

Eight Patients Enter Hospital

Eight new patients, a 13-year-old baby girl among them, entered Torrance Memorial hospital during the past week. They were: Marylee Jo, daughter of Mr. and Mrs. R. P. Snyder of Wilmington, who was received Friday for medical treatment; Richard Stamper, Wilmington, on Saturday for medical attention, and Mrs. Ruth Tracy, Los Angeles, who underwent an operation.

Jean Eastley, 13, of Hemet, niece of Dr. C. E. Eastley of Redondo Beach, was received Sunday for an appendectomy; Mrs. Marie Fowler, Redondo Beach, entered Sunday for treatment of an infected hand, suffered when she cut herself on a can; Mrs. Anna Harris, Wilmington, appeared Tuesday for surgery.

Theodore Kelm, 63-year-old commercial fisherman of San Pedro, was received last Thursday for medical treatment, and Mrs. Sarah Seaman of Manhattan Beach, entered the same day suffering from a fractured hip. She had slipped on wet pavement while walking in tennis shoes.

Shavnee Elm Perpetuated TOLEDO (U.P.)—Seedlings from the 400-year-old "Logan Elm" near Chillicothe, O., under which Chief Logan of the Shawnees delivered famous orations, will be planted in Toledo.

Second Hearing On N. Torrance Water Plan Set

A second opportunity will be given North Torrance residents concerned with the proposed improvement of a municipal water district for Arlington avenue between 16th and 182nd streets to air their views on the project before it is finally ordered by the city council. This became known last Thursday night when the council heard two statements on the matter and passed one resolution leading toward the final decision.

At the next regular meeting of the council, which will be Tuesday evening, Dec. 28, the final hearing on the proposed creation of the No. 2 water district will be held. If a majority of the residents still are in favor of the project, it will be ordered by a resolution of intention.

Yule Pageant at St. Andrew's Church

Members of St. Andrew's Episcopal church school will present a Christmas pageant Sunday, Dec. 18, at 3 p. m. in the church. This will also mark the first appearance of the junior choir in their vestments. The cast for the pageant has been drawn largely from the junior choir.

Following the pageant in the church the primary department will present its program in the parish hall. Members of the congregation are invited to join with the children in enjoying this program.

owned by property owners who were against the proposed water system which would cost \$8,244. This would be paid by a 10-year bond issue.

Both the mayor's statement and the resolution adopted by the council stressed one important fact which may cause proponents of the water district plan some misgivings. This was that the city "will not be responsible for furnishing water

except to the extent that it can be furnished by the Moneta Water company." That was Mayor Tolson's way of calling this point to the attention of Arlington avenue residents.

The resolution worded this point thusly: "the city council desires to inform . . . all persons interested in said proposed improvement that the city of Torrance shall not and does not assume any responsibility for

furnishing said district and/or any persons interested . . . with any water, except and only to the extent that the city of Torrance is able to acquire water from or thru the existing Moneta Water company, a water company now existing and furnishing water to certain residents in North Torrance . . . at reasonable rates.

That in event said Moneta Water company shall fail or

refuse to furnish said city with said water at such rates that thereupon the obligation of said district and/or any person or persons interested therein, shall thereupon cease and determine . . ."
