Mr. and Mrs. Armand Chase of Los Angeles were week-end visitors.

Mrs. J. E. Haggard left yesterday afternoon for her former home at Nevada, Missouri, where she will join her mother on the occasion of her 85th birthday. A family reunion has been planned.

Appoints Opponents to Office
DALLAS, Tex.—(U.P.)—Fred Cullum, Dallas county tax collector, has appointed two men who run against him in the Democratic primaries deputies in his office. They are W. S. Skiles, former county clerk and city tax assessor and collector, and Hugh Haralson.

TROOP NO. 3

By PHILLIP JENSEN

The meeting of Troop No. 3 last Friday, January 6, was conducted by Assistant Scoutmaster Albert Bartlett.

Scoutmaster Robert Lewellen and District Commissioner W. T. Jones gave talks on Boys' Week and an outline of what it is for and what is to take place during that week.

On Boys' Day the Scouts will be placed in different city offices and are going to run the city for a day. Only Scouts with uniforms can hold office.

The troop is going up to Big Pines for Saturday and Sunday, February 4 and 5. During the week different things are to take place. Also there will be a parade. The troop is organizing a drum and bugle corps.

On Friday night, January 13, Troop 3 held its annual installation of officers. The new patrol leaders are James Miller, Flaming Arrow patrol; Roland Brown, Pine Tree patrol; James Coil, Stag patrol; Phillip Jensen, Black Bear patrol; LaVerne Jones, Tiger patrol.

Friday night, January 20, the monthly rally was held. There was much competition, and the contests were won by Louis Zamperini, Joe Bay, James Miller and Wayne Kaufman.

The Flaming Arrow patrol won the rally. Many badges were given out at this meeting.

TROOP 4

The meeting of January 19 was called to order by Roger McGinnis. Owing to weather conditions, inspection was cancelled. Mr. Bradford made a few announcements. After the announcements a number of games were played. The meeting was closed by Roger McGinnis and Carl Paxman.

There are still a few vacancies in the troop and therefore, any boy, 12 years of age or over, who is interested in scouting is cordially invited to attend a troop meeting on Thursday nights at 7:30 o'clock.

EAGLE NEST NEWS

On Monday, January 23, the Eagle Nest held a meeting at the Scout hall. A charter is going to be drawn up. The meeting was called to order and plans for the future were discussed. The meeting was closed by La Verne Jones. The next meeting will be held on February 6. All Eagle Scouts of Torrance are asked to attend this meeting. This includes Eagles who are not active Scouts.

Cemetery Protests To Be Heard Monday

Property owners desiring to protest the establishment of two cemeteries one south of Compton and the other south of Harbor City, today were notified that public hearings would be held at 10 o'clock next Monday morning before the board of supervisors on the fifth floor of the Hall of Records, in Los Angeles.

The Compton cemetery permit is sought by R. C. Mason and Company, Ltd., while the Harbor City permit is sought by C. Vernon Snider of Long Beach. Snider was granted a permit for an adjoining tract last May.

Compton residents recently succeeded in protesting out a cemetery north of the city, and another one proposed for west of the city.

Excitement Kills Farmer

BROWNSVILLE, Pa.—(U.P.)—When Gustave A. Schiller, about to butcher a cow on a farm near here, fired a rifle at the animal, Schiller, instead of the cow, dropped dead. Excitement over the butchering was blamed for Schiller's death. The bullet missed the cow.

TRADES PRUNES FOR SUIT OF CLOTHES

The spirit of barter is spreading swiftly in Pacific coast regions, and here is an example of how it works. J. Thieleman, Santa Clara, Cal., valley worker, is offering a box of prunes to Miss Lascette Flowers in exchange for a much-needed suit of clothes. The county unemployed relief council acted as the medium of exchange.

Western Firm Acts "Farmocracy" While Others Discuss Technocracy

While others have been talking farm aid, the forgotten man, and technocracy, a western food distributor has been acting "farmocracy," Ralph Pringle, divisional manager of Safeway-Piggly Wiggly stores of Southern California, revealed yesterday.

During the past 14 months, Safeway-Piggly Wiggly stores in the 11 western states, have cooperated with the western producers in nine concentrated drives to reduce the surplus crops of the farmers, strengthen the growers' market, and convert bumper production into cash.

In these grower-consumer campaigns, more than 250 tons of pork, 120 carloads of lamb, 40 cars of California and Arizona grapefruit, 22 cars of beans, 6000 sacks of rice, 88,000 lugs of California cling peaches, 95 cars of western flour, 77 tons of Oregon prunes, and 72 tons of walnuts have been moved from the western producer to the consumer through Safeway-Piggly Wiggly stores in drives averaging ten days each.

Central California raisins will be the first item in the grower-consumer campaigns for 1933, Mr. Pringle announced, constituting an effort to help the San Joaquin valley producers to move their 200,000 ton 1932 raisin crop.

Homemakers' Bureau

Mrs. Marie Johnson, who was awarded \$1875 in a damage suit against E. L. Doheny for injuries incurred in a southern California traffic accident. She sued for \$11,216.

Oranges and grapefruit are popular with all members of the family as well as suitable for all forms of entertaining. Can you feature what the world today would be without its plentiful supply of these fruits? It does not seem possible that not so many years ago, one precious orange was peeled, divided into sections and doled out to the family almost like candy. Today these appetizing fruits are served two or even three times each day.

Few of us consider the day well started unless we have had our glass of orange or grapefruit juice, or for variety, the juice of a lemon in a glass of water—hot or cold. If you have never tried this, you have a real treat in store for yourself and family.

Since the elusive vitamins have been corralled, we know how extremely important these fruits are, not only to tone up the entire system, but for the proper development of the bones and teeth of our children. This is such a "pleasant to take" health protection that there is no persuading the family to take big doses.

