### Angeleno Has Camera Impounded Here for Attempting to "Shoot" P. E. Stock

Even tho Raymond C. Fullerton, 27-year-old Los Angeles bank clerk, is a member of the "Railroad Boosters' club" and pursues the hobby of photographing railroad rolling stock, he found out Sunday that he could not "shoot" the Pacific Electric's property here.

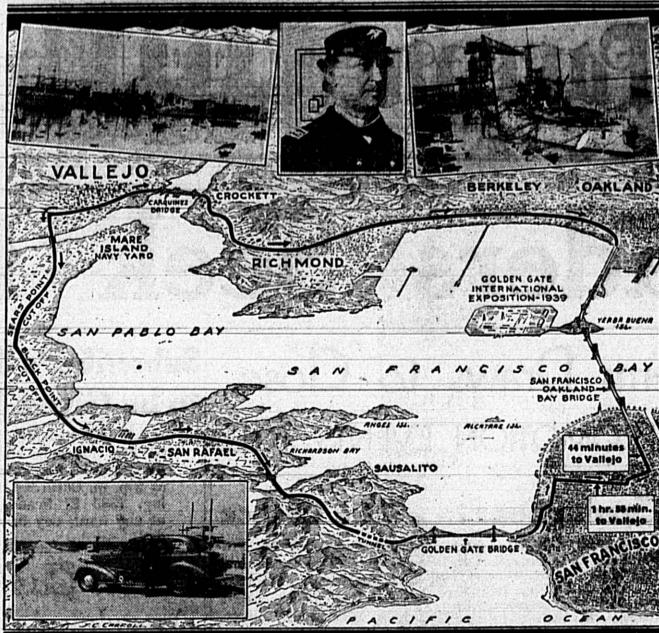

Discovered by a watchman as he loitered about the P. E. shops with his camera, Fullerton was detained until Captain John Stroh of the local police department investigated. The Pacific Electric, according to Stroh, is averse to having its property photographed without permission. Fullerton's camera was impounded by the watchman,

who said he would send it to the main office of the company in Los Angeles and the photographer could claim it there. Fullerton said he had not taken any pictures here, asserting that the three exposures recorded on his lens-box were taken in San Diego.

### State Picnics

TERRE HAUTE, IND. . . All former residents of this city are invited to attend the picnic Sunday, June 20, at Sycamore Grove, Los Angeles. A program, starting at 2 o'clock, will be presented and refreshments are to be served to all.

### CIRCLE OF BRIDGES BRINGS FAMED NAVY YARD CLOSER

Artist J. C. Carroll's relief map of the "necklace of bridges" that now surrounds the waters of San Francisco Bay, brings into the spotlight the key position held by the little-publicized city of Vallejo. Vallejo was chosen in Gold Rush Days by the famous Admiral Farragut (top portrait) as being a strategic location for land and water commerce. Top left—Admiral Farragut's original Navy Yard. Top right—the modern yard, showing a battleship being refitted for Pacific service. Bottom photo—Harry Soanes, Vallejo Chevrolet dealer, at the Sears Point Cut-off Road, ready to start his time test in a 1937 Chevrolet Master De Luxe sport sedan. Times from San Francisco City Hall via each route are shown in the box. (See accompanying story for further trip details.)

### Traffic Men Promoted

CONGRATULATIONS RECEIVED following announcement of their promotion to new freight traffic positions brought smiles from these Santa Fe Railway officials. A. M. Reinhardt, left, was named assistant freight traffic manager, Coast Lines; G. L. Goin, center, was elevated to general freight agent, northern California, and Fred H. Rockwell became assistant general freight agent in the same territory. They took over their new duties June 1.

### VACATION IN MOUNTAINS

Mr. and Mrs. Jerry Becker, Miss Helen Haworth and John Rogers, proprietor of the Famous Hill Shop, spent several days this week vacationing in the vicinity of Crystal Lake, San Gabriel canyon.

Record Claimed for Cow LONDON. (U.P.)—A world record milk yield for a Short-horn is claimed for a cow owned by Capt. E. S. Fielding Johnson, of Manor Farm, Compton Bassett, Wiltshire. In 24 hours she gave 72 pounds of milk, bringing her yield up to 32,715 pounds in 357 days.

Mother Valiant Hitch Hiker CLEVELAND. (U.P.)—Following the call in her heart, Mrs. Elizabeth Colarco, 23, hitch-hiked 1,800 miles from Silver City, N. M., bringing her two children, Marie Antoinette, two, and John William, seven months, to be near her husband.

### July 4th Fete Plans Advanced

Those who by choice or necessity will remain at home over the three-day holiday for July 4 will find much to interest them here in Torrance. Plans for a full day's celebration on Monday, July 5, were completed last evening by a group of organization representatives who met at the city hall.

