AS WE REVIEW the glorious achievements of the past twenty-five years, let us pause to express our gratitude to those loyal Torrance citizens who assisted in this great work.

Without the broad vision, the courage, and the devoted effort of its civic leaders coupled with the wholehearted support of fellow townspeople, this city could not have gone so far forward in its march of progress.

Naturally, I am personally very proud of the beautiful new civic buildings and I wish to extend my hearty congratulations to the people of Torrance upon this noteworthy addition to the city's development.

Sincerely,

*Mrs. Jared Sidney Torrance*
