

Lower Taxes On Automobiles Under New Law

New State Tax Based On Flat Rate of the Valuation

Automobile taxes of persons residing in most of the incorporated cities of Los Angeles county will be less under the new Riley-Martin state tax, while for persons in unincorporated areas it will be higher, County Auditor H. A. Payne explained Tuesday.

The new state tax which abolishes the county personal property tax on automobiles, will be based on a flat rate of \$1.75 per \$100 valuation.

The valuation will be the current Blue Book rating.

The discrepancy in the city and county rates under the new law, Payne explained, will result from the fact that the Blue Book values in most cases, is more than twice the present assessed valuations, while the \$1.75 is about one-third of the average tax rates paid by residents of cities in the county, but slightly higher than rates in unincorporated territories.

Under the new setup, the county will lose approximately \$3,000,000 in annual revenue. The state will return 25 percent of automobile tax collections to the cities and 12 1/2 percent to counties, which will net Los Angeles county an estimated \$700,000 annually, as compared with \$4,000,000 collected this year under the personal property tax.

Five Firestone Sons Are Princeton Graduates

Mr. Harvey S. Firestone with his five sons, all Princeton graduates. Left to right: Leonard, Raymond, Roger who was graduated June 18, Mr. Firestone, Harvey, Jr., and Russell.

PRINCETON, N. J.—Mr. and Mrs. Harvey S. Firestone and their four oldest sons, who are all alumni of Princeton University, were present here at the graduation of their fifth and youngest son Roger, last week.

To have five sons receive degrees from a university such as Princeton is a most unusual event and Mr. and Mrs. Firestone appeared particularly happy on this occasion. The eldest son, Harvey, Jr., was graduated in the class of 1920; Russell, in 1924; Leonard, in 1931; Raymond, in 1933; and Roger, this year.

Roger in his junior year won the unusual honor of being elected to membership in Sigma Xi, national honorary scientific society, and this year at a meeting of the American Physical Society in Washington there was presented a scientific paper in original research of which he was the co-author. For the past two years he was coxswain of the varsity crew.

At the class day exercises last week he was awarded the Biddle Medal "for good sportsmanship."

"Aside from their scholastic records it is especially gratifying to me to know how well their classmates thought of my sons," Mr. Firestone said. "Roger was the fourth to be voted by his class as 'the man most likely to succeed.' I am happy to say that our four older sons are associated with me in the Firestone enterprises and that Roger, after certain post graduate work will join them with me."

Broom Turns Up \$150

LEWISBURG, Pa. (U.P.)—While street sweeping isn't a well paid job, William N. Rohrer finds it lucrative at times. A vigorous push of the broom recently revealed a silver half dime which a numismatic concern told Rohrer was worth \$150.

Mrs. Bevers Hurt In Accident

Mrs. Rollie Bevers, 2934 229th street, South Torrance, was treated at the Jared Sidney Torrance Memorial hospital Saturday, for cuts about the head received in an auto accident. Mrs. Bevers and her 19-month-old daughter Joyce, were driving north on Arlington avenue, when a collision occurred at the intersection of Sepulveda and Arlington. Howard Feranz, El Prado apartments, is said to have been the driver of the other car.

France to Get Plans For 22 Zephyr Trains

PHILADELPHIA, (U.P.)—Engineering plans for 22 two-car streamlined trains to be built in France are being drafted by the Edward G. Budd Manufacturing Company.

The trains, to cost approximately \$1,200,000, will be constructed by the State Railways of France, which has been licensed to use the Budd Process of fabricating stainless steel.

Officials said the trains will incorporate the best features of Zephyr models and the Flying Yankee built in the United States. Work of drawing the engineering plans is expected to continue for two months.

Strong Measures Are Needed Here

Fifteen boxes of red garlic may have been strong enough to walk away by themselves, but T. Faneski, 3734 Riverside-Redondo boulevard, from whose premises they disappeared Sunday, claims they had assistance. Police, to whom he brought his complaint, are sniffing about, and regard with a suspicious nose any person who carries a whiff of the elusive aroma. Faneski says he is out \$45 on the deal.

STEPHENSONS ON TRIP EAST

Mr. and Mrs. A. D. Stephenson, 1608 Post avenue, are leaving this week for a motor trip to Pennsylvania, where they will visit relatives and friends for a month. They will be accompanied as far as Loveland, Colorado, by Mrs. J. J. Benner and two children, where Mrs. Benner will attend the wedding of her sister. They will return to Torrance in about six weeks.