The day's festivities will begin at 10 a. m. when all sorts of children's games and races will be held at the municipal park. A long list of prizes is being secured for these children's events which will continue until 12 noon. From 12 until 1:30 p. m. a picnic lunch is planned. Various organizations will be asked to install lunch and refreshment booths for those who do not care to bring their own picnic baskets.

Concert and Talk Starting at 1:30 p. m. an hour's concert by the Municipal band will be given in the band shell at the park. A short but highly interesting patriotic talk will be given by Bert Mann, state chairman of the American Legion's Americanism committee. Mann is reported to be a forceful orator with a vital message.

At 2:30 a double-header baseball game is planned. The first game will be between the American Legion and the Moose lodge, and the second game will be waged between two factory teams, as yet not chosen.

Free Dance In the evening beginning at 9 o'clock there will be a free dance at the Civic Auditorium. It is planned to engage a good orchestra for this function which climaxes a full day's celebration—all of which is being offered without charge to residents of Torrance and surrounding communities.

The entire program is being sponsored by the city Recreation commission in cooperation with the various organizations. Among those who are taking an active interest in the celebration are: Mayor William H. Tolson, City Clerk A. H. Bartlett, W. H. Stanger, Dale Riley, Recreation commissioner; Thomas Wilkes and Thomas Humer, Moose lodge; Pat Boyle, American Legion; Mrs. Thomas Wilkes, Ladies of the Moose; L. J. Gilmeister, Chamber of Commerce; Mrs. Velora Murphy, Legion Auxiliary; Roy Winters, Eastern Star; Mrs. Addie Parks, N. B. P. W. club; Vernon Coll, 20-30 club; Al Robinson, Kiwanis; Grover C. Whyte, Rotary; Dr. C. L. Ingold, Masonic lodge, and Mrs. Lillian Barrington, Woman's club.

### DETOUR

By BETSY BYRNES

"Her brow is like the snow-drift, Her throat is like the swan, Her face is the fairest That e'er the sun shone on."

What a tribute to a beautiful woman!

QUESTIONS Who was the author of the lines appearing above?

Many of you vacationists would like to take a trip to Yellowstone National Park. Can you tell us, without first getting out one of your beloved maps, in which state the greater part of Yellowstone National Park is situated?

And another thing! Why are flies able to walk on ceilings?

TODAY'S PROVERB "He who is born unlucky"

And the he fall upon his back is sure to break his nose."

ANSWERS The author of the lines at the top was Douglass of England. They are the second verse of "Annie Laurie." Douglass wrote them as a tribute to Annie, who was the daughter of Sir Robert Laurie. The music of "Annie Laurie" was written by Lady John Scott.

The greater part of Yellowstone National Park is in Wyoming. The rest is partly in Montana and partly in Idaho. It is interesting to note that this wonder spot covers 3,575 square miles.

Flies are able to walk on ceilings because they hang on by capillary adhesion. They have ten thousand or more foot hairs! Don't you believe it? It's a fact!

ADIOS Do you know this old song?

"Oh, money is the meat in the coconut, Oh, money is the milk in the jug!"

When you've got lots of money, You feel very funny, You're happy as a bug in a rug."

### Bloodstains Show Burglar Hurt In Entering School

Some place some would-be school burglar is pursuing a collection of wounds as result of his lootless entry into the elementary school here Sunday night or early Monday morning. He broke a window on the plaza del Amo street side of the central building and, from the bloodstains found Monday morning, evidently cut himself badly entering and leaving the building. Nothing was taken, school authorities told local police.

### Additions to Homes Started

Additions and improvements to homes were the only new construction launched here during the past week, according to records in City Engineer Frank E. Leonard's office. Permits were issued for the following works:

George Martin is building an addition and porch to his home at 708 Madrid, to cost \$150; J. A. Young is erecting a double garage on his property at 1691 Gramercy for \$250, and Miss Ada M. P. Chase is adding a glassed-in porch to her residence at 2118 Carson street at a cost of \$175.

Entered as second class matter January 30, 1914, at post office, Torrance, Calif., under Act of March 3, 1897.

## CHEVROLET TRUCKS

Chevrolet users say:  
"They're the most economical trucks for all-round duty"

Thousands of Chevrolet users will tell you that the best answer to your transportation needs is—Chevrolet trucks! Chevrolet trucks have the greatest pulling power in their price range . . . because they have a New High-Compression Valve-in-Head Engine which wrings the last ounce of power out of every gallon of fuel.

Chevrolet trucks are the most economical for all-round duty . . . because they give maximum gas and oil mileage, and will keep on serving over a long period with minimum care and attention.

And Chevrolet trucks are safer, more modern, more durable . . . because they're the only low-priced trucks with Perfected Hydraulic Brakes, New Steelstream Styling, and extra-strong Chevrolet construction throughout.

Ask your nearest Chevrolet dealer for a thorough demonstration—today!
