

### Sugar Bowl Foes Are Rated Even In Coming Tilt

All Americans In Line-up of Louisiana State and Texas Christian

NEW ORLEANS, (U.P.)—Two of the nation's strongest teams will figure in the second annual New Year's Day Sugar Bowl classic in New Orleans. Many fans view the approaching game between Louisiana State and Texas Christian as a "natural."

They met twice previously without being able to score a touchdown, but the New Year's Day meeting possibly will see their greatest teams in action. Louisiana State's 1935 squad is conceded to be the greatest in the history of the school.

Football fans have given their approval of the selection of L. S. U. and T. C. U. in the greatest rush for tickets ever seen here. A sellout of 33,000 tickets at Tulane stadium where the game will be played was assured a few days after the contestants were announced. Plans are under way to accommodate at least 15,000 more.

Both teams were beaten once during their regular season. L. S. U. by Rice in the season's opener, and T. C. U. by Southern Methodist.

In the only two games ever played between the Sugar Bowl opponents, a field goal was the biggest single score made.

L. S. U. was defeated at Fort Worth in 1931 when Texas Christian's star tackle, Ben Boswell, booted a field goal. In 1932, when T. C. U. played a return game at Baton Rouge, it was another battle of field goals. Giant Jack Torrance of Louisiana State was set against Boswell and both booted goals to tie the game, 3-3.

#### PIER DAMAGED

High tides Wednesday night and Thursday of last week damaged the pier at Hermosa Beach to such an extent that it was closed to traffic. Six piers were washed out.

### Doctor Returns Good For Ill Turn

In selecting a car for collision purposes, it pays to know whose car to hit. Dr. George P. Shidler was making a call on Andrew avenue Saturday night and left his car parked at the curb. Along comes J. A. McNees, of Whitewater, California, and inadvertently crashed into the doctor's car, to the damage of both machines. McNees said his hand slipped off the steering wheel. He received a bad cut on his nose, was taken to the physician's office and given first aid.

## The Holiday Turkey

HOW TO COOK IT

By Gladys B. Price

It's holiday time and if, for the holiday feast, the family has set its collective heart on turkey, m'lady's responsibility in the kitchen has definitely increased!

When Mr.—or Mrs.—Turkey is decided upon for the "big dinner" there are numerous questions that arise in the housewife's mind. How large shall the turkey be? Shall it be a tom or a hen? How should it be cooked to reach that "just right" stage that sends each member of the household into rhapsodies of delight? Here, Mrs. Housewife, are a few suggestions that may help.

First, as for size, figure on about three quarters to a pound of turkey per person. This is weight "as purchased" which means undrawn and with head and feet still on, the way turkeys are commonly sold in most markets. And when ordering the bird, ask the market man to cut off the feet instead of chopping them off, and to avoid chopping off the wing tips when he draws the bird. The neck should be cut off as close as possible. As for being a tom or a hen, there's really no difference at all, although the toms sell for a slightly higher price. If there's any difference

in meat quality few can defeat it.

And now for the final rites. Remove the pinfeathers, singe over a gas flame, and wash thoroughly. As a reminder—if you, instead of the market man, draw the turkey, be careful not to break the gall bladder.

The question now arises—what kind of stuffing shall we have? Mushroom dressing is one of my favorites, and I recommend it highly.

Here is the recipe:  
3 cups finely chopped mushrooms  
6 cups stale bread crumbs  
1 tablespoon salt  
1 tablespoon onion juice  
1/2 teaspoon celery salt  
1/2 teaspoon pepper  
1 cup chopped celery  
2 tablespoons chopped chives  
1/2 cup melted butter  
Few grains cayenne  
Few grains nutmeg  
2 tablespoons chopped parsley  
About 2 cups stock or milk  
Combine all ingredients. Do not make too moist.

As for the amount of dressing, allow one cup of dressing for each pound of turkey, and do not pack too tight. Be sure to salt the inside of the turkey.

When the turkey has been stuffed, sew openings and truss him up to make a compact roast. A small skewer may be used. Take a strong cord and tie the ends of the legs together, bringing it around the tailpiece, then forward over the upper tips of the wings and tie across the back. The turkey may be stuffed and trussed the day before and kept in your Electrolux, to facilitate cooking of the dinner on the big day.

And now for the roasting. Place Mr.—or Mrs. Turk—in a roaster or pan, place in your gas range oven and roast at 300° until tender—about three or four hours—depending on the size. Do not sear, and roast in
