GOOD USE OF LEISURE TIME VITAL TO AGE

"Truth is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. These verses from the Psalms constitute the Golden Text: "O God, my heart is fixed; I will sing and give praise, even with my glory. . . . For thy mercy is great above the heavens, and thy truth reacheth unto the clouds."
The Lesson-Sermon includes also these words of the prophet Isaiah: "Wherefore is my wrath kindled for that which is not bread? and your labour for that which satisfieth not? . . . For as the rain cometh down, and the snow from heaven, and returneth not thither, but watereth the earth, and maketh it bring forth and bud, that it may give seed to the sower, and bread to the eater: So shall my word be as the rain, and my truth shall be as the dew, which shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I send it." This verse from Paul's second letter to Timothy is also presented: "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."
Among the selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy are the statements: "The best sermon ever preached is Truth practiced and demonstrated by the destruction of sin, sickness, and death." "The purpose and motive to live aright can be gained now. This point now, you have started as you should. . . . Working and praying with true motives, your Father will open the way."

An Eastern minister says conquerers never inherit the earth. No, but they way they act it's obvious they intend to have their own heirs do just that.

Begins Term of Ministry Here

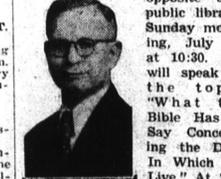

REV. H. WESLEY ROLOFF

On Sunday morning, July 28, Rev. H. Wesley Roloff begins his ministry as pastor of Central Evangelical church at 1548 Marcella avenue. He will speak in the morning on "We See Not, But We See" and his evening sermon will be "Religion in Action." The choir is cooperating to make this an outstanding service.

The former pastor of the church and the newly elected district superintendent of the California conference, Rev. E. W. Matz, will be present to welcome and introduce Rev. and Mrs. Roloff to this community and the church.

Ex-Atheist and Vaudevillian to Hold Meetings

Rev. Martin S. Charles Mundell, professionally known as Martin S. Charles, one-time atheist leader and former vaudevillian mindreader, will begin a two-weeks' series of "old fashioned Bible, prophetic and evangelistic" services at the Men's Bible Class hall on Cravens avenue, opposite the public library, Sunday morning, July 28, at 10:30. He will speak on the topic, "What the Bible Has to Say Concerning the Days In Which We Live." At 2:30 p. m., "Hitler, Mussolini and Stalin in Prophecy: Will Germany Win the War?"

Rev. Mundell

Following the opening service, there will be meetings every night during the week, including Saturdays, at 7:30 p. m. Special music and congregational singing will precede every lecture, sermon of Rev. Mundell. There will be three services on Sundays, 10:30, 2:30 and 7:30.

Those who have heard the evangelist report that he is an interesting and vigorous speaker, that he has an emphatic and stirring delivery, an engaging and entertaining manner of presenting Gospel truths, as well as a very unusual background of experience, education and training.

Altho now an ordained Baptist minister, Rev. Mundell works with all evangelical Christian groups, and is a member of the Independent Fundamental Churches of America. He describes himself as "just an old-fashioned Baptist-Methodist-Presbyterian-Disciples preacher."

GOOD USE OF LEISURE TIME VITAL TO AGE

(Continued from Page 1)
the past generation, working time has been reduced, and the average person finds himself with at least several hours each day when he is unoccupied, and when he is free to do as he pleases. The need for occupying this idle time is more pressing today than ever before in our history.
We hear much of the activities of so-called Fifth Columnists in this country, a great deal of which is undoubtedly true. If this evil of espionage actually exists, what more fertile field could they have for their activities than the unemployed and others who find themselves with an abundance of leisure and a way of filling this time except in idleness.
People who are busily occupied in interesting and creative work, occupations which they have been able to choose for themselves, are less likely to waste their time and less likely to be inclined to listen to propagandists and agents of a social order which would not permit them the privilege of carrying on such enjoyable pursuits.

Reforms of this nature cannot be made in one gigantic effort. They must be accomplished a step at a time. Our dream is for a Torrance with facilities competent to meet these urgent needs.

OBITUARY

J. WALTER SCOTT . . . brother of James H. Scott of this city, passed away last Saturday afternoon at his home in Coraopolis, Pa., at the age of 82 years following a heart attack. Mr. Scott, who owned a machine shop in Pittsburgh, Pa., visited his brother here about two years ago. He was survived by his wife, a sister and seven brothers. The funeral service was held Tuesday afternoon.

JOHN ANDREW KELLEY . . . passed away yesterday at the home of a daughter, Mrs. Florence E. Loback of 2211 Maricopa street, at the age of 73 years. He was a resident of Brawley who annually came here for a few weeks during the summer to escape the heat. A native of Illinois, he came to California from Colorado six years ago.

Mr. Kelley is survived by his wife, Sarah E. Kelley; four daughters, Mrs. Lola E. Snyder of Wetmore, Colo.; Mrs. Ethel Atterberry of Orange, Mrs. Marguerite E. Moorhead of Brawley and Mrs. Loback, and three sons, William E. of 1645 Acacia avenue, Frank E. of 1614 Acacia avenue and Howard E. of Brawley. The funeral service was held this afternoon at Grace chapel, Inglewood cemetery, with Rev. Frank Porter officiating. Interment was at Inglewood cemetery. Stone and Myers Mortuary was in charge of the arrangements.

