The club, which has been organized for a year, will celebrate with a birthday party in the Halloween motif.

NINE WAYS TO KILL A MEETING

1. Following lines culled from the Santa Paula Review on August 4, appeal to a group of club women in Torrance as being especially pertinent. May the lines not apply to any of our members!
 1. Don't come to the meeting.
 2. If you do come, come late.
 3. If the weather doesn't suit you, don't think of coming.
 4. If you attend a meeting, find fault with the work of the officers and other members.
 5. Never accept an office, as it is easier to criticize than to do things.
 6. Nevertheless, get sore if you are not appointed on a committee, but if you are, do not attend committee meetings.
 7. If asked by the chairman to give your opinion regarding some important matter, tell him you have nothing to say. After the meeting, tell everyone how things should be done.
 8. Do nothing that is not absolutely necessary but when others roll up their sleeves and willingly and unselfishly use their ability to help matters along, howl that the organization is run by a clique.
 9. Don't bother about getting new members, let someone else do it.
- Who wants to kill a meeting anyway?
