KITTEERY, Me.—(U.P.)—John Edgar Burnham lived exactly his allotted three-score years and ten. He died recently on his 70th birthday anniversary.

High School Has New Course
RALEIGH, N. C.—(U.P.)—Practical forestry is to be offered as a study in vocational agriculture in North Carolina high schools this year.

Gardena Plans Municipal Park

Construction On Playground Slated to Begin This Week

Announcement has been made by A. P. Crerar, well known Gardena business man, of plans for a recreational playground to be established in Gardena on the Crerar tract which covers the territory from 161st street to 164th street between Vermont and Benson avenues. Construction is slated to start immediately.

According to plans disclosed by Crerar and Charles Laptus, who is cooperating with Crerar on the project, the park will be equipped with grounds for various athletic games. A baseball diamond will be ready for use about the middle of November; tennis courts will be completed shortly after that date; a dirt bowling alley, croquet, and horseshoes are among the amusements which the management plans to include. There will be a small charge for the use of the park to help defray expenses of equipment and upkeep.

Landscaping and gardening will add to the attractiveness of the grounds; lawn, shrubbery and trees will be put on the territory as soon as possible. Seetees and park benches will contribute to the comfort of the planned recreational center. About 30 arc lights will illuminate the 10 acres of park grounds, making it available for both night and day use.

The management aims to make the new park, which may be called Exposition Park of Gardena, fulfill the need which has long been felt in Gardena Valley by business men and organizations for some recreational center. It will cater to church societies, fraternal organizations, as well as the residents of the valley.

Since the announcement that Gardena was to have a playground, plans are moving forward for a men's indoor baseball league which had not been organized previously because of the lack of an adequate location. Junior Lyons, Charley Welton, A. C. Canning, American Legion, L. S. Norton and the H. and W. Grocery of Western avenue have signified their intention of having teams in the league.

OUR BALLOT

Continued from Page 1

Huntington Beach. It is not. It affects every other beach as far up as Long Beach and as far down as Laguna, if not farther. We cannot afford to jeopardize our beaches. Vote No.

No. 12, Authorizing City of Glendale to Pay Owners Certain Improvement Assessments Upon Their Property. Vote Yes.
Purely a local matter. Vote Yes.

No. 13, Amending State Athletic Commission. Vote Yes.
Corrects defects in present legislation. Vote Yes.

No. 14, Exempting Vessels From Taxation. Vote Yes.
Unless this proposal is carried out shipping industry as registered from Los Angeles and San Francisco will stagnate, because shipbuilding, repairing and like work will go to ports of other states, where such exemptions are given. We must give our shipping the protection afforded shipping in other states or we will lose it. Under the existing law vessels of more than 50 tons are exempt from taxation except for state purposes until 1935. Amendment No. 14 extends that exemption period until 1955, and does not deprive any city or county of any income it now receives. Vote Yes.

No. 15, Deposit of Public Monies. Vote Yes.
This amendment clarifies the law and permits Metropolitan Water District funds to be deposited in national or state banks within the state.

No. 16, Tax Liens. Vote Yes.
This amendment prevents the state or county from digging up old taxes 30 years after they are due and upon which no attempt has been made to collect them. It does not affect any existing tax collection methods on current taxes. Vote Yes.

No. 17, City Charters. Vote Yes.
Extends time limit for preparation of city charters from four months to one year. Affords greater opportunity for study. Vote Yes.

No. 18, Authorizing Board of Supervisors to Draft County Charter. Vote Yes.

The amendment permits boards of supervisors to draft home rule charters instead of requiring that they be drafted by freeholders, who may be less familiar with county government. Vote Yes.

No. 19, City Charter Provisions for Nomination and Election of Officers. Vote Yes.

It enables chartered cities to improve election methods, if voters so desire. Vote Yes.

No. 20, County Charter Provisions for Nomination and Election of Officers. Vote Yes.

Same as in No. 19 for cities. Vote Yes.

Colden for Congress
The Herald favors the election of Charles J. Colden, Democratic nominee for congress, as the only practical way of securing aid from a Democratic congress for the development of our harbor; and furthermore because we believe that Mr. Colden is better fitted for the office. He is honest, capable and progressive. He has given a lifetime to meritorious public service.

Judges
We recommend the recall of Judges Fleming, Stafford and Guerin; and the election in their places of William J. Palmer, John Beardsley and May D. Lahey. We concur with the recommendations of the Los Angeles Bar Association in the favoring of Thomas L. Ambrose, Isaac Pacht, Clement L. Shinn, Lewis Howell Smith, James H. Pope and Daniel Beecher for the several offices in the superior court.

Doin's of th'

Flyin' Buzzard

By DUETTE HILL

Buss just found out why Dogie Cy keeps on 'workin' here at th' Flyin' Buzzard when he's been offered lots better wages from other cattle outfits.
One uv our horses got fisteled 'n nobody cud cure it.
Finally Rattlesnake Bob came by one day and sed if yud put a quarter down inside uv the fisteled it would git well, but money was as scarce as perty gals out here.
Dogie Cy bein' the tightest wad ya ever saw, though he had one he sure hated ta give it up, fer he'd dig another grand canyon fer a quarter, but he couldn't stand ta watch his best nag die, so he bit off a big chew uv star 'n sed, "Here, dern it, take it."
Rattlesnake Bob put it down in there, 'n sure nuff, it's all well now, but Dogie's 'goin' ta wait now till that horse dies so he can have his quarter.

