

Club Women Urged 'To Primp'
 WORCESTER, Mass. (U.P.)—Mrs. Arthur Marsh, former president of the Worcester Women's Club, advised all women's club members to "primp up and not look half dead."

Snake In Boot Strikes
 LEXINGTON, N. C. (U.P.)—When Thurman Briggs put his foot into a boot, preparatory to a hunting trip, he was bitten by a small snake coiled in the heel of the boot.

Prize Offered For Suggestion For Tournament of Roses Float

SAN DIEGO.—A prize contest for the best suggestion for a floral display to be entered in the Pasadena Tournament of Roses on New Year's Day by the California Pacific International Exposition, which re-opens here January 15, was announced today by Philip L. Gildred, managing director of the exposition.

Several awards will be made to the persons submitting the best ideas for this float.

First prize will be \$25.00 cash and a season ticket admitting two persons to the exposition. Other awards include second prize of an exposition season ticket admitting the winner and family; third award of a season ticket for two persons, and 50 subsequent prizes of one-day tickets admitting two persons each.

Written descriptions of not more than 400 words each, or sketches and pictorial ideas will be acceptable. A committee of judges will be organized among prominent citizens of San Diego, and their decision will be final.

All entries must be addressed to the publicity department of the exposition at San Diego and must be postmarked not later than midnight, December 10. The names of the winners and the distribution of awards will be made as soon as possible thereafter.

Sister Passes Away In Long Beach

Christian Science services were held at Patterson & McQuillan Mortuary chapel in Long Beach, Wednesday of last week, for Mrs. J. J. Hamilton of that city.

Interment was made at Roosevelt Memorial Park. Mrs. Hamilton was a sister of Mrs. Neil Webb, Jr., 1420 Marcelina avenue, Torrance. Mr. and Mrs. William Crissman, of McFarland, California, who came to attend the last rites, remained in Torrance over Sunday as guests of Mrs. Webb.

Extend Contract For Water Service

Extension of the contract with the American States Water Company, which supplies water to seven fire hydrants in the Lomita county fire protection district, was approved this week by the board of supervisors. The contract which was extended for another year was executed in 1930, for five years. It was stated, and would expire December 15. It now is extended to December 15, 1936.

Keeping Up With Torrance High

By RAY DAVIS

Coach Donahue has now taken over the reins of coaching the Tartar basketball teams.

Coach is running the players through peppy workouts each night, limbering them up for the first league game with El Segundo next Friday.

Yesterday morning during third period the student body was entertained at a pay and call with moving pictures of last year's track team and this year's championship eleven. The film has many humorous views as well as serious ones. The pictures were taken by Mr. John Haig, finance manager, with a 16 mm. Keystone camera which was purchased under the sponsorship of Mr. Waldelich with student body funds last year.

Jack Javens, Torrance's flashy halfback, has the distinction of being the only Marine Leaguer to find a position on the mythical all-city eleven this year. Javens has worked hard for this honor for four seasons and most certainly deserves it.

The growth of the school savings and thrift activities in our public schools has called pupils' attention to the wisdom of not only saving money, but also the importance of emphasizing punctuality, regular attendance and care in the use of public and private property.

An increase of 16 percent in new school savings bank accounts, opened by school pupils is shown over October 1934; an increase of 22.4 percent over October 1933; and an increase of 39.9 percent over 1932; so stated Avery Grey, director of school savings section, Los Angeles public schools.

Victory! Tuesday, November 26, the G. A. A. clubs of Gardena, San Pedro, Narbonne and Torrance held their Playday at Narbonne. Torrance won every game they played except ping-pong. The different games indulged in were basketball, tennis, speedball, volleyball, hockey, horseshoes and pingpong. Narbonne had everything planned perfectly. After the games were ended, refreshments were served in the cafeteria, and consisted of orange jello, salad and wafers, pumpkin pie and whipped cream, and orangeade. After the refreshments, the G. A. A. presidents of all the schools introduced their sponsors. A fine program followed in the gym. This program included a skit called "The Persecuted Maiden" or "Curses, Foiled Again"; a poem, songs and school yells. Toward the end of the meeting everyone danced.

