## Torrance Personalities TODAY: GEO. V. POWELL

with words by Herald, drawing by Roy Kawamoto

"A home is not complete without children," believes George V. Powell, city councilman and custodian at the high school since February, 1935. "We've had a pretty hard time raising our brood but I think it's been worth the hardships. However, I wouldn't advise anyone to undertake such a job these days.

"But there's a way to get ahead if you make a strong enough effort."

Powell should know whereof he speaks because he has 10 living children (two others passed away) and was one of a family of eight children. He was born on a farm in Missouri, Nov. 8, 1888, and only went as far as the eighth grade in a district school. However he continued his education in

later years by completing a mechanical engineering course with a correspondence school.

### Married in Montana

His first job was with the Oregon Shortline railroad, doing construction work as a bridge carpenter in Idaho. Then he worked with the Utah-Idaho Sugar company as foreman in a beet refinery at Blackfoot, Idaho; was with another sugar concern in Billings, Mont., as boiler-room foreman for three years.

It was in Billings that he started with a board of education and served there for nine years. In that Montana city he was married in 1907 to Ella Smith, who also came from Missouri. The Powells have five sons and five daughters. Fred, 25, who is married and who is custodian at Bandini Street school in San Pedro; Cecil, 20, who works at the Torrance Park department; David, 18, Clifford 15, and Eugene, 12.

Then there are daughters, Mrs. Olga Poh, 29, mother of three children and resident of this city; Mrs. Claire Schultz, 27, whose home with two children is in Anaheim; Mrs. Juanita Blackburn, 23, of Wilmington; Mrs. Alice Wine, 21, of this city, and Elizabeth, 11.

### Elected in 1936

Moved from Montana the Powells moved to Washington where he was employed by the Pacific Coast Coal company and the Guggenheim Mining corporation for seven years. In 1925 the family came to California, settling in Lomita, where Powell worked for the George F. Getty

## People and what they are doing...

Mr. and Mrs. H. C. Barrington and children J. A. and Frances of 2368 Torrance boulevard, recently returned from a brief vacation at Palm Springs.

Luncheon guests at the Tom McGuire home, 1411 Beech avenue, Tuesday were Mes. Lillian French, Louise Chase and Olive Eddy all of Los Angeles.

Mr. and Mrs. W. H. Lewis have arrived here from Yell county, Arkansas, to visit their son Odus Lewis at his home, 1504 Madrid. They intend to remain in California thru the winter and perhaps until next May.

Miss Ethelwyn Niles, superintendent of nurses at Torrance Memorial hospital arrived home recently from a visit with friends in Tulare, California.

Seen at the Palomar Monday evening were Mr. and Mrs. Ray Hoover, Mr. and Mrs. A. W. Johnson and Carrie Parks in company with a party of Los Angeles folks.

Mrs. Flora McDonald and son Edgar, 1951 Carson street visited over the holiday with Mr. and Mrs. Selwyn Allen of Roscoe, California.

Carrie Parks, 1003 Portola avenue, had as her dinner guests Thursday Mr. and Mrs. Alfred Gourlier, Miss Phyllis and Alfred Nash of Los Angeles and Mrs. Blanche Hastie of Lynwood.

Oil company in the production field.

He started work for the Los Angeles school board on Oct. 15, 1925, as head custodian at the Torrance Elementary school and went to the high school on his wedding anniversary. In April, 1936, he was elected to the city council—his first public office.

Councilman Powell takes a deep interest in agriculture, he reads considerably and says he would be "lost" without his newspapers and Literary Digest. His book reading is confined to mechanical works.

### Defines Average American

"What does Torrance need most?" he was asked. His reply was: "Torrance needs living quarters within reach of the average working man. Our rentals are a little too high to induce workers to live here."

The Powell definition of the Average American: "A man or woman who is interested in civic affairs and institutions, good moral conditions of his community as well as his or her own personal affairs."

Santa Fe spends **125 million** .. in Eleven States!

The Santa Fe, in 1936, paid out more than 125 millions of dollars for materials and supplies, fuel, wages and salaries, and other items of operating expense, in the eleven states in which it operates. The amount assignable to each state was as follows:

Illinois : : \$ 8,600,282	Louisiana : : \$ 137,989
Iowa : : 1,086,406	Colorado : : 4,865,701
Missouri : : 8,197,033	New Mexico : : 15,111,396
Kansas : : 27,069,366	Arizona : : 12,919,152
Oklahoma : : 9,606,664	California : : 21,251,768
Texas : : 16,216,061	Total : \$125,061,818

From 1927 to 1936, inclusive, the monies disbursed by the Santa Fe in these states for operating expenses totaled \$1,350,499,728.

This average annual expenditure of more than 135 millions of dollars over the past decade, devoted entirely to the purchase of goods and services, has been of inestimable value in promoting local industry and trade, and in providing varied employment for thousands of persons, throughout Santa Fe territory.
