Special Service At Christian Ch. Will Feature Dad

A special Father's Day service will be held at the Torrance Christian church next Sunday night, June 17, beginning at 7:30 o'clock. Rev. George Elder, pastor of the church, said: "For a number of years our churches have been observing Mother's Day. This is a beautiful custom and is proving very helpful to the church. It is also a help and a blessing to the mothers and children. Father, however, has been almost entirely forgotten or ignored in these services. It is time we should give him the same respect and bring him to realize that he is an important factor in the life of his children and of the church."

Father's day to a special day will be set forth in the following order of service: Piano prelude, congregational singing, led by a father; prayer by a father; song by the congregation; scripture lesson by a son; talk by a father: "A Father's Obligation to His Son"; talk by a son, "When I Get to Be a Man"; violin selection by two sons; talk by a son, "What a Boy Should Expect of His Dad"; talk by a father, "The Value of Comradeship"; male quartet by fathers; remarks by the pastor; invitation and the benediction.

All are cordially invited to attend this special service.

Fifty Bouquets Are Delivered On Flower Day

Poppy Flower Shop and Boy Scouts Combine to Remember Torrance Sick

Mrs. Ruth Haggard, of the Poppy Flower Shop, from which place of business deliveries of flowers to Torrance shut-ins were made last Sunday, June 10, announced that 50 bouquets were delivered by the Boy Scouts, and that all persons whose names were turned in to her were remembered.

Mrs. Haggard wishes to thank all persons and individuals who helped in the work by reporting names, and the Boy Scouts for making the deliveries. On account of the scarcity of flowers, it was found to be impossible to remember those who were ill at the Jared Sidney Torrance Memorial hospital.

Mrs. Haggard says, that if there are any persons in Torrance whose names should have been turned in and who did not receive a bouquet that she will be glad to send flowers to them if they will report the matter to her immediately.

Scholarship Competition Date Extended

Bank of America Sets June 22 as New Date for Closing Contest

Closing date for entries in Bank of America's \$10,000 scholarship competition has been deferred to June 22, and essays submitted by that date will be eligible for consideration by the judges, it was announced today.

The change in the closing date was instituted in order to avoid conflict with the closing of the California schools for the summer vacation, bank officials said.

The bank is offering 11 scholarships and cash awards for the best essays on the subject of "The World of 1964." Two primary awards of \$2000 scholarships, for which the two winners can qualify scholastically, are offered. Judges in the competition are Presidents Robert Gordon Sproul of the University of California, Ray Lyman Wilbur of Stanford and Rufus B. von Kleinsmid of University of Southern California.

Candidates in the scholarship competition are limited in age to 18 years or under. Essays are restricted to 1000 words. The writers, whose age indicates their opportunity to become the leaders of tomorrow, may write in general on life in 1964, or may take up any particular phase of human activity in which they are interested: Science, agriculture, art, business, medicine or the law for example.

CHURCHES OF CHRIST, SCIENTIST "As birds flying, so will the Lord of hosts defend Jerusalem; defending also he will deliver it; and passing over he will preserve it." These words of Isaiah are the Golden Text in the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

One of the Bible selections in the Lesson-Sermon cites the verses from Luke: "And it came to pass, as he went into the house of one of the chief Pharisees to eat bread on the sabbath day, that they watched him. And, behold, there was a certain man before him which had the dropsy. And Jesus answering spake unto the lawyers and Pharisees, saying, Is it lawful to heal on the sabbath day? And they held their peace. And he took him, and healed him, and let him go."

A correlative passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, includes the statements: "Christian Science deals wholly with the mental cause in judging and destroying disease. Christian Science terminates the drug, and rests on Mind alone as the curative Principle, acknowledging that the divine Mind has all power."
