Such an honorary designation is only won by qualifying an honor student in six out of eight semesters' Senior High school work.

This fall all schools in the city will open a week earlier than usual, or on Monday morning, August 31, the entire school program has been advanced one week in order that the preparatory institutions in the city school system may operate about the same time as the universities and colleges.

Await School Budget
According to Principal Wood, no new appointments on the faculty for any changes in the teaching staff will be announced until the school budget is approved by the Board of Education. The student ratio per teacher will be increased one-half student in order to work out a program of rigid economy during the next term. Principal Wood said this week.