Unemployed Ask One Day Work Per Month To Pay Utility Bills

Request for one day's work each month, to provide heads of families with funds to pay gas and light bills, was made of the board of supervisors this week by the Unemployed Cooperative Relief Association, and referred to the county charities department.
The organization is of the opinion the supervisors could find a way to do this, just as funds were allocated to purchase gasoline and oil for unemployed, to gather up surplus field crops. This group has few charity cases listed in its ranks, and its members help others to help themselves, the board was told. There are no dues of any kind, the organization being entirely cooperative, with branches in many parts of the county.

Mrs. Linnie Craig Called By Death

Mrs. Linnie Craig, age 71, passed away at the General hospital, Monday, October 31, after a long illness. Mrs. Craig was born in Des Moines, Iowa, but had lived in California for a number of years, making her home with her son, Harry W. Craig, who resides at Casson and Vermont avenue. Funeral services were held today at 2 o'clock from Stone & Myers chapel, Rev. J. B. Speed of the First Baptist church officiating. Interment was made at Roosevelt Memorial Park. Mrs. Craig is survived by her son, Harry; her daughter, Mrs. G. W. Brown, 819 Portola avenue, and her husband, William R. Craig.

Board Declines to Close School

Institution On North Border of Torrance Will Remain Open

According to the Gardena Valley News, the 184th street grammar school, located between Normandie and Western avenue south of Gardena, will not be closed during the present school year by the Los Angeles board of education, according to information from the office of the secretary of the board, this week. A petition presented by Gerald Brooks of 182nd street, with 66 signatures of residents of the school's district, requesting the closing of the school was presented to the board of education two weeks ago.

In answer to the letter and petition presented by the 66 signers, the board of education at a meeting Monday night took the following action according to a statement to the News, Wednesday:

"The board of education cannot see its way clear to meet the request at least for the present school year for the following reasons:

"The school is conveniently located for the public. Fifty-five of the 100 pupils are in the first three grades. It would be a long and dangerous walk for them to go to either Moneta or Gardena schools and in transferring to Torrance, transportation would have to be provided which would probably result in considerable increase in per capita cost. While there are several classes in each room there is an advantage in a small number assigned to each teacher, and the pupils are making steady progress. The principal teaches full time so there is little extra expense for principal's salary.

"The per capita cost for 1931-32 was not unduly excessive, \$128.86. Later other arrangements may be made for pupils of the district by the board."

A remonstrance petition to that presented by Gerald Brooks et al, bearing 115 signatures, was filed with the board the later part of last week by C. Shoemaker, 16331 Evelyn street.

Injured Passenger Files Damage Suit

Damages of \$25,000 are asked for injuries received in a traffic accident at Riverside-Redondo boulevard and Prairie avenue, in a suit on file in superior court.

Ruth Howells, who filed the action, asserted that she was seriously hurt in the collision, which occurred October 15. She was a passenger in the automobile which was in collision with a machine driven by Claude W. Chidley, the complaint states.

Mrs. Howells was entered on the books at the Jared Sidney Torrance Memorial hospital where she was treated for injuries as Mrs. Betty Marks, this name being given to them by the woman's divorced husband, Joe Marks, with whom she was riding at the time of the accident.

Dominguez Club to Change Name

DOMINGUEZ.—Mrs. Alice C. Vinson, 2912 Lincoln street, Cameron tract, was, hostess to the members of the Republican Women's Study Club at her home on Thursday afternoon, November 3. Mrs. Vinson is fourth vice president.

Two changes in the by-laws were considered, the day of meeting and the change of name from the Republican Women's Study Club of Dominguez Township to the Dominguez-Keystone Republican Women's Club.

Mrs. M. E. Ridenour, president of the Long Beach Republican Women's Study Club, spoke on "Paternalism vs. Individualism," and Mrs. M. A. English of Los Angeles told of the history and development of the Republican party.

Electricity is Cheap!

But it doesn't cost you any more

Although California Homes Use More Electricity every Year The Electrical Bill Remains the Smallest Item in the Family Budget

DURING 1932 Edison homes consumed 71 per cent more electricity than they did only eight years ago. 727 kilowatt hours were used in the average home in 1932, as against 424 kilowatt hours average in 1924. Yet the average Edison electric bill today is very little, if any, higher than it was in 1924. This is because Edison has made eight voluntary rate reductions in the last ten years, during a period when other costs were rising.

Using electricity as liberally as they do, Edison homes spend less than 1.2 per cent of the average family income for service. The average cost of twelve months' electric service to homes in Edison territory last year was only \$29.50 while the average family income is approximately \$2500.

Think of buying all the services, comfort and conveniences electricity brings into your home for only 1.2 per cent of the Family Budget!

Edison Lighting Rates Have Been Reduced 42% Since 1921
