Hawaiian Representative to Confer With Business Men

Hawaii is a good market for manufactured goods from Torrance. Charles H. Mason, manager of the Department of Foreign Commerce and Shipping of the Los Angeles Chamber of Commerce, has given some interesting information to the local chamber, which indicates that the Torrance-Hawaii business is good.

Torrance manufacturers furnish a variety of goods for shipments," says Mason. "The market in Hawaii calls for Torrance heavy duty tools, insulating material, steel products, novelties, and a number of other commodities, which total substantial business for Torrance."

Hawaii buys from the world a total of ninety million dollars worth of merchandise per year, and sells products valued at over one hundred million dollars. The balance of trade is substantially in favor of the islands.

Los Angeles county has been developing substantial business in the islands. It has been increased during the last ten years from one million per year to nearly a million per month, and Mr. Mason states there is opportunity for continued increase.

In the interest of increasing business in Hawaii of Torrance manufacturers, J. David Larson, representative in Hawaii for the Los Angeles Chamber of Commerce, will confer with the business men here during November, and appointments are being made through the Torrance Chamber of Commerce.

Local Dry Laws Not Affected By Wright Repeal

County and City Ordinances In Force Govern Liquor Traffic

Repeal of the Wright Act in California will not abolish the control of local officers over the possession, sale, or transportation of liquor in this or any other city or county which has previously adopted a dry ordinance, according to official announcement.

Prosecutions for liquor violations in Los Angeles county will be brought under County Ordinance No. 650, which contains all the provisions necessary to bring about the control of the situation. Possession of liquor in a public place is forbidden under the terms of this ordinance, and transportation of liquor is also covered by this statute as well as by a provision of the Motor Vehicle laws. Law enforcement officers may also arrest persons who are guilty of selling liquor in their own homes or from their own premises. The county law does not interfere with the manufacture or possession of liquor which is made or held under a permit legally acquired, nor does it permit the search of private premises without due process of law.

Proposition No. 2, which was adopted by a large majority in the state on Tuesday, will not go into effect immediately as its provisions are contingent upon the repeal or modification of the Eighteenth Amendment and the repeal of the Volstead Act. When that condition arises, Proposition No. 2 will probably invalidate the local county option law, and the legal possession, sale, purchase, or manufacture of liquor in Torrance will depend upon the action of the state legislature to which is reserved the rights and powers to regulate the liquor question under the terms of Proposition No. 2.

The city of Torrance also has on its statute books an ordinance regulating the liquor proposition which would have to be cleared away before the effects of the repeal of the Wright Act could be localized.

Double Charge On Motor License Fee After January 31

With the announcement of the California State Automobile Association that the period during which motorists may renew their 1933 licenses has been shortened—January 3 to January 31—local residents yesterday were warned that failure to obtain their licenses before midnight of January 31 will mean twice the regular charge of \$3, or \$6.

The department of motor vehicles points out that applications for license renewals will be acceptable in Sacramento by mail beginning December 1.

Motorists who have lost their certificates of registration are warned to apply at once to the department of motor vehicles for new certificates so as to avoid delay later on when a few days may prevent license renewal on time, and consequently paying twice the regular fee.

McDonald Tract Tax League Meets

A meeting of the McDonald Tract Tax Reduction League will be held next Wednesday evening, November 16, at the Perry school house. Matters relating to lowering of taxes and other propositions of importance to the residents of the McDonald Tract will be taken up.

Funeral Service For Mrs. Greiner Is Impressive

Well-Known Auxiliary Member Laid to Rest At Angelus Abbey

An impressive tribute of love and respect was paid to the late Mrs. Annie M. Greiner, on Monday afternoon at 2 o'clock, when funeral services in her memory were held at Stone & Myers chapel, with a large number of friends and associates attending. The funeral service was read by Rev. F. D. Meehling of the First Lutheran church. The Whittier Glee Club sang appropriate selections. Pall bearers were selected from among members of Bert S. Crossland Post No. 170, with honorary pall bearers from the 8 and 40, woman's selective group allied to the auxiliary.

Members of the drill teams from eight cities in the nineteenth district, in uniform, attended in a body. Following the service by Rev. Meehling, Margaret Kaeding, past department president, spoke at some length on the devotion that Mrs. Greiner had manifested toward the work of the auxiliary, and other divisions of the women's work in connection with the Legion. Mrs. Hyers, state chaplain, assisted in this part of the service.

The Torrance drill team of the auxiliary retired the colors. State and district officers who attended were Carol Marks, first department president; Beatrice Trumbull, president of the county council; Alice Engwerson, 19th district president; Pauline Elliston, chairman of the state finance board; and Andre Olson, state poppy chairman.

Interment was made at Angelus Abbey, Compton. Mrs. Greiner was born in Stockholm, Sweden, 45 years ago. She had resided in the United States 27 years, in California 18 years and in Torrance for the past 12 years. She is survived by her husband, Albert W. Greiner, and one daughter, Helen, aged 10 years.

Mrs. Greiner was always very active in civic affairs, and particularly so in affairs of the auxiliary which she organized in Torrance. At the time of her death she was historian and publicity chairman for the local unit, and also held the office of chairman of junior activities in the 19th district. She was a past president of the auxiliary, past president of the county council, and had held numerous offices of trust and importance in the county council and 19th district.

Mrs. Greiner was a woman of friendly and lovable character, always active and interested in the affairs of the day, and her sudden passing is sincerely mourned in many homes in Torrance.

Doin's of th' Flyin' Buzzard By DUETTE HILL

Cramps hit Dogie Cy last night 'n' he had his saddle all white as Slim but Buss decided 'e wuz worth savin' 'n' went out 'n' caught a naw 'n' wuz off fer Ma Pipers ta git some medicine right square in the middle uv a dark night.

