Income Blanks Ready to Be Mailed Today

All Persons of Sufficient Income Must File Before March 15

John P. Carter, collector of internal revenue, has received a telegram from the bureau in Washington to release income tax forms for 1934 on January 10. Collector Carter's force is busily engaged in preparing 250,000 income tax blanks for mailing on that date. Forms may be had at the collector's office, 939 South Broadway, Los Angeles, or at any branch office on and after January 10.

Income tax returns must be filed by every person who had a gross income of \$500.00 regardless of net income, or who had a net income of \$1000.00 or more if single, or \$2500.00 or more, if married.

The publicity section of the Revenue Act of 1934 makes it necessary to file a separate statement with the return this year for public inspection. Failure to file this additional statement on Form 10994 incurs a penalty of \$5.00 in every case, whether or not any tax is due.

The normal tax is 4% of all income over exemptions and the surtax attaches to all income over \$4000.00. There is allowed a carried income deduction of 10% of net income not over \$1,000.00. All returns for 1934 must be filed on or before March 15, 1935, to avoid 25% penalty. Returns may be filed in the collector's office at 939 South Broadway, Los Angeles, or at any branch office.
