PRANKSTER INTERRUPTS DANCE FUN

A "good time was had by all" attending the city firemen's benefit dance at the Civic Auditorium last Friday night—except the firemen.

At 11:20, just when the festivities were at their height, someone turned in a fire alarm and most of the uniformed hosts rushed from the building to answer the call. They traveled out to Prairie avenue and Riverside-Redondo boulevard, where the fire was reported, to find the call was a false alarm.

Although the attendance at the dance was not all that was expected—about 165 were present—nevertheless the firemen estimated this week that they cleared about \$100 from the affair. The advance sale of tickets—especially among industrial firms and business men here—had been excellent, according to Fire Chief A. B. Stevenson.

The proceeds of the dance will be used to purchase recreational facilities for the firemen's living quarters, recently completed, on the second floor of the central station. Members of the department expressed their appreciation to all who helped make the dance a success.

They particularly mentioned the courtesy of the Torrance theatre management which, besides buying a block of tickets for the event, furnished the intermission entertainment—the appearance of Lee Kennan, "one-man band," whose act drew much applause.
