46 Candidates Seeking Four State Offices

TWO MOST POPULAR MODELS

Most popular of hundreds of gorgeous Hollywood models is Miss Betty Jewell, pictured here with another most popular model—the Ford V-8 de luxe sedan. This car model is by far the outstanding choice of modern Ford owners for two main reasons: long sweeping lines and great interior roominess. Attractive Miss Jewell was the judges' choice in a recent mannequin popularity contest sponsored by representatives of the motion picture industry and newspapers.

Family Reunion Links Evans' Clan Here

(Continued from Page 1-A) a four-months' leave of absence from his duties on the canal maintenance department. The reunion was held at the home of a sister, Mrs. Gwen Rudd in Downey. Those present, in addition to happy Father-Grandfather and Great-grandfather J. D. Evans of San Pedro, Mr. J. Short and Miss Margaret Evans of Wales, D. J. Evans of Panama Canal Zone and Mrs. Rudd were: Mrs. Elizabeth Glasgow of Visalia, Mrs. Jennie Davis of Monrovia and Mrs. Gwendolyn Bickford of Long Beach, sisters, and I. G. Evans of Los Angeles, Officer "Bill" Evans of this city, husbands and wives, 11 grandchildren and the one great-grandchild.

To Retire

Justice O. R. Holcomb of the Washington State Supreme Court, who announced he will retire under a new judges' pension law after 24 years in the tribunal.

SRA GARDEN COST CUT

Because the State Relief Administration has agreed to pay the city one and one-half cents per cubic foot for water used to irrigate an 80-acre community garden project located in the rear of the Columbia Steel plant, the cost to the city for locating the SRA work project employing some 400 men will only be \$200 for the year. This was noted Tuesday night at city council meeting when an appropriation of \$800 was voted to the SRA for the garden on condition that the state relief authorities partially reimburse the city for irrigating water. It was estimated that this reimbursement will total about \$600. According to Ernest S. Grayson, land and water supervisor for the SRA, this arrangement has been approved. He said the land would be plowed at once and all necessary forms would be exchanged with the city by the time the first planting of vegetables is under way. Altho the council stressed employment of local men when the community garden project was first considered June 28, nothing was said about giving Torrance men on relief preference on the garden Tuesday night. Only Class B men—those incapable of any other kind of work—are to be employed in the garden, whose surplus will be disposed of by the SRA to families on relief rolls.

Primary Scramble Will be Torrid Vote Fight

SACRAMENTO, July 7.—(UP)—If all the California citizens who aspired to public office this year were laid end to end, the Great Wall of China would suffer by comparison. There are so many, in fact that employees in the secretary of state's office and statehouse newspaper reporters are having no little trouble keeping all the records straight. The 14-year, just count 'em—candidates for governor paid a total of \$34,000 for the privilege of having their names on the August primary ballot. No more than four, perhaps only three, will survive for the November finals. Let's survey the field in brief to see what faces Governor Frank F. Merriam in his battle for reelection: Turnout Among Democrats Lieutenant Governor George J. Hatfield of Merced is the chief contender among the republicans and will give him a close run as Raymond Haight, also running as a Democrat and Progressive, might just as well have saved his \$200 G.O.P. filing fee, observers believe. William E. Riker of Holy City is arousing comment with a freakish platform, and Francis Michael O'Connor, a politically unknown accountant from Los Angeles, entered the race at the last minute. Turnoff describes the Democratic setup. Culbert L. Olson not only wants the Democratic toga but would like to sweep the progressives and sidetrack Haight from the November ballot. The Bourbon nomination cannot be conceded to anyone, however, with such long campaigning as John Dockweiler, J. O'Connor, Herbert C. Legg, and Haight, all from Southern California, and Daniel C. Murphy from San Francisco. Robert Noble of Los Angeles is the only clinch nominee because he's unopposed on the Commonwealth ticket.

