**Here's Your Clean Up Guide**

Here's some "Clean Up, Paint Up and Fix Up Week" suggestions on how you can improve the appearance and safety of your property and city during the week of May 8 to 15:

**FIRE PREVENTION:** Clean basements and attics of rubbish, grease, rags and waste paper. Sell or dispose of useless junk. Remember: "All fires are the same size at the start."

**HOME AND BUSINESS SAFETY:** Check wiring, connections, and appliances, broken stairs, walks and obstructions. Paint dark places a light color and install needed lights for safety.

**FRONT YARDS:** Cut lawns, get after those weeds—especially in the parkways and on vacant lots adjoining improved property. Cut a fire-break if you want to prevent fire. Clean walks and gutters.

**BACK YARDS:** Remove all rubbish to the alley for collection by the street department. Repair fences and sheds, put up screens.

**PAINT UP:** Paint all houses and other buildings that need protection and improvement. Paint porches, fences, woodwork, screens, porch furniture. Paint business places inside and out, clean windows and replace old awnings. "Paint is the badge of solvency and self respect... it increases property values and attracts new customers."

**GIVE AWAYS:** Give discarded clothes to agencies which will clean and repair them for the needy. Offer toys that are still in good condition but which have lost their value to your children to the Torrance Toy Loan library on Post avenue.

**VACANT LOTS:** Clean vacant lots of tin cans, paper and weeds to prevent brush fires.
