"Reality" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from James: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."  
One of the Bible selections in the Lesson-Sermon includes these verses relating to Jesus, from Mark: "And forthwith, when they were come out of the synagogue, they entered into the house of Simon and Andrew, with James and John. But Simon's wife's mother lay sick of a fever, and anon they tell him of her. And he came and took her by the hand, and lifted her up; and immediately the fever left her, and she ministered unto them."  
The Lesson-Sermon presents also these statements from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It must be clear to you that sickness is no more the reality of being than is sin. . . . Truth is affirmative, and confers harmony. All metaphysical logic is inspired by this simple rule of Truth, which governs all reality."

Actual facts for the sermons were gathered by Mrs. McPherson on her world tour, recently completed, she told world's fair officials.
