

Double Header Sunday

Longshorem Tame All Stars In Half of Twin Bill At Municipal Park

Jack Saunders' All Stars could get no further than the first inning Sunday afternoon when they murdered Alvarez' shoots for a total of three hits, three walks and five runs.

The San Pedro Longshorem nibbled away at the Torrance lead until they had cut it down to 5-4 in the eighth. In the ninth they slapped Elder, who relieved Paxman in the sixth, for four hits and two runs, the final score 6-5 in favor of the visitors.

Pax was hit freely but good fielding kept the score down. The game was fast and interesting all the way. The Thornton Used Car team played the second half of a double header against Harbor City, and won, 7-6, in 11 innings.

Next Sunday the All Stars will meet the North Long Beach outfit in a regular league game. So far the boys have won five and

Ashton Goes To Camp Perry In September

Torrance Police Will Have Representative at National Pistol Matches

Traffic Officer Ernest Ashton will represent Torrance at Camp Perry, Ohio, next September when police officers from all parts of the country will gather for competition in revolver matches.

Ashton was selected to make the trip, for which funds were provided by action of the city council at its last meeting, because of his proficiency as a marksman.

The average scores made by members of the Revolver and Rifle Club members of Torrance for the month of May are as follows:

Table with 2 columns: Name and Score. Includes names like Eckersley, Ashton, Drake, Calder, Schumacher, Barnett, Stroth.

At a recent meeting of the league officials the ante for admission was boosted from 15 cents back to the original figure of 20 cents.

It keeps one man busy at the night games answering the call of the little red light that glows when the glims are about to go out for the lack of dough.

With the first quarter ended, the league moguls finally got their schedule made up and the teams now know who and where they will play until the end of the season.

Torrance has 13 home games listed, of which all but two will be league games and the others fillers.

There is a prospect that Downey, which has lost six straight, may drop out of the league.

The Bluebirds played Pete Hargis and the Huntington Park outfit off their feet last Tuesday night, winning in the 11th, 4-2.

Taylor pitched for the Birds and gave up a hit in each inning but three, but the boys were in there to play ball and gave Joe perfect support.

Hargis blanked the Birds until the seventh. The score was 2-0 against them when Moon hit a two-bagger and scored on Wehler's miff of Forney's single.

In the ninth the Birds tied up the score and were turned back on a sparkling rally in the tenth. Their break came in the 11th when Moon led off with a hit, Landreth was fared out on Forney's single and Fabregat whiffed for the second out.

Hoblemann was safe on a fielder's choice. Forney scored on Walston's misplay on Mitchell's

Track season is over as far as most athletes on Torrance high's team is concerned. The Marine league finals were held last week, and only about 11 boys and the Tartar relay team will be able to compete in the preliminary meet held tomorrow afternoon.

Field trials once believed to be impossible for anyone to throw the 16-pound shot much farther than 55 feet. Then came Jack Torrance, excelling his own record by tossing the shot 57 feet time after time.

Coach Moore attributed Torrance's success to big hands, powerful wrists, and body strength. Torrance's hand measures 8 and 5-16 inches from the heel to tip of the longest finger. It was there that Torrance found the power to "flip" the shot farther than opponents. Friend's hand measures 8 and 3/4 inches.

Torrance is 6 feet 3 inches tall, weighs 208 pounds. Friend stands 6 feet 4 inches tall, weighs 254 pounds. When a freshman Torrance put the shot only a little more than 42 feet in competition. Friend has thrown it more than 47 feet in competition.

Zamperini Will Try For Low Mark In All City Track Meet

With the close of the Marine League track season, most of the Tartar squad turned in their suits last week to await the coming of next spring before cavorting around on the cinder path and field.

Louis Zamperini, world's champion miler, will probably be the only Tartar contestant and Louis is competing for two reasons, to attempt to set a new low mark, which will be the record for the All City meet, and to keep in condition for the A. A. U. meet which will be held in San Diego June 21-22.

Louis will have little competition in the All City meet except from Madrid of Belmont, who set the pace in the Southern Cal finals for most of the way and finished fourth. There is some talk that Phil Graves of Hollywood, who was an easy first in the So. Cal 880, may switch to the miler.

Graves would probably like to match strides with the world's champ, and will be able to give Louie some competition, but so far this year he has never run the mile under 4:30 which is not quite fast enough to take the champ's measure.

