

Special Court Order Needed to Permit Operation

A special act of the superior court was necessitated in order that William L. Johnson, 14-year-old Gardena high school boy, might undergo an operation late last week at the Orthopaedic hospital in Los Angeles.

Before the hospital would perform the operation, which resulted from injuries received in a football game, the consent of a guardian was necessary. It was stated as the boy's father is dead and his mother is confined to a hospital, his grandmother, Mrs. Nora L. Bacon, filed the necessary petition in probate court. Less than an hour after appointing her as William's guardian, and the hospital proceeded to perform the operation.

The injuries consisted of a broken shoulder and collar bone, and the court was told the operation was necessary immediately in order to save the boy's life.

HOSPITAL NOTES

Lloyd E. Crown, 691 Esplanade, Redondo Beach, underwent an operation for appendicitis, November 2.

N. Yanukawa, of Gardena, whose car overturned as he was starting on a fishing trip, had his hand and arm badly skinned and his fingers crushed so badly that one required amputation on November 4.

CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" is the subject of the Lesson-Sermon on Sunday in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston.

Among the Bible citations are the verses from Job: "And Job spake, and said, Let the day perish wherein I was born, and the night in which it was said, There is a man child conceived. . . . For my sighing cometh before I eat, and my roarings are poured out like the waters. For the thing which I greatly feared is come upon me, and that which I was afraid of is come unto me. . . . Then Eliphaz the Temanite answered and said, . . . I would seek unto God, and unto God would I commit my cause. . . . He shall deliver thee in six troubles: yea, in seven there shall no evil touch thee."

One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Human experience in mortal life, which starts from an egg, corresponds with that of Job, when he says, 'Man that is born of a woman is of few days, and full of trouble. Mortals must emerge from this notion of material life as all-in-all. They must peck open their shells with Christian Science, and look outward and upward.'"