16 for 14-Governor The scramble for lieutenant governor is all the more intense with 16 squirrels in the cage. Not less than 14 Democrats have sailed in their last year's hats, including Mrs. Gertrude V. Clark, of Sutter Creek, who is hoping her presidency of the California Parent Teachers' Association will bring more votes. Picking a Democratic winner is impossible. Here's the array: John M. Burnett, San Jose; Charles W. Dempster, Los Angeles; A. Frank di Cristina, Palmdale; Walter Scott Franklin, Santa Barbara; James M. Hyde, Hollywood; Dr. Zachary Malaby, Pasadena; Roy J. Nielson, Sacramento; Ellis Patterson, King City; James Rolph III, Redwood City; Jerrald L. Seawell, Roseville; George E. Sheldon, Hayward; Ralph Louis Welsh, Los Angeles; and another woman candidate, Genevieve L. A. Shaffer, San Francisco. Republicans include Milton H. Golden, Los Angeles; Edward H. Tinkle, Carmel; Franklin Nielson, Patterson; Rolph and Shaffer. In addition, Seawell, Patterson, Rolph and Shaffer filed as Progressives, and the latter two repeated on the Townsend party. McAdoo Banks on F. D. R. A surprising number of candidates are seeking to unseat Frank C. Jordan, veteran seacaptain.

Chief Competitors With Peirson Hall out of the race in favor of Sheridan Downey, McAdoo, chief competitor in the Democratic primary, says, "The final settlement of at least one in a broad." British Scandal Forecast It may be the British government "will be worried by a scandal affecting a member, and distressed and embarrassed by retirement of two of its greatest figures." The Almanack says further: "In the event of its difficulties precipitating a general election, the government of the day would probably be returned to power, but possibly with a reduced majority." In June the views of the British government "may be at variance with those of the masses, and an election is possible in this or the preceding month. At this time wars and rumors of war will loom large on the political horizon, but the majority of people will favor a refusal to take sides and be for keeping out of war at all costs, provided only neither our national honor nor our vital interests are at stake." Rise of Eden Seen The horoscope of Neville Chamberlain indicates that it will be wise for him to retire in the middle of 1941 and mentions Anthony Eden as his probable successor. The Almanack contains a tribute to President Roosevelt, whom it describes as a "world figure whose importance is not measured by ordinary standards, for he towers like a Colossus above the average statesman, not merely in ability, but also in sincerity and honesty of purpose—and he is the head of a state possessing enormous wealth, power and natural resources."

New Oil Field Supply Firm Opening Monday Hoping to open his shop on Monday, Frank E. Riley of Long Beach is rushing the renovation and equipment of a building at 23028 Narbonne avenue which will be known as the headquarters of the Universal Oil Field Supply company. Riley, who has been in this business for several years in Long Beach, is a veteran newspaperman, having first began working as a printer and publisher in 1908. The new firm will give day and night service to oil operators in the South Torrance field, he said. Riley stated that Glenn Watson, also of Long Beach, will be associated with him in the business. He plans to carry a complete line of oil tools and equipment.

Old Almanack Forecasts 1939 World Upsets

LONDON (U.P.)—Foulsham's Original Old Moore's Almanack, which claims to be published under an original copyright dating back to 1687, prophesies world events of sweeping importance for next year. The decline of Benito Mussolini's dictatorship is predicted for November, 1939, the lunation of which "is adverse for Mussolini, whose sway will now be rapidly declining through discontent fostered by economic stress, partly through the reigning dynasty now exercising much more control than hitherto in Italian affairs."

Of July, the Almanack says "Italy and Germany appear to be both faced with financial and economic troubles of so stubborn a nature as to be incapable of relief money by resort to the printing press and these difficulties are likely to render the position of Mussolini somewhat precarious." Trouble for Stalin Seen Josef Stalin's danger month is May, when "political affairs in Russia, likewise that of the country's relations with other powers, appear to be involved and matters may be further complicated by the eclipse of Stalin." An obvious threat of hostilities between Russia and Japan is predicted. In December "there is some danger of a clash between the United States and Japan, who may again be guilty of aggression in China—in which case our relations with the latter may be strained to breaking-point. Alternately or in addition, Russia may be involved, for Mars sets at Moscow."

But as early as January, the Almanack says that lunar position at Tokyo suggests a break with America. Boon for America are prophesied for the end of the year, with bountiful crops and good trade in Italy in July. President Roosevelt is promised "an immense and well deserved personal triumph" in September through playing a leading part in preserving international peace. This may include the signing of the "final settlement of at least one in a broad."
