

SCHOOL YEAR BEGINS HERE ON MONDAY

(Continued from Page 1-A) Leave of absence while she is touring the U. S. She planned on going to Europe later this year but the war has disrupted her plans and now, according to word received by Principal Elson, she intends to tour a number of art centers and visit various art schools in this country.

Two New Principals

Both coaches, Robert Bart and Pete Zamperini, have been returned to Torrance and will again direct the physical education program.

Torrance Elementary and Fern Avenue schools will have new principals. Leonard Dykes, who has been head of the Carmelita school in Maywood, succeeds Merle Helbach at the Elementary and Mrs. Lillian Billups takes Mrs. Oda Vans' position at Fern. Helbach was transferred this spring to the Raymond Avenue school in Los Angeles and Mrs. Vans has also been named to a school in the city. Dykes is a graduate (1915) of University of California, a major in the U. S. Army Reserve, and served with the University Corps in the Ordnance department during the first World War.

No report has been received concerning any changes in the principalships at Waveria (where Mrs. Cora Woolley was in charge last term), at Orange street in Lomita (Arthur E. Paine) or at the Perry school in North Torrance where C. C. Crawford was head of the faculty last term.

Narbonne Assignments

Principal John L. Abbott reports few changes at Narbonne high school. Out of a total of 49 teachers, only three substitutions have been made to date. Richard L. Bailey will replace Miss Elizabeth Thompson in the Commercial department—Miss Thompson going to Metropolitan high as a full time typing instructor.

James Maxwell Van Patten succeeds Miss Eleanor Gordon in the social studies department. Miss Gordon having accepted a position as dramatic instructor at another school. Miss Grace Champion, formerly counselor at Los Angeles high, will become vice-principal at Narbonne, taking the place held last term by Miss Sarah Wolverton, who goes to Los Angeles Junior College.

Other teaching changes of local interest are: Raymond Polich, Gardena high principal, transferred to Venice, succeeded by Frank X. Goulet, formerly of Bell high; Raymond J. Casey vice-principal of San Pedro high to the same position at University high, and Harry Gross comes to Banning high from Roosevelt high, replacing Earl Rosenberry.

Changes at Lomita

Contrary to earlier reports, Miss Harriett Michaels is again returning as principal of Lomita Elementary. One new teacher has been assigned there to take the B2 grade, formerly taught by Miss Doris Buswell who has been transferred to the kindergarten, succeeding Miss Erma O. Wallers who is on leave. Miss Buswell is reported to have married during the summer vacation. Mrs. Fae Snyder Darden, formerly of Leland Street

New Type Stop Flasher Bought

In the interest of greater motoring safety and to test out the newly-invented equipment, the city of Torrance this week purchased five stop flashers for mounting on boulevard stop markers at the more dangerous intersections here. One of these has been flickering its red beam atop a boulevard stop sign at the corner of Marcelina and Sartori avenues for the past several weeks.

According to D. B. Bryant, local representative of the Los Angeles manufacturer, the flashers contain an encased Neon tube and flickers on and off by means of a globe of mercury which operates from an ordinary flashlight battery.

The battery is guaranteed to last about 10 months, resulting in an exceptionally low (about 15 cents per month) operation cost. The whole unit is mounted in a small metal box that fits on top of the sign.

Men's Bible Class Plans Breakfast in Park Sunday

The Torrance Men's Bible class will hold a special meeting at the city park Sunday morning, Sept. 10, at 8:30 o'clock. Breakfast will be served, after which Rev. Ben Lingenfelter will speak. Mayor William H. Tolson will also give a short talk and there will be special musical numbers. Edwin Morang, Jr., and James R. Clutter are in charge of arrangements. All members of the class and men of the community are invited to attend.

VISITS PARENTS

Lester F. Smith visited his father and mother, Mr. and Mrs. J. C. Smith here this week. He left for his home in Independence, Kansas, where he operates a real estate and insurance agency, Tuesday.

GARAGE THEFT

Howard Hilton of 2203 Maricopa street reported the loss of a tire and wheel off his Ford coach while it was parked in his garage last Thursday night, according to police. Value of the equipment was placed at \$15.

school, is the new teacher who will take the B2 grade. Because Custodian Frank Ricks suffered a broken hip in a fall from a ladder at Lomita Elementary Aug. 28, his place will be taken by Francis H. Nalder, a substitute custodian. Ricks is now confined at the Sawtelle Military hospital. Duke Z. Roberts, another Lomita custodian, has been transferred and his place is being taken by Clarence L. Wilson, a Torrance resident, who has been serving the Denver and Gardena Elementary schools.

Mrs. Nevva Huston is the new clerk at Lomita and Torrance Elementary schools. She moved to the Cravens apartments here last month. Mrs. Huston was formerly a substitute clerk.

CATHOLIC SCHOOL ENROLLMENT GAINS

Reports from St. James' Parochial school in Redondo Beach, where 50 Torrance children attended classes last year, today indicated that advance enrollment of local youngsters there was considerably larger than the past term. The Catholic school resumed its sessions today.

People and what they are doing...

Mr. and Mrs. Robert Sleeth and family had their sixth last Sunday. Mrs. Sleeth's sister and family, Mr. and Mrs. C. Norman Hassler of Pasadena.

Mr. and Mrs. S. McIntyre of the C.C.M.O. left the first of the week by motor for a couple of weeks fishing at the Rogue River in Oregon. They were accompanied by Mr. and Mrs. Hany Whittaker of Whittier.