Hubert Luck, who has had a lot of hard luck this season, which robbed him of his chance to set up a record mark in the 400, may enter the All City, preliminaries for which will be held tomorrow.

SPORT SHOTS

By Bob Lawellen

A few Sport Shots . . . I would like to see the city of Torrance, through their playground department, set up a summer schedule, of activities with Coach Bernie Donahue, of Torrance high school in charge.

Coach Bernie Donahue, of Torrance high school in charge. Bernie, who is well liked by every boy and girl in the city, would be glad to assume the summer program for the playground department . . . Torrance needs a junior rifle club, for boys under 18 years old. Many boys in the city own 22 rifles and would like to have a place to safely fire them.

The Revolver and Rifle club of Torrance could sponsor such an organization . . . Spring football is under way at the local school, and according to Coach Donahue, the material for the fall season is great. Torrance may produce another championship team . . . Spud Murphy, manager of the Torrance Bluebirds, has a great team this year, but needs a chucker that can whip the ball over. Spud Murphy needs the support of the town more this year than ever before.

Baseball fans should get behind the Birds and back them to the limit, instead of making a joke of the team. Spud says that he will have a winning combination before the year is over. For the last two years fans stayed away from the game because Torrance always won with ease, this year they stay away because they are losing with ease. "What do the fans of Torrance want?" Let's get behind Spud and back our local team.

Here are the records of the Marine league (varsity) track and field.

Coach Bernie Moore of Louisiana State University, trainer and coach of the great Jack Torrance, believes he has found a boy who can and will excel Torrance's shot put records. The find is Benny Friend, freshman at L. S. U.

Birds Down Downey

Rush of Hits and Runs In the Closing Innings Give Home Talent Second Win

Coming from behind in the last half of the eighth inning last Friday night, the Bluebirds downed Downey 12-10 at the municipal park, for their second win of the season. The visitors gave Robbie Robinson a five-run lead in the second inning when they fell on George Leech for

plenty of hits, one of them a homer. Leech retired in favor of the kid pitcher, Krattfoll, who lasted until the seventh when Van Viet stepped in to hold the Downeyites down.

The Birds showed a determined attack and after the third scored in every inning. The game was all square in the fifth when Downey added a run to make their count six to the Bluebirds two. In their half the Birds rallied to drive in four runs, but lost their advantage in the next frame when Downey scored three and Torrance two. Both sides added one in the seventh but the blowoff came in the eighth when the Birds scored three and Van Viet held the visitors runless.

Joe Taylor was on third in place of Russ Painter who lost his goat and his job with the Birds on Tuesday. Big Landreth replaced Big Bryant at first. The change seems to be favorable to the infield as these two old heads are steady as clocks. With Red Moon and Vonderah supplying the pepper and Taylor and Landreth the stability it looks as if the infield will function without so many blowups.

Landreth takes things easy at first and hasn't missed a trick so far. His ability at bat is a big help to the team. The big boy has the faculty of calling his shots and can pretty near put the ball where he wants it every time he comes to bat. With a man or two on base this is a big item. In the Hollywood game Landreth popped two nice singles through holes in the infield.

The Birds have the sweetest hitting team they have ever had and if they had a chucker who could deliver the goods would be

batting the leaders on even terms. Manager Spud Murphy has had many disappointments on this angle as he has negotiated with a number of good men only to have them sign up with an outside club. However, he is still on the alert for a pitcher who can make good in fast company.

The Birds will return to the home lot tomorrow night for a return tilt with the San Pedro Stars.

COLORED GIANTS WIN The Los Angeles Colored Giants nipped the Lomita Merchants, 12-3, in a game on the Lomita field Sunday. A record crowd watched the exhibition. Davenport and Patalano pitched for the locals.

WOMAN LEARNS her husband is WEREWOLF

She thought she was keeping a rendezvous with her husband—and discovered she was meeting a wolf.

This is one of the most weird and sensational scenes in Universal's new horror thriller, "Werewolf of London," which comes to the Torrance Theatre next Tuesday and Wednesday with Henry Hull, Warner Oland and Valerie Hobson in the leading roles. This is a scene such as has never before been placed upon the screen, or even thought of. It is the climax of this spookiest of spooky films which was directed by Stuart Walker from a story by Robert Harris, based on the legend of the werewolf—a creature half man and half wolf which becomes the hairy, blood-thirsty animal each month during the full of the moon.