Well we all had ta set up with him, couldn't sleep nohow with that howlin'.

Slim heerd the dutch oven lid 'n' put it to his stomach. Forty put a mustard plaster on 'is back while Tenderfoot got the hot rocks out uv the fireplace 'n' put them to his feet, but 'e wouldn't stay in one place long enough fer eny uv it ta do eny good.

Along about daylight we cud hear a rumbly 'n' here come Ma Pipers in 'er buckboard.

Dogie wuz shure flabbergasted at seein' a female but when she found out 'e'd et wild cherries 'n' lots uv 'im she sed castor oil wuz the thing. Dogie tried ta stampede in his underwear but Ma got huffy and grabbin' Dogie she threw him down on the bed and with her knee in his stomach tied 'im down with 'er piggin string like she'd tie a cow 'n' poured that oil down 'im. "Be back tomorrow," she hollered as she cracked her whip 'n' off she went with that thing that used ta be a good ostrich feather a flyin' 'n' 'er hat.

Dogie's out in the timber now 'n' the cuttin' all the cherrie trees down fer fear Buss might go fer the new gal next time.

ROYAL NEIGHBORS GO TO BELLFLOWER Members of the Lomita Royal Neighbors Lodge will go to Bellflower tonight to attend the district meeting. A style show of the days of the "gay nineties" and a costume parade representing various countries, will be a large part of the program.

AMBULANCE SERVICE

Of Special Interest to Women...

SCOUT NEWS BOY SCOUTS OF AMERICA

TROOP NO. 3

No meeting of Troop 3 will be held tomorrow night, Armistice Day, but the troop will take part in the parade during the day sponsored by the Bert S. Crossland Post in observance of the day.

TROOP NO. 4

November 3 was the regular troop meeting for Troop 4. On account of sickness there was a small turnout. A knot-tying contest was won by the Beaver patrol. There were a few contests and games. The meeting was then closed by Scoutmaster Bradford.

COUPLE MARRIED 71 YEARS

JACKSON, Mich.—(U.P.)—Mr. and Mrs. James S. Spencer have been married three score and 11 years. They were wedded in Manchester, October 15, 1861. Spencer, a veteran of the Civil war, was wounded in the siege of Knoxville.

Of Special Interest to Women...

In the good old days women wore what, wore well. One's "everyday" shoes were sturdy things with soles that could take the raps of the roughest pavements. But today all women's shoes are things of beauty, and wearing qualities must be hidden in the graceful lines of current vogues.

It is small wonder then that women have no patience with the average repairman. To the "old school" repairman a soiling job is a soiling job, and a dainty pair of pumps is just another pair of shoes. But in this modern shop a revelation awaits you.

We are Skilled Rebuilders. And rebuilding means restoring a shoe to its original condition. Here you get new shoe appearance with old shoe comfort.

Why not look through your closets today? Bring out those worn and shapeless shoes that you've retired from service. Let us do a rebuilding job on them. You'll be tickled to death with the results and be able to buy yourself a real good hat with the money we'll save you on your shoe bill.

Yours very truly, Dave Hoffman, Master Shoe Maker, 1501 Cabrillo, Torrance.

P. S.—And may we also remind you of our special application for children—sturdy as you like, but never stiff or tight (so frequently complained of in children's repairing).—Adv.

ELEMENTARY SCHOOL DOINGS

Troop No. 3 of the Boy Scouts of Torrance, under the leadership of Geo. Bradford, assistant scoutmaster is to present the following Armistice Day program at the Torrance elementary school, Thursday, November 10:

- 1. The Call to the Colors. 2. The Flag Salute. 3. Song, "America the Beautiful," by School. 4. Flags of Other Lands. 5. History of Armistice Day. 6. Song by the Scouts. 7. Taps.

The Torrance elementary school gave generously to the support of the community chest this year. The contribution of the children totaled \$9.70, that of the teachers \$170.00, making a total of \$179.70, while is 47 per cent greater than that of last year. The greatest benefit received by Torrance from the chest is the large annual donation to pay, for free milk given through the Tenth District P. T. A.

Lomita V. F. W. Post Installs Officers

LOMITA.—Veterans of Foreign Wars, Post No. 1622, installed new officers at a meeting held in their hall on Lomita boulevard Tuesday evening, November 8. William Straub was installed as commander, succeeding Norman Gardiner. Other officers are Norman Herr, senior vice commander; Joseph Slate, junior vice commander; Howard Bosa, quartermaster; L. H. Gillies, adjutant; F. L. Andrews, officer of the day. Past Commander L. M. McClary acted as installing officer.

Contracting Co. Asks More Pay For Street Work

Claim Reimbursement for Excess Fill on Amaranth Avenue

Efforts of the Peck Contracting Company to collect additional money for fills made in excess of those indicated on the profiles in the contract for Vermont avenue and Amaranth avenue met with refusal this week by the county board of supervisors with receipt of an opinion from the county counsel's office.

The controversy arose over dirt fill placed in an abandoned brick yard on Amaranth avenue. The profiles, it was stated, did not show the actual fill required, and it was greatly in excess of that indicated on the profiles. As a result, the contracting firm bought additional dirt and trucked it to the brickyard.

It was pointed out by the county counsel that the contractors did not visit the actual site of the fill to check it with the profiles before accepting the contract. When excavations were made for Vermont avenue, there was excess earth and this the contractor spread along the highway, while it could have been dumped at the brick yard, the county counsel contended. The opinion held that the supervisors were not liable.

Miss Ruth Beckwith and Miss Gloria Wright of Long Beach were week-end guests of Mrs. Melvina Beckwith of 1322 Engracia avenue.
