## Perry School Staff Honored

The Mothers' club of North Torrance assisted parents of the Perry school graduates-to-be in holding a dinner for the school faculty this week. The table was attractively decorated with sweet peas with pastel tinted tapers. A delicious chicken dinner topped off with strawberry shortcake was served.

Those honored were Principal and Mrs. W. E. Brown, Mr. and Mrs. Combs, Mr. and Mrs. De-bord, Mrs. Elsie Workman and Miss Irma Willis. Others present were Mr. and Mrs. Friend, Mrs. Wadams, Mr. and Mrs. Ellis, Mr. and Mrs. Mann, Mr. and Mrs. Capleno and daughter Mary, Mrs. Burnhard and Mrs. Lela Gonner.

Principal Brown made a brief talk of appreciation for the dinner. The Mothers' club regrets the absence of Mr. and Mrs. Elliott, who were away on a vacation trip. Mr. and Mrs. Shipman were also unable to be present on account of illness.

Boys of the graduating class are much indebted to Mrs. Shipman who made the beautiful white silk ties which they will wear with their white suits on graduation night. Brown was also presented with one of the ties.

**Pie Crust**  
 3 cups flour  
 1 cup Crisco  
 1 teaspoon salt  
 Ice water  
 1 teaspoon Ben-Hur cinnamon  
 Method: Sift flour and measure; sift again with salt and cinnamon. Cut in Crisco until mixture is coarse and granular in appearance. Mix water in lightly and rapidly with a fork until dough barely holds together. Chill thoroughly. Roll on slightly floured board.

## PRactical Health Hints Your Need For Calcium

By Dr. James A. Tobey

RECENTLY the newspapers carried a description of a circus giant who is said to be eight feet and seven inches tall. The fact that this young man is the world's tallest person is interesting, but a certain feature of his diet is even more significant. "I drink milk every day," he told a reporter. When asked why he consumed this food, he answered that he did so because a professor had advised him to drink milk daily in order to get plenty of calcium. Besides, he added, he liked it.

Milk helps to support the massive frame of this young giant, as well as the skeletons of all growing persons because it is our best food source of the minerals, the lime salts or calcium phosphates, that are needed to build strong bones and sound teeth.

**The Calcium in Milk**  
 A quart of pasteurized or certified milk contains slightly more than one gram, or a little over one-thirtieth of an ounce, of calcium. The body requires a little less than a gram of this mineral every day. Milk, however, is not the only excellent food source of calcium. A quarter of a pound of cheese contains just as much of this mineral as a quart of milk.

Without milk or cheese, or both, in the daily diet, it is difficult to get enough of the necessary lime salts. There is some excellent calcium in green leafy vegetables, egg yolk, nuts, and whole wheat, but the lime in milk and dairy products is used by the body to better advantage than when obtained from vegetables and other foods.

Most persons do not get enough calcium. A recent investigation of 4,000 patients in a leading New York hospital showed that in practically all instances, the diets were too low in this necessary mineral. Not only is calcium necessary for the growth and development of the young, and for the protection of expectant and nursing mothers, but it is required by all adults who desire the best of health.

Not only is calcium needed to build bones and preserve the teeth, but it aids in nourishing the body, and promotes general well-being.

## CITY TO BUY NEW MOWING MACHINE

"We've got the horses and the harness but our mowing machine has broken down," explained James Hitchcock Tuesday night at the city board session when he moved that a sum "not to exceed \$100" be appropriated to purchase such a machine. The motion was passed.

## Narbonne Extension Looms As Debt Limit Report Is Ordered

Preparation of a debt limit report was ordered this week by the board of supervisors, as the next step in opening Narbonne avenue from its present terminus south of Redondo-Wilmington road southerly to the Palos Verdes hills.

A petition just filed by property owners was found to contain the signatures of 73 percent of the area owners, and 65 percent of the street frontage owners who desire the street to be put through. The supervisors recently informed A. P. Weber of Lomita that such a petition could be considered if it was found to contain 65 percent of the signatures.

Curbs and gutters and a four-inch sidewalk are the only permanent improvements sought, and the cost is given as \$7,200 in the engineer's estimate. Assessed valuation of the district to be assessed is given as \$37,080, and the cost would be 24 cents per front foot.

## Welch and Wales Both Have One Thing In Common

When a horse, even if he is 25 years old, stumbles and goes down on his knees, his rider usually takes an unforeseen nose-dive. That is why Attorney Torrance C. Welch has been appearing with a cane since Sunday morning.

Welch is considered a good rider—but even an expert cannot escape a fall now and then, he said this week and recalled the former Prince of Wales' periodic tumbles.

ADIOS  
 "We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on a dial. We should count time by heart-throbs. He most lives Who thinks most, feels the noblest, acts the best."  
 —Baldry.

## DETOUR By BETSY BYRNES

A day set apart To honour the dead.  
 Go scatter the blooms They once loved, o'er the tombs  
 Of the brave ones of yore; Men, who perished in war.

A day set apart! We honour those dead.

Next Sunday we will celebrate Memorial Day or Decoration Day. It is a time for thoughtful consideration of the value of peace.

## QUESTIONS

Which states do not observe May 30 as a legal holiday?  
 What are the first five books of the Bible called? Yes, we know they are named Genesis, Exodus, Leviticus, Numbers and Deuteronomy, but here is one name for them all. What is it?  
 Of course YOU know how to pronounce the following words correctly! Quay, creek, lamentable. Or do you?  
**TODAY'S PROVERB**  
 "Never remember the good turn you do."  
 Never forget the good turn done you.

Good advice, but very hard to follow! It is too easy to remember our own deeds.

## ANSWERS

The following states do not observe May 30 as a legal holiday: Arkansas, Florida, Louisiana, Mississippi, North Carolina, South Carolina and Texas.  
 The first five books of the Bible are called the Pentateuch. The word comes from the Greek, and means "five books."  
 A quay is a key, as far as pronunciation is concerned, at least. Creek is creek, not creek! Lamentable is often mispronounced "la-MEN-table." The correct pronunciation of the word is LAM-ent-able, the accent on the first syllable.

## SHERIFF AIDS BRIDGE FETE

With pistols, in the air, and on horseback, Sheriff Eugene W. Biscailuz will assist in the gala Golden Gate Bridge Fiesta in San Francisco beginning today. ## Residents Cautioned About Burning Trash In Open

With weeds higher than they have been in years, city street department crews are burning off vacant lots as fast as possible. Fire Chief A. D. Stevenson urges all residents not to burn trash in the open after 10 a. m., and maintain a watch whenever such burning is done. He also advises property owners to clean up the weeds for