MISS A. A. GIBSON . . . aunt of Mrs. James E. Hitchcock of this city, passed away this morning at the age of 94 years at an Azusa rest home. She was a former resident of Torrance and is survived by a number of relatives in the east. The funeral service will be held at McAuley and Sutter's chapel in Fullerton but the date has not yet been set.

Mormon Missionaries Planning Special Meet at Woman's Clubhouse

On July 24, 1847, Brigham Young with a body of 148 Mormons, of whom three were women and two were children, entered Salt Lake Valley. They had traveled hundreds of miles and were tired. Brigham Young was sick with mountain fever but he requested one of the men to turn his carriage around so that he could look upon the Valley. This was done. He gazed a few moments at the dry sagebrush country with clumps of willows and trees dotted here and there and then with an expression of satisfaction he said: "This is the place, drive on."

Since that time the state of Utah and the Mormon people have observed the 24th of July as Pioneer Day. In commemoration of this day the evening services of July 21 conducted by the local Church of Jesus Christ of Latter Day Saints (Mormons) were upon the theme of the pioneers. Many interesting experiences were related by persons acquainted with the history of the early Mormons.

On July 28 Elder Don C. Archibald from Rexburg, Idaho, and Elder Loren B. Owens from Saford, Arizona, will be the special speakers. The public is invited to attend the meeting at 1426 Engracia avenue in the Torrance Woman's clubhouse at 6:30 p. m.

In the last 10 days these two young men have been working in Torrance as missionaries of the Mormon church. They are devoting all their time and efforts in tracing the city, exchanging views with the people and leaving free literature. They are two of the several thousand men from the Mormon church that devote two years of their lives in missionary work without asking or getting any material recompense or reward. They are supported by money saved before they left their homes to do this type of work. The Latter Day Saints church does not have a paid ministry.

not only for its youth, but for its adult population as well. However, the first step in accomplishing this and in making the community recreation-minded is the establishment of a sound program for the young people, so that when they reach the estate of adulthood, they will be competent in the art of using their leisure in gainful pursuits. In the years to come, this program may be expanded by the social thinking and vision of community leaders to include all classes of persons to whom, whether they know it or not, leisure is a problem.
A New York firm now offers a horoscope of your poeple or peckness. But what good does that do? He's bound to lead a dog's life, anyway.

Fine Arts Has Major Exhibits at S. F. Expo

(Continued from Page 1)

paintings from our neighbor republics to the south. California Painting in Retrospect and the miniature rooms by Mrs. James Ward Thorne.

These miniature rooms, which gave so much pleasure last year, are no less interesting this season. The entire series has been exchanged and 30 rooms now on display reproduce styles of America, England and the Orient. They are particularly notable for delicate Chinese and Japanese miniature objects, which have been used in the modern style interiors as well as in the Oriental ones. The perfection of detail in the rooms displayed last year is equalled in the set now being shown.

A front apartment of the Fine Arts building is devoted to an exhibit of paintings by Old Masters (this time loaned from col-

lections in this country) and a room nearby has an assembly of original drawings from old masters' hands. Other apartments contain the "Pageant of Photography" (collected by Ansel Adams) and a display of the development of the motion picture; "Five Hundred Years of Fine Printing" and the Architecture-Housing-Planning exhibit.

May Eat or Best

For admission to the Fine Arts building, an extra charge is made, in addition to that for entering the Exposition grounds. But this can be minimized by purchasing a combination ticket at the Ferry building, before embarking for Treasure Island, where admission to both Fair and Fine Arts building can be obtained for 60 cents.

This year, a restaurant inside the building provides lunch at a reasonable price, and obviates the necessity for leaving the building and then buying another admission ticket on one's return after luncheon. And when one feels the necessity for rest, he grounds.

Technocrats Permitted to Sell Literature

Sale and display of the organization's literature will be permitted at the Technocracy picnic which is tentatively scheduled at Torrance city park Aug. 25 or Sept. 1. The city council ruled Tuesday night in response to a request from Kenneth P. Cates of this city. Councilman George V. Powell described Technocracy as "a scientific political organization."

Nowhere can one gain a better understanding of art interests of our time, than in the Fine Arts building at Treasure Island. Application of ideas explained here is to be seen in every vista and every building on the Fair grounds.

Townsend Club Activities

By Vernon F. Glidden

Another very interesting session was enjoyed by our club last Friday evening. Visitors were present from two Redondo Beach clubs and San Pedro. Mr. and Mrs. Miller of Redondo entertained with several original readings.

George Geiger of San Pedro, recently elected chairman of the 17th Congressional District Council, outlined a plan of action to be followed in our District for the advancement of the movement. Delegates are returning from the national convention at St. Louis and bringing encouraging reports of interest.

This was the largest and most successful convention yet to be held and is of vital concern to all who are interested in the Townsend plan.

Next Sunday, at 2 p. m., at the Torrance city park, Robert Z. Adams, just returned from Washington, D. C., will give a report of his activities in Con-

Carson Street School Undergoing Renovation

The Carson Street school in

Keystone is being renovated for the first time in 13 years. A painting program which will extend thru the remainder of the summer vacation is now under way. Frank Wells is principal of the school.

Shrubs will be planted on the front grounds after the lawn grade is raised and the grounds needed. Plumbing fixtures will be replaced and repair work done on electrical fixtures.

Business Cards, 1,000 for \$1.25, cash with order. Torrance Herald, 1836 El Prado.

A fine program is being prepared to which the public is invited. Bring your picnic lunch. Visits by some of our members to the Lennox, Gardena, and No. 156 clubs show them all active and working hard for the plan we are interested in.
