Quick Recovery of Stolen Bike Pleases Family

Forrest A. Turner, Jr., of 1738 Cabrillo, had his bicycle stolen at the Torrance-Banning game last Friday afternoon. He reported it to the police at 5 o'clock and at 7:30 o'clock Officer Tolson was standing at his door with the rescued wheel.

"We think this was mighty quick and efficient work," his mother, Mrs. E. A. Turner, said Saturday. "The bicycle's return brought big smiles—not only to Forrest but to the whole Turner family. We sincerely thank the police department of Torrance."

The gathering was arranged by the Wilmington Rotary club and over 400 members of nearby clubs attended. Spanish music and dancing featured the entertainment program.

Development of commerce between the United States and Latin America is being hindered by the lack of sufficient ships, a spokesman for the South American republics stated. He commented upon the friendly relations established by President Roosevelt and Secretary of State Cordell Hull and urged that all citizens of this country, regardless of political opinions, get solidly behind the administration in its work of knitting the nations of the western hemisphere closer together, both commercially and politically.

... For All These Gifts America Gives Thanks

The nation has much to be thankful for this Thanksgiving Day. America's horn of plenty is richer by far than the slim harvests which graced the simple-boards of Pilgrim Fathers' homes more than three centuries ago and led them to set aside a special day for thanking a kindly Providence.

America's storehouses of natural wealth span a whole continent. Ours is a land of great forests and mighty rivers, of fertile farmlands sweeping to the horizon's end over plains and the slopes of sheltered valleys, of humming industries, strong-sinewed giants helping to make and keep a nation strong.

America has that possession, dear as life itself, which moved

a dauntless band of freedom-hungry pilgrims to seek on these shores a place where they might think their own thoughts, speak their own minds, and worship God in the way that best pleased them. This freedom they found. This freedom is ours still, and for it humble thanks are due on this, as the first, Thanksgiving Day.

In this New World, the early freedom seekers discovered a sanctuary undisturbed by the tyrannies of the Old World from whence they fled. Our land is still that sanctuary.

For all these gifts, the fertility of her teeming earth, the might of her productive engines and machines, and for the unconquerable spirit of her people, America gives thanks on her Day of Thanksgiving.

Former Resident Sought After Fatal Collision

Charles Van Arsdale, 67, listed by California Highway patrolmen of Banning as a Torrance resident was sought early this week in an effort to aid investigators of a fatal traffic crash occurring at Banning last Friday. Local police told the state officers that Van Arsdale had

moved from this city to Inglewood about two months ago. An aged Bakersfield man, hitch-hiking near Colton, was reportedly picked up by Van Arsdale, investigators said, and was fatally hurt when the car overturned after colliding with a truck.
