CHRISTIAN SCIENCE CHURCHES

"Substance" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from Isaiah: "Behold, God is my salvation; I will trust, and not be afraid; for the Lord JEHOVAH is my strength and my song; he also is become my salvation."

Among the Bible selections in the Lesson-Sermon are the verses from the epistle to the Hebrews: "Now faith is the substance of things hoped for, the evidence of things not seen. . . . By faith Moses, when he was come to years, refused to be called the son of Pharaoh's daughter; . . . esteeming the reproach of Christ greater riches than the treasures in Egypt; for he had respect unto the recompense of the reward. By faith he forsook Egypt, not fearing the wrath of the king; for he endured, as seeing him who is invisible."

A passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Faith, if it be mere belief, is as a pendulum swinging between nothing and something, having no fixity. Faith, advanced to spiritual understanding, is the evidence gained from Spirit, which rebukes sin of every kind and establishes the claims of God."
