now more than 60 Ford commercial body types available on the Model A and Model AA chassis. Furthermore, the truck chassis may be had in either 131.5 inch wheelbase or 157 inch wheelbase, with or without dual rear wheels, and with a choice of gear ratios.

Club Members Attend Service at Local Church

Members of the National Business and Professional Women of Torrance will attend in a body services at the Christian church on Sunday morning, March 8. This date honors in National Business Women's Week, which will be observed in every community in the United States and foreign countries where a unit of N. B. P. W. is located. Rev. G. G. Elder, has chosen as his subject for this occasion "Our Badge of Greatness." Several special musical numbers have been arranged. Members of the club will meet at 10:30 a. m., at the Jared Sidney Torrance Memorial hospital to go to the church.

Thoughts from an air-liner about a great bank

-as you fly over California

...and look down upon the thriving communities of this vast empire, think for a moment of the importance and value of the gigantic chain of banking offices operated by the Bank of America in 243 cities. Think what an institution of this magnitude means to the welfare and progress of California. Think of the unusual safety and stability afforded by diversified resources, extending from the Oregon border to the Mexican boundary. Think of the goodwill, loyalty, and warm cooperation of over 1,750,000 depositors... one-third of the entire population of the state over which you are obtaining a delightful and impressive birdseye view.
