

### Crossing Guards Project Approved

According to information received at sub-station No. 3, sheriff's department, the employment of school crossing guards has been approved as a WPA project, and the guards will be put into service immediately. Wages will be \$55 a month for a 30-hour week. "Now maybe the P. T. A. will stop calling us up," said the desk sergeant. "One night after a P. T. A. meeting, we received 40 calls in half an hour. The guards will soon be in service,

**CHRISTIAN SCIENCE CHURCHES**

"Soul and Body" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from Lamentations, "The Lord is good unto them that wait for him, to the soul that seeketh him."

One of the Bible selections in the Lesson-Sermon cites Paul's words to the Corinthians, "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens. Therefore we are always confident, knowing that whilst we are at home in the body, we are absent from the Lord: (for we walk by faith, not by sight;) we are confident, I say, and willing rather to be absent from the body, and to be present with the Lord."

The Lesson-Sermon includes also this passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Become conscious for a single moment that life and intelligence are purely spiritual,—neither in nor of matter,—and the body will then utter no complaints. . . . Sorrow is turned into joy when the body is controlled by spiritual life, 'Truth, and Love.'"

### Thanksgiving Day Services

### Chevrolet Has Unprecedented Sale of Cars

Forces Capacity Production in All Manufacturing and Assembly Plants

Capacity production is in order for all of Chevrolet's manufacturing and assembly plants, located strategically in all parts of the United States, as the unprecedented demand continues for new cars of Chevrolet's 1936 Master de Luxe and Standard lines, reports F. Norman Phelps, zone manager, to Ed Thompson, Torrance Chevrolet dealer.

Sales and deliveries of the new cars, during the first ten days of the month, broke all records for any corresponding period as well as set a new high figure for ten day sales following the introduction date of any previous new models.

"New cars are being shipped daily to dealers throughout the zone to meet the demand for the various models. The widespread and enthusiastic acceptance of the 1936 Chevrolet is substantiated by the sales of 1,088 units in the Los Angeles zone during the first ten-day period, a record-breaking figure," Phelps declared.

"The sensational public acceptance of the new cars shows that the public agrees with us that the 1936 Chevrolet is the finest we have ever introduced. Increased beauty and luxury, greater safety and economy, and finer performance characterize both the Master de Luxe and Standard series, with both lines having the perfected hydraulic brakes, and the solid steel turret-top bodies by Fisher."

Making immediate deliveries, the Chevrolet dealer organiza-

tion is looking forward to the highest volume of Christmas sales in history, the prediction being based on three points—the excellence of the new cars; the timeliness of their introduction, just before the Christmas buying season; and the fact that the General Motors Acceptance Corporation's new six percent plan reduces to a new low figure the outlay required to own and drive a new motor car.
