**Newshawks Hopeful
As Alarm Goes Off**
By the United Press
The story of the boy who cried "wolf" too many times also applies to the state treasurer's office. The automatic burglar alarm used to guard the huge vaults is very delicate. It has a habit of going off for no apparent reason. It began to function the other day. Captain Joe Beard of the state police looked vainly for the officers who were supposed to answer the call. All he could find was a group of six newspaper men with hopeful expressions.

"OLD SCOUT" SHOWS GREAT PROGRESS IN TIRES

From left to right: E. Waldo Stein, of Firestone engineering staff; R. J. Cope, vice-president of Western Firestone organization; T. M. Ray, Oldsmobile zone manager; Dwight B. Huss, the famous driver of "Old Scout"; and R. C. Tucker, vice-president and sales manager of Western Firestone, discuss the Firestone tires that carried the famous "one-lung" Oldsmobile on its second transcontinental journey.

When the famous Oldsmobile "Old Scout" won the first transcontinental motor race in history from New York to Portland in 1905, seventeen complete sets of tires were required to complete the journey.

When "Old Scout," with the same driver, Dwight B. Huss, covered the same route recently, it traveled on Gum-Dipped Firestone Tires without any sign of tire trouble, and the same tires are carrying the famous car and its driver back home, reports Douglas Collins, the local Firestone dealer.

The two trips with an interval of 26 years, tells a striking story of the remarkable progress that has been made in automotive transportation, in which tires have played a vital part, says local Firestone dealer.

Santa Claus To Be Here Dec. 23 For Celebration
(Continued From Page 1-A)
lights so expressive of the Yuletide season.

Last year Torrance had a number of outstanding residence displays of such cheery front yards and it is hoped that even more home-owners will decorate this season. The cost of the illuminated displays is reported by local electric supply dealers to be very nominal and the lights can be used year after year with proper care.

The scene of "local avenues "spotted" with the colored lights, warm honey interiors and Christmas decorated trees is one never to be forgotten, and Torrance, it is certain, will do its part in promoting the festive display.

3200 Shoppers Storm Opening Of New Store

"We were more than pleased with the reception given our enlarged store and market on Carson street last week-end by the people of Torrance and surrounding communities," declared C. H. Stundberg, supervisor of the beach territory of the MacMarr Stores, Inc. "The opening was a 100 per cent success because we received ample proof that our advertisement in the Herald reached the greatest number of people in this territory. Evidence of this can be seen from the fact that Saturday we had more than 3200 customers in the store."

Henry Grubb, proprietor of the meat market in the MacMarr store, was also pleased with the opening days. He declared that he sold 25 hams and 450 boxes of bacon, besides being virtually "cleaned out" of his meat products Saturday evening.

New Manager Here
"I saw more new faces in the store last week-end than I have ever seen before. Many told us they came from Gardena, Moneta, Hawthorne, Redondo, Comita and Harbor City. They got some real bargains last week and they will continue to get them here," Grubb stated.

L. P. Willis is the new manager of the store, replacing W. F. Swinney, who has been transferred to another branch. Henry L. Pecher, manager of the produce department, said that the opening days proved a heavy strain on his line as his stock was continually being depleted.