A perfectly wonderful day was spent. These G. A. A. playdays help to encourage good sportsmanship among all of the schools and should be encouraged by all of the townsfolk. It seems that the girls think that if the football team can be victorious, so can the girls G. A. A. club.

Torrance's high's a capella choir made its first outside appearance for this semester in the Woman's Club yesterday afternoon. Among the numbers they sang were "Beautiful Savior," "Adoremus Te," "Light of Bethlehem," and "Silent Night."

Grade Crossing Is Improved

Redondo Beach has the distinction of claiming the first WPA project to be completed under the administration in the western zone of the county, according to an announcement made today by Neil Thom, Jr., supervising engineer for the Works Progress Administration in this district.

The project which was brought to a completion Tuesday is the formerly dangerous crossing over the Pacific Electric tracks at Torrance boulevard and Catalina avenue. The project called for a lowering of the grade and consisted principally of removing pavement, subgrading and resurfacing with two-inch asphalt.

An average of 21 men have been used on the job since its opening date, November 11, and the total cost involved amounted to \$2,068. The men are being transferred to grading work on Redondo boulevard.

Jane Withers Heads Drama Of Child Star

A salary of a thousand dollars a week and miserably unhappy. Termed the luckiest girl in the world, and singing and dancing while her little heart is breaking.

Receiving the plaudits of an idolizing world, and desiring only someone to love and someone to love her.

Headlined as the child genius of the stage, and yearning for a normal childhood.

That, in short, is the unusual story of "This Is the Life," featuring little Jane Withers, nine-year-old Fox Film child actress, which comes Tuesday and Wednesday to the Torrance Theatre.

"This Is the Life" establishes this new young personality of the screen into fame not only as a dramatic actress of mature ability, but also as a singing and dancing star.

One of the highlights of the picture is the nation-wide search instituted when Jane, believed to be kidnapped, takes to the open road with John McGuire, fugitive from justice, in an effort to find some happiness as a normal child, and to escape the hardships to which her unscrupulous guardians, Gordon Westcott and Gloria Roy, subject her.

John McGuire is the young man who scored a hit in the important juvenile role in Will Rogers' "Steamboat Round the Bend."

Marshall Neilan directed the picture, and in the supporting cast are included Sidney Toler, Francis Ford and Sally Blane.

Narbonne Students Take Two Firsts

Narbonne high school journalism students were elated yesterday with the news that the school had been awarded two first place certificates in the annual Southern California Journalism contest. The subject matter was written last year, and entered in this fall's contest, awards being made on November 28.

Winners were Virginia Milton, editor last year of the Narbonne annual, who took first on a news story, and Janet Mosher, editor of this year's annual, first for a feature story.

EASY-Washed Clothes Are Cleaner

Torrance Electric Shop
 1419 Marcelina Avenue Phone 567

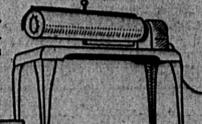

If it's Electrical IT'S ACCEPTABLE

There's Someone
 in your home who would appreciate an ELECTRICAL GIFT

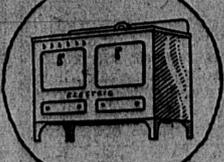

Present the first step to an All-Electric Kitchen—an electric refrigerator. Or, if she has already made the first step, the next is an electric range—she'll love it.

When you give an electric ironer you save her many hours of back-breaking effort, because she can sit down to her work.

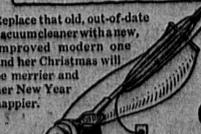

Wash day will no longer be a bug-a-boo with an electric washer. Take a peek at her letter to Santa Claus—more than likely it's on the list.

EASY TO BUY
 Any of these appliances may be bought on a very liberal, convenient payment plan with very little down. The prices are the lowest in years—so, now is a good time to buy.

Here's an idea! Play Santa Claus to yourself and put a new, always-modern radio in your own stocking. The rest of the family will get just as much fun out of it as you will.

Replace that old, out-of-date vacuum cleaner with a new, improved modern one and her Christmas will be merrier and her New Year happier.
