CHURCHES OF CHRIST, SCIENTIST

The words of the Psalmist, "Preserve me, O God; for in thee do I put my trust," constitute the Golden Text in the Lesson-Sermon on "God the Preserver of Man" on Sunday in all Christian Science Churches. The First Church of Christ, Scientist, in Boston, Massachusetts. The Lesson-Sermon includes these Bible verses from 1 John: "And we have known and believed the love that God hath to us, God is love; and he that dwelleth in love dwelleth in God, and God in him. Herein is our love made perfect, that we may have boldness in the day of judgment: because as he is, so are we in this world. There is no fear in love; but perfect love casteth out fear: because fear hath torment. He that feareth is not made perfect in love."

Among the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is the statement: "The understanding, even in a degree, of the divine All-power destroys fear, and plants the feet in the true path—the path which leads to the house built without hands eternal in the heavens. Human hate has no legitimate mandate and no kingdom. Love is enthroned."
