

Hawaii Has Two Anthems HONOLULU. (U.P.)—Hawaii enjoys two national anthems. The Star Spangled Banner is played at every concert along with Hawaii Pono, former anthem of the Hawaiian monarchy.

Bible Study In October

A month of feature services which place emphasis upon Bible study, Bible reading, Scripture memorizing, and Bible preaching, will be observed by the Torrance Christian church during the month of October. It is an attempt to get the whole church to realize the important place of the Bible in Christian experience, according to Rev. George Elder, pastor of the church. The goal of the campaign is to encourage the habit of daily Bible reading.

Next Sunday evening, Oct. 4, the older juniors and intermediates will be the guests of honor. They will compose the choir and sing several numbers. They will also conduct a "Treasure Hunt." All children must bring their New Testaments. The pastor will discuss, "The Lost Bible."

Beethoven House Protected BONN. (U.P.)—A bombproof and fireproof cellar is being constructed at the house in Bonn where Beethoven was born to safeguard the priceless relics of the great composer.

Y. W. C. A. Head Gets Degree TOLEDO. (U.P.)—Mrs. Elizabeth Lamson Chamberlain, national president of the Young Women's Christian Association, has been awarded the degree of doctor of laws by the University of Toledo.

Announcing . . .

CHURCHES OF CHRIST, SCIENTIST "Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity." These words of Ecclesiastes are the Golden Text in the Lesson-Sermon on "Honesty" on Sunday in all Christian Science Churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. A Scriptural citation in the Lesson-Sermon presents these verses from the book of Deuteronomy: "Ye shall observe to do therefore as the Lord your God hath commanded you: ye shall not turn aside to the right hand or to the left. Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live, and that it may be well with you, and that ye may prolong your days in the land which ye shall possess. One of the correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Let us feel the divine energy of Spirit, bringing us into awareness of life and recording no mortal nor material power as able to destroy."

Name Fits Profession FOND DU LAC, Wis. (U.P.)—Among the optometrists attending a recent gathering of Fox River Valley eye specialists was N. E. W. Lens, a Waupun, Wis., optometrist.

Evening High SCHOOL

The Torrance evening school closes their first month this week. The work of the different classes is getting pretty well organized. More people are enrolling every night until the classes are all showing a goodly number taking advantage of the offerings.

The commercial department shows the greatest enrollment. The two teachers are kept very busy looking after their many students. Mrs. Padelford who has the typing on Monday and Wednesday nights often has as many as 85 at one time pounding away at the typewriters. Mr. Hughes, the young man who takes Mr. Andrus's place, is teaching two classes in shorthand, one beginning and the other for those desiring more advanced work. At the same time he oversees those who are working at bookkeeping and on the comptometer machines. It is not uncommon to have 35 and 40 in these classes in one evening. Mr. Hughes is a graduate of U. S. C. school of accounting and is a very able teacher.

So many women have become interested in gym that Miss Blake has asked for two evenings each week instead of one. The classes are meeting on Monday and Wednesday so as to allow her to have classes in Venice on Tuesday and Thursday. The ladies are very enthusiastic over the work in calisthenics and games given by Miss Blake.

The shops, clothing and beauty culture classes are all doing splendid work. We are

disappointed not to have more men and women using the woodshop facilities for making the pieces of furniture they desire. Mr. Mershon would like to have more of those who like to play in an orchestra to meet him on Wednesday evenings from 7 to 9.

Since our last report we have been able to start classes in agriculture on Monday and Wednesday, English and math, also on Monday and Wednesday, and classes in public speaking and dramatics on the same evenings. Mr. Kadell has a nice group who are learning to read and write English and another group who are interested in more advanced work. In math, he has students taking many kinds, from arith. to trig.

Mrs. Miles has arranged thru the P. T. A. of the high school to put on a play for them some time in the future. It is an opportunity for those who enjoy dramatics to help the P. T. A. as well as get some splendid training and enjoyment out of the evenings spent in this class. Mrs. Miles would like to meet everyone who is interested in helping to put on such a performance Monday evening at about 8 o'clock.

We are planning three other classes for the employees of the Columbia Steel in particular that will be open to others if they wish to attend. A more detailed statement of their work will be made later.

The gym is to be open for men on Tuesday and Thursday evenings. Bert Merrill will have charge. Basketball will be featured most of the time. A league is being planned and it is expected that a large number of the men will avail themselves of these privileges.

Home Coming Service Sunday

The annual home coming service for Torrance Christian church will be held next Sunday, Oct. 4. The plan is to have every member of every church family present at the morning worship hour, 10:50 o'clock. A letter of invitation is being sent to all former members and friends living elsewhere. The special service will feature a roll call, a home coming sermon by the pastor and appropriate music by the choir.

To add an element of interest and to determine the distance reached, a token of recognition will be given to the one traveling the greatest distance, to the oldest couple present, to the largest family present, and for several other items of similar nature.

Infant Becomes Zulu Chief DURBAN. (U.P.)—An infant boy, grandson of the Zulu warrior Kambli, grand chief of the Ngenesheml tribe, now holds sway over an area of Zululand comprising a black population of 1,500,000.

NO NEWSPAPER NEXT WEEK!

If all the newspapers quit tomorrow . . . think of the things you wouldn't know

Where is Babe Ruth now? Who was elected supervisor? How did that automobile crash happen? What is the price of eggs? Why are taxes so high? The answer to questions like these is today's news.

But without newspapers you could not get the answers. You could be sure of few things. For now alert reporters ferret out the truth; fearless editors print facts, not rumors. Every news story is rechecked for accuracy, for important details, for the news behind the bare facts. You may well believe everything you read in your paper.

This newspaper is yours. It was edited especially for you. This, being Newspaper Week, is a good time to find out more about how this newspaper is made and why life would be pretty dull without it.
