

**Comforts of Home In Mountain Camp**

Mr. and Mrs. William Eischen, Mr. and Mrs. John Young and son, John, 1691 Gramercy avenue, who have been camping near the Devil's Posthole on the San Joaquin river in the Mammoth Lake region, write that they have spent a wonderful two weeks vacation so agreeably that all want to go back for a return visit. Hiking and fishing were the main sports, with 60 trout as the record for one day's catch. All the comforts of home were supplied in camp with hot water from the boiling springs and cold from the icy stream which flowed past their tents.

**Wooden Quarters Become Popular**  
ABERDEEN, Wash. (U.P.)—The wooden money business is proving profitable for one Aberdeen lumber mill.

The plant milled 12,000 quarters in one month to commemorate the visit of "Old Ironsides." Collectors from all over the United States sent for specimens. Two American Legion posts, at Bremerton, Wash., and Klamath Falls, Ore., had 11,000 of the "coins" made for use at celebrations.

The money is about the size of a half dollar, has a mill edge like regular coins and is made from durable dogwood.

**New Manager In Charge At Lomita Bank**

A. F. Franklin, well known to Lomita citizens because of the fact that he formerly was assistant manager of the Lomita office, California Bank, has been named manager there, according to announcement made today by W. H. Thomson, executive vice president. Mr. Franklin, who has been manager at the Terminal Island office, succeeds F. W. McMullen, resigned.

Mr. Franklin came to California Bank in 1923, after 20 years of Canadian banking experience. He was made an assistant manager that same year, and in 1929 was made manager in charge of the Euclid-Lorena office. In 1931 he was transferred to Terminal Island as manager.

"We are pleased with being able to announce the return of Mr. Franklin to Lomita," said Mr. Thomson today. "He comes back with the additional experience in California Bank methods gained by five years in a managerial capacity in various communities."
