With work on the Pan-Pacific Auditorium practically complete the task of landscaping the 12½-acre site on Beverly Boulevard in Los Angeles, where the National Housing Exposition opens May 15, has just been started. Xenia Larsen (left) and Eileen Redman; five players from the Hollywood Studio Club, are shown above turning up the first earth for the landscaping project.

Dime Letter Fever Subsides, Furious Frenzy Fast Fading

The dime letter fever, which ran up a temperature of 212 last week, is apparently subsiding in Torrance. With practically every adult and most of the teen age citizens receiving from one to a dozen of the letters, in which the amounts varied from a dime to as high as a dollar, the saturation point was quickly reached, and dime letters are now quoted at something less than a nickel a hundred with no takers.

Service and Safety on Highways

In permanent furtherance of its "Live and Let Live" endeavor the Automobile Club of Southern California has placed on the highways the first two units of a fleet of three-wheeled motorcycle service patrols. Thirty or more are to be in operation this year and eventually several hundred. The natty-uniformed drivers will serve club members and aid other motorists in distress as have the white patrol cars, "The Good Samaritans of the Highway" for many years. Traffic safety will be a particular objective, road hazards checked, and autoists warned of danger.

ability to continue in the field of chemistry. It will consist of a three-hour written examination. The team making the highest average score will receive an engraved trophy. Individual awards will also be given to the contestants making the three highest scores, and will include scholarships to leading colleges and universities in Southern California.

Narbonne High SCHOOL

A track meet, the theme of the Senior Honor Society party, was carried out in every detail exactly as an athletic contest would be, on Tuesday night, May 7, in the Narbonne gymnasium.

Hurdling strings of balloons afforded a great deal of excitement and laughter. Races, relays, high and broad jumping and all conceivable athletic events were featured.

Miss Stiff, sponsor of the group, arranged that between 50 and 60 guests were present at the party. A number of faculty members also joined in on the fun and declared that they had as good a time as the younger people.

Sixty girls belonging to Narbonne's Junior Girls' Athletic Association and several teachers went on a six-mile hike to Torrance Park, Friday, May 3, after school.

Miss Griffin, Miss Mason, Miss Wyle and Miss Ahrens arrived later in cars bringing the girls' lunch, it consisted of potato chips, sandwiches, cookies, lemonade and oranges. After they had finished eating, all entertained themselves by playing baseball and other games.

Harold Smith, Narbonne's representative, captured third place in the district finale of the World Friendship oratorical contest held at Banning high school, Friday evening, May 3. Harold was awarded first place by three of the six judges, but his average placed him third.

Olvera street—the quaint little Mexican lane that is a reminder of the early days of California history—was the place chosen by Narbonne's Spanish club, Los Amigos, for a visit on Saturday, May 4.

Members of Mrs. Grant's advanced class who enjoyed the trip were Esther Backus, Ruby Meara, Alice Charlton, Lillie Hayward, Rosa Hobbs, Kathleen Brett, Tony Roomsburg, Dorothy Morris, Jane E. Yahan, Everett Balcom, Fay Stamper and Joe Schnallinger. They were accompanied by Mrs. Charlton, Mrs. Meara and Mrs. Grant, the sponsor.

Narbonne's team that will take part in the 21st annual chemistry contest for high school students of Southern California was recently chosen by Mr. Stump, Joe Burkhard, George Taylor and James Willacy are the boys who will compete at La Verne College, Saturday, May 18, from 9:30 to 12:30 noon.

The contest is given in order to afford public recognition to the importance of chemistry and to encourage students of outstanding

ability to continue in the field of chemistry. It will consist of a three-hour written examination. The team making the highest average score will receive an engraved trophy. Individual awards will also be given to the contestants making the three highest scores, and will include scholarships to leading colleges and universities in Southern California.

Mothers' Day « I wish to pay tribute to all REAL Mothers. They are the real foundation of our nation.

They know when the child needs to be fed, when the lawn needs watering and the house needs re-decorating; and they know that Worrell, The Hardware Man, has all the fixings of a quality that, when used, will stay fixed.

My blessings on you Little Mother

Oldest Filling Station
MEMPHIS, Tenn. (U.P.)—What is generally believed to be the oldest drive-in filling station in the world is being wrecked here. The station was erected in September, 1914, by the Standard Oil Company. When it was established, many thought it was foolish to cater so much to the motorist.
