

BAND IS SUBSIDIZED . . . Paul (King of Jazz) Whiteman loans Mickey Rooney \$50 so that Mickey and his high school swing band can travel to Chicago to play in the finals of Whiteman's national radio contest. The scene is from "Strike Up the Band," a new musical hit opening Sunday at the Plaza theatre in Hawthorne with Rooney and Judy Garland heading the all-star, all-youth song and dance cast. The second feature on the bill is "Glamour for Sale."

CALIFORNIA SPEAKS!
Significant Statements by Interesting Californians
MRS. ANDREW HISE, Berkeley, seven of whose nine sons are registered for the draft—"I would give every one of my sons for defense of the United States. In fact, if an enemy tried to invade us, he would have to deal with me personally."
HERBERT HOOVER—"The election closed with both candidates and both parties pledged to the utmost national preparedness and to keep out of foreign wars. The transcendent duty now is the full cooperation of everybody in this vital purpose."
BRENDA LANE, Hollywood movie extra—"It's useless for a girl to try to conceal her age if she denies her hands the same care she gives her face and figure. If she keeps the skin of her hands smooth, the muscles firm, the knuckles gracefully flexible, she can defy the shrewdest male age-guesser."

OSCAR VITT, battle-scarred deposed manager of the Cleveland baseball club, home in Oakland—"I've fought the toughest gangs in the American League—yeah, even Bob Feller and the 'ry babies. Now I come home to get bawled out by my gardener, who thinks he owns the place. Am I a man or a mouse?"

Quinn Gets Help to Compile Tax Report

Six additional clerks for a period of three weeks were allowed County Assessor John R. Quinn this week by the board of supervisors, in order to supply the supervisors with valuation figures. The assessor is to furnish the supervisors with a list of all properties assessed at more than \$25,000. While the supervisors did not state why they wanted the list, it was understood at the Hall of Records that they wanted to study it to see in what locality the deeper cuts were made by the assessor last spring.

LOW MORTALITY
Do you know that the maternal mortality rate for the territory served by the County Health Department is substantially below that for the state of California and for the United States as a whole? Dr. J. L. Pomeroy reports that the deaths from maternal causes per 1,000 live births in County Health Department area last year was reduced to 2.6.

Mrs. Swaton Writes of Success With Herald-News Classified Ads

The Torrance Herald and Lomita News gratefully acknowledge receipt of the following letter from Mrs. Elizabeth Swaton, who conducts a guest home for the aged at 1866 261st street, Lomita:

"Torrance Herald & Lomita News:
"I want to thank you and also Mrs. Kay Smith (classified advertising manager) for the courtesy you have shown me in my ad I have had in The Torrance Herald and The Lomita News for the last three or four months. I would forget all about changing my ad but Mrs. Smith would call me and assist me in re-writing it and I am very thankful for her help.
"I have had wonderful response from the ads. As you know I was a stranger here in the business world and in just a short time different people I meet say 'Oh yes, you have a guest home for the aged', so I know they are reading my ads. I am a firm believer of advertising. I was in the cafe business for several years but I have never gotten the consideration from any newspaper that I have from The Torrance Herald and Lomita News. My little business is coming right along and thanks to everyone of you.
"Yours very truly,
(Signed) "ELIZABETH SWATON,"

Note: You too can profit thru Herald-News Ads. Just phone Torrance 444 or Lomita 84 for a representative to call and show you how to increase your business.

'Honest Hunter' Makes Forest Ranger Happy

GLOBE, Ariz. (U.P.)—It took Forest Rangers Carl Scholefield 82 years to find an honest hunter. Scholefield's candidate is 17-year-old Richard Harrell of Phoenix who accidentally killed a doe in Crook National forest. He promptly reported what he had done to the ranger.

The ranger said Harrell was the first hunter in his 32 years of service who surrendered voluntarily after killing a doe. Justice of the Peace Erastus Grice dismissed the case, saying, "This young man has given an exhibition of sportsmanship very rare among hunters. His license has been restored to him with the admonition to look more closely for horns the next time he goes hunting."
