June Bride-to-be Feted at Clayton Residence by Delightful Shower Party

At a cleverly arranged party with decorations carried out in the bridal motif, Mrs. Margaretha Clayton entertained last week in honor of Miss Helen Hart, whose marriage to Frank Flint will be one of the beautiful June weddings in this community.

Home movies, cartoons and games were enjoyed with the guests winning prizes by directions in rhymes written on small cards. The honored guest in following her cards found a number of beautiful and useful gifts from the guests, a number of whom were former Narbonne friends, the bride being a graduate of the summer class of 1935.

When the refreshment hour arrived Miss Hart cut a three-tiered wedding cake which was decorated with a tiny bride and groom and wedding bells. With this the hostess served ice cream, French pastries and coffee.

Miss Hart will become the bride of Frank Flint, son of Mr. and Mrs. A. J. Flint of WALTERIA June 2 at a garden wedding at the home of her parents, Mr. and Mrs. David Hart of 25543 Lucille street, Lomita.

Those who attended the shower at Mrs. Clayton's were Mesdames David Hart, Max Briney, Orda Pletske, Laura Turcotte, Vinston Larson, Georgianna Petters, Alice Groves, Aldine Russell, Margaretha Clayton, Misses Helen Hart, Merrill Pankey, Jane Roberts and Lillian Faulkner.

Parley With P.E. May Speed Sale of Cabrillo Strip

Believing that a conference of city officials with President O. W. Smith and other Pacific Electric executives, engineers and attorneys may "iron out" controversial issues connected with the sale of the P. E.'s center-strip right-of-way on Cabrillo avenue to the city, John E. McCall, city attorney, told the municipal board Tuesday night there was a possibility of holding such a parley within a few days.

"I have told the Pacific Electric attorneys that the city will not be satisfied with a mere easement to the property and that we want a clear-title deed," he said in response to a question on the status of the Cabrillo avenue deal from Councilman George V. Powell.

"We agreed that a conference may settle the issues without resorting to a condemnation suit and the Pacific Electric attorneys said they would be glad to make an appointment to meet city officials after this week," McCall concluded.

Mayor Tom F. McGuire said that the city was willing to meet the P. E. officials at any time. Councilman James Hitchcock pointed out that any negotiations should include giving the city the title to the center-strip right-of-way "the curve clear around to Border avenue on Cabrillo" and that it was unfair of the P. E. to require the city to take up railway equipment on the property and deliver it to the P. E. shops.

"We can put the stuff on their cars and let them transport it," Hitchcock said. "I am going to be in the P. E. office this week and I'll be glad to see Mr. Smith and get the thing started off once more."

This verse from I Corinthians is the Golden Text in the Lesson-Sermon on "Mortals and Immortals" on Sunday in all Churches of Christ, Scientist. A Scriptural selection includes these words of the Psalmist: "I have made a covenant with my chosen, I have sworn unto David my servant, Thy seed will I establish for ever. Blessed is the people that know the joyful sound: they shall walk, O LORD, in the light of thy countenance. In thy name shall they rejoice all the day; and in thy righteousness shall they be exalted." These words of Paul to the Ephesians are also presented: "I therefore, the prisoner of the Lord, beseech you that ye walk worthy of the vocation wherewith ye are called. With all lowliness and meekness, with long-suffering, forbearing one another in love; Endeavoring to keep the unity of the Spirit in the bond of peace." Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy state: "Imperfect mortals grasp the ultimate of spiritual perfection slowly; but to begin aright and to continue the strife of demonstrating the great problem of being, is doing much." "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off."