Dr. and Mrs. M. A. Bauman and Mr. and Mrs. Baker Smith left Saturday for a three days trip. Sunday they spent at San Juan Capistrano Beach and before returning spent Monday with Dr. Bauman's parents at their ranch home in Escondido.

For their last fling before starting back to school four local boys Jack Clayton, Bob Clayton, Tony Frowler and Bob Sleeth, chose Catalina for their Labor Day vacation trip. A few dips in the ocean and a couple evenings of dancing were some of their final vacation memories before dusting off their books for the more serious part of the year's work.

Catalina proved to be one of the favorite vacation spots for more of the Torrance young people over Labor Day. Misses Jean and Marion Sears, Korena Carlin and Marcella Crook reported having had a grand time there.

Gus Bray returned to Torrance after having spent his two weeks vacation in the east. Accompanied by Arthur Mullin they motored back after having stopped in Detroit to purchase cars.

Marie Benson, Vertie Grimm, Anna Wilkins and Auguste Barnett represented the Torrance Women of the Moose at the San Pedro open house last Saturday. This meeting was held during the Harbor Host days.

Mr. and Mrs. A. J. Ferguson and Mr. and Mrs. Fred Bolce spent a very enjoyable Labor Day week-end at Pine Crest.

Mr. and Mrs. Don Van Gorder left Saturday for a six-weeks fishing trip through Oregon. Mr. Van Gorder is foreman for the Coline Gasoline Corporation, a subsidiary of the C.C.M.O.

Mr. and Mrs. Dean Sears, 1428 El Prado, had as their house guests Tuesday and Wednesday, Mrs. Sears' mother Mrs. G. W. Shaw and sister Mrs. Winifred Terry, both of Banning.

Rev. and Mrs. L. W. Kolb have taken over the pastorate of the Grace Tabernacle on El Prado. They came here from North Long Beach. Mrs. Kolb is assisting with the song leading and Sunday school instruction.

Mr. and Mrs. Delbert Thompson visited the Exposition in San Francisco over the Labor Day vacation.

Mr. and Mrs. C. E. Marshall and daughter Babe have just returned from vacationing with their daughter Mildred O. Brunson, owner of the 101 Hereford Ranch in Long Valley, near Ukiah. Mr. Marshall spent much of his time deer hunting and trout fishing.

Monday morning breakfast was served in the garden of the Dean L. Sears residence on El Prado. The guests included Mr. and Mrs. Henry Uhlbright and Dolores, Mr. and Mrs. J. B. Scotton and Jane, Mr. and Mrs. Frank Paour, Nadine and Frankie.

Shirley and Buddy Guttenfelder are spending the week at the beach home of the Richard Smiths at Belmont Shore.

Mr. and Mrs. Gilbert Wegner will have as their house guests for the next few weeks, Mrs. Wegner's mother from Chicago.

BOYS CAUSE FIRE

Boys with matches caused a grass fire east of the Torrance Refinery company south of Plaza del Amo Sunday afternoon. Firemen left the blaze burn itself out without endangering any property.

BETTER BUS SERVICE DUE

Because of the increased patronage of its buses locally, the Motor Coach line for which Les Prince of the Beacon Drug store, corner of Cabrillo and Gramercy avenues, is local agent, will park two of its huge buses here overnight beginning next Monday, Sept. 11.

"This will provide local people with better bus connections. One of the schedules remaining here overnight will go north, connecting with all valley points, at 6:43 a. m., daily and the other is the southern bus, connecting with all eastern points. This bus will leave Torrance at 6:20 a. m.," Prince said.

"Better service has thus been provided Torrance folk by this early morning start north and south. The buses are now being parked overnight in San Pedro and El Segundo."

The kangaroo rat is biologically related neither to the kangaroo nor the rat.

Boy Breaks Arm in Park Fall

While playing in the triangular park at the intersection of Sartori avenue and Torrance boulevard on Labor Day, Dennis Reddington, 11-year-old son of Mr. and Mrs. Jess M. Reddington of 709 Sartori avenue, fell and broke his right arm at the elbow. He was given emergency treatment at Torrance Memorial hospital and is now at home with his arm in a sling—the envy of his friends.

The Herald—3 months, 50 cents.

Last week-end Charlie Jones, Sam Levy, Grover Whyte and George Peckham went fishing beyond Bishop. Fishing was about as good as usual, no fish.

Mrs. Minnie Gensler of Redondo Beach, and Mrs. H. P. Nelson of Torrance have just returned from a visit to the World Fair at San Francisco.

FANCY NORTHERN, MOUNTAIN GROWN PEARS

High on the sides of mountains in Northern California, where the air is clear and invigorating, and the soil is rich and fertile, grow the trees that produced these fine Bartlett pears. Extensive experiments by agricultural experts have proved that Bartlett pears not only grow more abundantly on these mountain sides, but that fruit produced is larger and more flavorful.

Confident that our customers would appreciate the opportunity to buy lots of these fine pears at this time, Safeway buyers have contracted for nearly a whole trainload of them. They are arriving at Safeway stores now.

Perfect for eating fresh, or for canning, this fruit is on display at our store near your home. Since right now is the peak of the season, prices are unusually low. You'll find a large assortment of other fruits and vegetables too—actively displayed and economically priced. Come in and buy at Safeway today!
