CHURCHES OF CHRIST, SCIENTIST
"God" is the subject of the Lesson-Sermon, Sunday, July 5, in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from Psalm 113: "God is the Lord, which hath shewed us light."

One of the Bible citations in the Responsive Reading presents the assurance of Isaiah, "Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee." A Scriptural selection in the Lesson-Sermon includes the words of James, "Draw nigh to God, and he will draw nigh to you." Another selection presents the promises of the Psalmist: "Truly God is good to Israel, even to such as are of a clean heart. My flesh and my heart faileth: but God is the strength of my heart, and my portion for ever."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states, "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfed love."

TORRANCE MEN'S BIBLE CLASS
A Bible class for the men of the community by the men of the community. Sessions held each Sunday morning at 9:30 o'clock at the Torrance theater. G. L. Morris, president, and Rev. G. G. Elder, teacher. All men are welcome.

Tire Stores To Get New Name

Wynns Will Be Known As Firestone Service Stores, Inc.

Announcement that the name of the Wynns Tire & Rubber Company, Inc., has been changed to Firestone Service Stores, Inc., was made yesterday by C. A. Turney.

C. A. TURNEY

president. Turney states that this change, which is a change in name only, was made in order to better identify this pioneer Los Angeles tire and automotive service company as the source of Firestone products in the Los Angeles metropolitan area. The management, personnel, and of course the location of stores will be the same. "We have decided that our new name will make it easier for motorists and truck owners to associate our company as the place to come for the famous Firestone standardized service," says Turney. "The Firestone company has invested \$25,000,000 in perfecting this service which is regarded as one of the outstanding advances in the history of the tire and automotive service industry. Years of study, research and practical application has brought many outstanding advantages that mean greater efficiency in service and economies to the motorist.

"We are justly proud of the fact that our company is the world's largest distributor of Firestone tires and by having the name Firestone predominant in the name of our organization we can enjoy to an even greater extent the advantages Firestone brings to its dealers, and through them to the motorist."

Firestone Service Stores, Inc., operates 15 stores in the Los Angeles metropolitan area. Each store is equipped to render the highest possible standard of tire and automotive service. The latest expansion of the company was the formal opening last week of a huge new branch at 12th and Figueroa. This location is especially convenient for motorists approaching the downtown area from the west or southwest.

STATE MAY OWN MOUNTAINS
By the United Press
BURLINGTON, Vt.—The state of Vermont is considering a plan under which it would assume ownership of the principal mountains within its borders. Recommendation that such action be taken was made by a committee of the Vermont commission on country life.

The Fire-God Takes His Toll

To aid in eliminating conflagrations of the type pictured above, caused by burning cigars, cigarettes, matches or pipe embers, warnings have been posted on trees in Western forests. The Chevrolet five-passenger coupe, upper right, shows the scene as it was before a careless camper incited the wrath of the Fire-God.

Say Average Family Wastes 10% of Food

By the United Press
SACRAMENTO.—The average American family wastes 10 per cent of its food, according to statistics on file with the state board of health. The estimate further reveals that 10 per cent of our population eats 50 per cent more than is actually needed, and another 25 per cent eats at least 25 per cent too much.

FORGOT ABOUT HIS WIFE

By the United Press
LONDON.—C. W. Smith, a laborer, told the magistrate he had forgotten he had a wife when he was arraigned on a charge of desertion.

Engineers Here To Study Street Work

Several Pacific Electric engineers were in the city last Thursday afternoon making preliminary surveys and studies of the proposed beautification of the P. E.'s right-of-way on Torrance (Cabrillo) boulevard and the projected widening and improvement of Cabrillo avenue.

According to City Engineer Frank Leonard, the visiting engineers were inspecting the railway's rights-of-way and making a study of land values involved in the proposed major improvement of the two main thoroughfares. The city engineer is expecting an early report from the Pacific Electric as to their final action in the matter.

Washington Saved And Now We SPEND!

In the days when Washington was leading a ragged, ill-equipped band of colonists against the most impressive army in the world he could not afford to waste a crust or a cartridge. He had to make every shot, every cent COUNT. He did it, and his success is mirrored in the rich nation which he helped to found. The economy of yesteryear brings the riches of tomorrow.

This Bank invites you to emulate Washington — to save YOUR forces by accepting one of our deposit books.

Items For Safe Vacation Named

By the United Press
SACRAMENTO.—A "safe" vacation is the only kind that should be considered by Californians in the opinion of the state industrial accident commission.

As a result the commission recommends that in planning a summer trip, the vacation "kit" should include these two items: 1—ability to render artificial respiration, and (2) ability to stop hemorrhages from cuts and wounds.

The commission points out that these "items" may be secured from any first-aid instructor in a very few minutes, and such knowledge may be the means of saving a life.

FLAG FLOWN UPSIDE DOWN
By the United Press
OLYMPIA, Wash.—"Distress" must have threatened the governor's mansion here recently. The flag was flown upside down.

Scotland Visitor Pleased With Calif.

John Ritchie, father of Alexander J. Ritchie of Arlington avenue, arrived in Torrance a few days ago from his home in Aberdeen, Scotland. John Ritchie, son of Mr. and Mrs. A. J. Ritchie, returned with his grandfather from Aberdeen, where he has been living the past six years. The elder John Ritchie is highly pleased with the sunshine of Southern California and after spending a few months with his son, plans to return to Aberdeen for Mrs. Ritchie and then come back to Torrance to live.

Boy Sharpshooter Upholds Tradition

By the United Press
YREKA.—The day of the western "sharpshooter" isn't over yet. Hunters in Shasta county have been "after" a big black bear for a long time because of his sheep-killing activities. Recently, Clifford Roy, 11-year-old son of J. E. Roy, sheep raiser, who was trailing the bear, sighted the sheep-killer. Having no time to dismount from the horse he was riding, young Roy opened fire. The first shot broke the bear's neck.