A French dressing made with orange juice and a little shredded cocoonut is delicious and lovely with a fruit salad. The standard cabbage salad becomes extra standard with the addition of sections.

Motor Is Stolen From Welding Shop

For the second time in three months the premises at 1827 213th street, now occupied by White's welding shop, was burglarized Thursday night of last week, and an electric motor taken. The place was looted in November when occupied by the P. & W. machine shop and a quantity of electrical material stolen which has since been recovered.

Traffic Toll Decreases

DALLAS, Tex.—(U.P.)—The traffic toll in Dallas, reduced from 85 persons in 1931 to 59 in 1932, is on the decline because of closer supervision of traffic, City Manager Ely reported to the council.

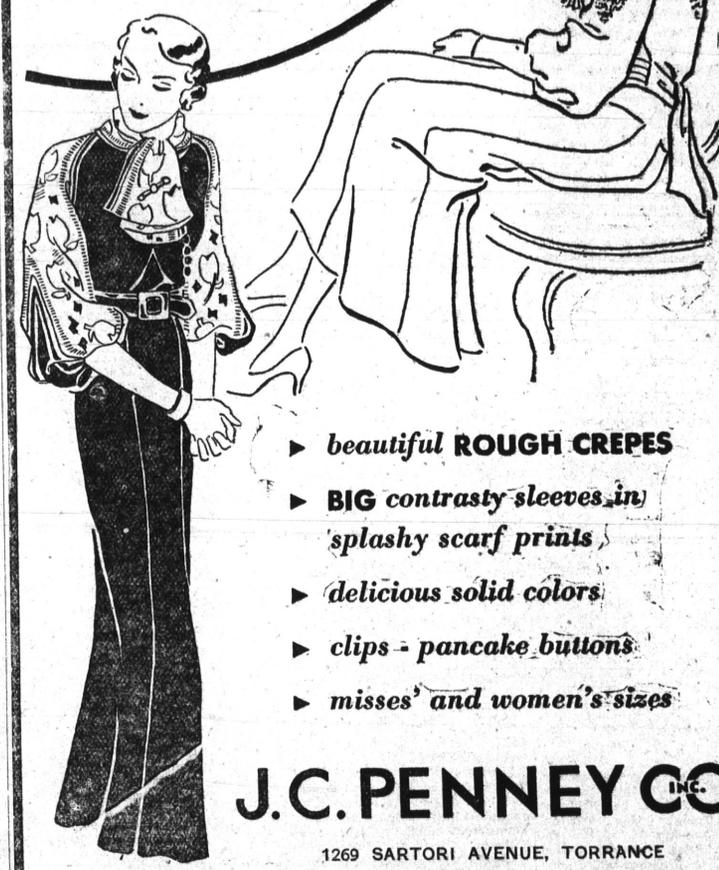

Free Lunch

LOS ANGELES.—(U.P.)—Parent Teachers associations and interested citizens maintained 65 school cafeteria kitchens during the Christmas holidays to serve free lunches to needy children throughout the city.

Special Deputies Under Traeger To Lose Their Badges

Prominent residents of Torrance, who possess special deputy sheriff badges issued under the administration of former Sheriff W. I. Traeger, may be interested to know that their badges are worthless. There are approximately 4500 such metal pieces in the county.

Torrance Third In California

Building permits issued in Torrance in December, 1932, placed this city in the front rank among municipalities in the United States for that period. Torrance stood third in California, with permits amounting to \$452,300, Los Angeles second with \$865,476, and San Francisco first with \$2,153,727. This city was listed as No. 11 in the United States. Six cities in California were included in the list of 25 reporting the largest volume of permits. Torrance's excellent showing was due primarily to the issuance of a permit to the General Petroleum Corporation for its building activities in this city.

Good News For Folks Suffering With Sore Feet

Chicago Foot Expert to Give Free Demonstrations at Sam Levy's Fri. Feb. 3

"How to have foot comfort" will be explained and shown by a foot comfort expert from the Chicago staff of Dr. Wm. M. Scholl at a special demonstration, Friday, February 3, at Sam Levy's, 1311 Sartori avenue, Torrance.

"This is the most important demonstration of its kind ever held in Torrance," said Mr. Levy, "and if you have foot trouble, no matter how painful or long-standing by all means attend this special demonstration on February 3. If you really want to know how good your feet are, there is probably a big surprise awaiting you when you see the actual prints of your stockinged feet taken on the Podo-graph—the ingenious, automatic recording apparatus used by foot experts at Sam Levy's for detecting foot weaknesses such as fallen arches, metatarsal trouble, callouses, proper shoe sizes, etc. Only three people out of ten have normal health feet. The other 70 per cent have some phase of foot trouble that needs correction, Mr. Levy says.

Free Gifts

To all who call at Sam Levy's store on Friday, February 3, the following gifts will be given without charge or obligation:

1. Podo-graph prints of your stockinged feet which reveal their exact condition;
2. Complete test and analysis of your feet and advice as to the proper shoes for them;
3. A demonstration on your own feet of how the Dr. Scholl Appliance or Remedy you need gives you relief;
4. Sample of Dr. Scholl's Zino-pads for Corns, Sore Toes, or Tender Spots.
5. Booklet on care of the feet.

Silver Fox Is Shot

SHERWOOD, Ore.—(U.P.)—Jerome O. Hodger enriched the family coffers and killed a thief recently when he stepped from his doorway and shot a full grown silver fox as the animal was carrying off a bantam hen.

Cattle Rustlers Quit

RELEVOS, Wash.—(U.P.)—When livestock men organized the Cow-It's Livestock Association and posted a \$100 reward for the apprehension and conviction of cattle thieves, a marked decrease in the number of thefts was noted.
