Home Co-Operation Suggested In Campaign Against Dishonesty

In an effort to reduce petty dishonesty among students at the high school, the school authorities, assisted by teachers and the students themselves, are putting on a campaign for education in sportsmanship and fair play. The student control board, Varsity Club and other groups

aid by patrolling the grounds and buildings, putting on contests in athletics, oratory and other types of activity which foster the spirit of fair play and mutual respect.

The campaign has met with considerable success, and the response is better than expected. The co-operation of the parents is suggested in the following appeal of the school authorities:

"In the present epoch of world development, our younger people are accustomed to hear from their elders, continual expressions of doubt as to the honesty of most Americans holding public office. Unfortunately, this discussion is often coupled with outspoken envy and admiration for those who can get away with it."

"The natural result is a lowering of the standards of personal honesty among the members of the rising generation, who long to emulate these figures that occupy the 'lime-light.' Therefore, we find a great deal of petty thievery among children of school age, who yield to temptation, thinking their actions blamable only if they happen to be caught."

"Teachers and parents must work together on this problem, since the portion of a child's life spent in his school environment is commensurate to that spent among his family and friends. The school influences must be supplemented and extended by home training. Children must be taught that honesty begets self-respect; and the child who learns to test his actions by the Golden Rule will soon be a benefactor. But children must also learn to defend themselves against dishonesty, as they will have to do when they become adults—that is, by taking good care to guard their own possessions."

"Young people have also the responsibility of helping their fellows to become honest citizens; first, by setting an example of perfect honesty and truth; and second, by being careful not to throw temptation in the way of others, especially those known to be weak in this respect."

"The American home and the American public school together, must ceaselessly strive to raise the standard of honesty in American life; only so can our citizens be worthy the respect of themselves, their fellows, and the other members of the coming family of nations."

Oil Rig Destroyed By Fire Sunday

The Torrance fire department was called out at 1:35 a. m. Sunday to fight a fire at Rig No. 7, Kite & Pagers property located on 23rd street near Narbonne. When the firemen arrived, the oil rig was beyond saving and they confined their efforts to protecting other property in the vicinity. The blaze is said to have been caused by friction from a slipping belt. A neighbor who turned in the alarm reported that he saw the light from the blaze but before he could get out of his house, the flames had shot up over the crown block. The oil-soaked rig was destroyed within a few minutes.

Have You SECURITIES that do not PAY?

Why hold depreciated Building and Loan Certificates, or any other investments that have reduced their interest and in some cases defaulted entirely, when you could re-employ your funds in other holdings that are now paying a cash monthly return with the possibilities of income over a period of years? We invite your inquiry, without obligation on your part, as to how we have helped others in re-investing funds tied up in frozen or inactive accounts into other investments we believe offer far greater future possibilities.

Revival Services This Week

The "Trailblazers," singing evangelists, are holding revival services this week at the Foursquare Gospel church. They are Dorothy McIntosh, Wayne McIntosh and Robert Lyon, well-known singers and speaker. Services open at 7:30 o'clock. The public is invited.

rights already granted it to draw water from behind Boulder Dam. In fact, original plans did not call for building Parker Dam until a later date, but in order to relieve unemployment and because certain engineers believed it would be advisable to build Parker Dam during the storage period at Boulder Dam when the water level would be sub-normal, it had been decided to undertake the construction of the lower dam at this time, but it is not essential for the present operation of the aqueduct, Kinsey said.

Cost Loss
In reviewing the history and progress of the aqueduct, Kinsey stated that the cost had been estimated from \$220,000,000 originally estimated to about \$206,000,000. We have found that our estimates, both as to cost of materials and labor were high. Work is also proceeding faster than was estimated, he said, and that already commitment for \$115,000,000 have been made.

Civil Service Training Offered

A new unit of commercial training will be offered to men and women students in the business training classes now offered at the Torrance high school. The new class will offer preparation for civil service examinations and will start Monday, May 13, for a six week course. Instruction will be given daily from 8 to 12. Lists of pending examinations for federal, state and county positions are posted in the classroom for the benefit of students, and all possible assistance will be given those who enroll in the class.

Fenders Bent In Collision

Oscar Pence, 1936 California avenue, Long Beach, reported to police that his car had been damaged by collision with a garbage truck on Cravens avenue early this morning. The two fenders on the left side were crumpled. The truck was driven by Lena Andrews, 2405 Carson street, who stated that the car was attempting to pass the truck when the accident occurred.

MRS. DOWELL PRESIDENT

Mothers Auxiliary to Troop No. 4, Boy Scouts of America, held their regular meeting Wednesday evening at the home of Mrs. Chas. Johnson, 2308 Sonoma avenue. The officers for the ensuing year were elected as follows: Mrs. G. A. Dowell, president; Mrs. Bertha Crook, first vice president; Mrs. Sarah Steadman, secretary and treasurer.

AMATEURS are wanted for LEGION SHOW

Amateur talent for a Legion-sponsored vaudeville show, to be given some time soon, is wanted for try-outs at the Legion clubhouse next Tuesday evening, May 15, says T. T. Babbitt, 1318 Portola, who is in charge of the show. Six snappy amateur acts are wanted. All local would-be thespians are invited to come out and try for places. Mr. Babbitt's telephone is Torrance 43-7. A call to him will bring all necessary information. Compensation will be given for all acts accepted. The show will be staged at the Torrance theatre, and in connection will offer a good feature film as well as numbers by the Torrance Symphonic orchestra, and the six vaudeville acts. It is the intention to have a Legion night of this type at regular intervals.
