

A product of Southern California

The Edison Company is as much a product of Southern California as are oranges, airplanes and motion pictures. California men and women, and California money, built the Edison Company and its owners are located throughout Edison territory.

Californians have always owned and controlled the Company, and, today, approximately 80% of the 98,025 stockholders are residents of California. Equally important are the thousands of bondholders whose in vested savings have helped build the vast network of transmission lines, generating plants, and other equipment necessary to serve the 545,000 customers of the Edison Company.

Many thousands of these customers are

also stockholders or bondholders of the Company. Wherever electricity has been needed, in factories and on farms, in towns and on isolated ranches, the lines of the Edison Company have stretched forth to serve the people of Southern California.

Stockholders, bondholders and customers—all have played an important part in making the Edison Company what it is today—a Company owned and controlled by the people it serves. To continue to provide a constant, dependable supply of electricity for business, industry, agriculture and community life is the public service to which this Company is dedicated.

Chamber Calls Civic Meeting

All members of the Torrance Chamber of Commerce are invited to the membership dinner-meeting to be held next Wednesday evening, Feb. 7, at 6:30 o'clock at Daniels cafe. There will be no programmed speaker, the session being an open forum for discussion of community improvements.

President R. R. Smith will preside. It is hoped that a large number will attend and "speak their minds" about civic projects in order to provide the chamber with a working program for activities during the remainder of the year.

Backward Pupils May Still Get H.S. Certificates

It is within the law for schools to grant backward pupils "certificates of completion" instead of diplomas on unsatisfactory completion of eight semesters of high school work, it was held today by County Counsel J. H. O'Connor in an opinion written by Beach Vasey, deputy.

The opinion was given on the legality of such action by the Inglewood Union High school where pupils of this type appear at graduation exercises and receive a "roll" similar to a diploma in appearance.

Torrance Hi News Notes by ELIZABETH FISH

TAKE OFFICE . . . Members of the old Student Body Council honored the newly elected council recently with a luncheon at the school cafeteria, at which time the new officers were "sworn in." Each new member gave a short speech after he was introduced by the old member in his office. Separate group pictures were then taken of the new and old council.

MADRIGALS SING . . . Monday the student body enjoyed a program sung by the Junior Madrigals. They sang: "Alleluia" by Bach and "The Cuckoo."

LEARN ETIQUETTE . . . The student body had quite a lesson in etiquette this week. Mrs. Vaubel's B8 English class presented a program entitled "Courtesy and Discourtesy in Everyday Life." It was greatly enjoyed by all the students and faculty.

MANNERS DEPICTED . . . Recently a short play was presented to the student body titled "That's Wrong, That's Right," by the Manners for Moderns club. This club is sponsored by Mrs. E. Kelly. The actors were: Bob Emerson, Elizabeth Stern, Elsie Gove, Carl Gots, Lucy Briganti, Isabella Russell, Arlys Fossum, Jean Howe, Ethyl Shumick, Dof Weber, Dick Beecher and Harold Kerber.

AWARDS TOLD . . . On Jan. 25, Torrance high school held an awards and call. The purpose was to give recognition to outstanding members of the student body. At this time the Madrigal Singers sang three selections.

Realtor Requests Council to Quit Set-Back Lines

A request for quit-claim rights to set-back lines on property in the vicinity of 164th and Arlington by Arthur Davies was referred by the city council yesterday afternoon to the city attorney and city engineer for a recommendation. Davies wrote the council that he has a realty deal in escrow for the property in North Torrance and must have the set-back lines revoked. They were established when the property was originally subdivided but the land was later reverted to acreage.

CAR CONSUMPTION
It is estimated that the average motorist uses 883 gallons of gasoline and 35 quarts of oil in a year. Average prices would place the cost at about \$133.

'WHO'S BOSS HERE?' . . . Kay Kyser may be a radio luminary but it's his grandma, May Robson, who's giving the orders on how he is to act before the glamour gals. Ginny Sims, band soloist, seems amused by Granny's commands in the above scene from "That's Right—You're Wrong" which opens Sunday at the Plaza theatre in Hawthorne.

IN TUNEFUL FEATURE . . . Don Ameche, Andrea Leeds and Al Jolson as they appear in "Swanee River" which opens Sunday at the Grand theatre with "Allegheny Uprising" as the companion feature.
