

**BIG TIRE FOUND**  
Anyone lose a 9.75 by 20 tire and wheel? Police have one of that large size which was found on Carson street near Normandie on last Friday. It's too big for any police motor equipment and the officers would like the owner to call for it.

At the last census, 51 aircraft dealers were counted in the U. S. compared with 31,511 new car and 6980 used car dealers.

**BARBER AND THE LADY**... The pretty lady is Paulette Goddard, the gentleman curling her hair is Charlie Chaplin and the scene is unrolled in "The Great Dictator," Charlie's funniest comedy, which is now showing at the Grand theatre through Saturday. It will be shown at the following times: Thursday-7 and 10:10 p. m.; Friday-6:54 and 10:24 p. m., and Saturday-3:13, 6:32 and 10 p. m. The other feature on the same bill is "Mr. Dynamite," starring Lloyd Nolan and Irene Hervey.

**Gilbert and Sullivan Operetta, "Trial by Jury" at H. S. May 13-15**

"Trial by Jury," one of Gilbert and Sullivan's most amusing operettas, will be presented by a large cast at the Torrance high school assembly hall next Tuesday afternoon, May 13, at 1:30 o'clock and next Thursday evening, May 15, at 8:30 o'clock. No seats will be reserved for the afternoon performance but all seats will be reserved for the evening presentation. Tickets are now on sale at the National Home Appliance Company and at the high school.

**Film Location of 'Round Up' Is Kept Secret**

Maybe you think it's an easy job for a movie company to find the right spot as a background against which to shoot an authentic Western thriller. Almost all of them have been filmed before, and that's out with the picture makers. Movie fans have an uncanny memory for places and props. That's why Harry Sherman, Paramount's producer of "The Round Up," which opens tonight at the Plaza Theatre in Hawthorne kept his never-before-seen-on-the-screen location discovery a secret.

Sherman's only clue to his hide-away is: "you have to climb 12,000 feet straight up into the High Sierras; it takes two days to get the horses up there because of the ruggedness of the terrain; if you look hard, you can spot the location from atop Mount San Jacinto." And that's all anyone in Hollywood knows about "The Round Up's" geographical location, except the actual members of the cast, which include Richard Dix, Patricia Morison and Preston Foster.

The Plaza Theatre in Hawthorne extends a cordial invitation to all mothers over 60 to be its guests Sunday, May 11.

**Woman Enjoys Different Type Home Wrecking**

ST. JOSEPH, Mo., (U. P.)—Mrs. John Keck is a home wrecker. She tears them down, brick by brick and salvages the material for her prosperous business of home building.

Building contractors in St. Joseph, believe she is the only woman in the United States actually engaged in razing and construction work.

Mrs. Keck says she gets more enjoyment out of supervising the razing of an old home or a building and in seeing that the material goes into a fine modern home than confining herself to cooking and housework.

**SUCCESS**... Open House night was a big success last week. A new program for the week students filled out a program of their daily classes. Their programs were filed and Thursday evening parents were given the card and they attended the same classes their children do. Each period was 15 minutes long and during that period they were told what and how the students were studying. Credit for the new idea and the grand time had by parents was due to the work of Mrs. L. Goodwin, English teacher.

**TRIAL TALK**... More and more talk is going around about our comedy operetta "Trial by Jury," to be staged May 15. Our auditorium is going to be packed and tickets are selling like wild fire. You'd better get your orders in now or it will be too late. If you don't know where to buy a ticket get in touch with Mrs. M. Cooke at the high school and your needs will be supplied. This will be the greatest show ever to be presented on our stage.

**INSPIRING**... Last Thursday, Carroll Parrish, U.C.L.A. student, delivered a most inspiring talk to our student body. His subject was "Subversive Influences in the Schools." Besides being a fine speaker, Parrish has done a great deal of work to reduce the percentage of communism in L. A. City College. Out of 3000 contestants he and seven others were elected to the Freshman Honorary society. He is a member of the executive board of the L. A. Coordinating Council, Past President of the L. A. City Youth Commission and is also a member of Phi Eta Sigma, National Scholastic Honorary Fraternity. The entire patriotic program was arranged by Bob Lovell for the Sons of the American Legion—but Bob suffered an attack of the measles and was unable to see how successful his work was.

**SHORTS**... On Tuesday, May 27, the P.T.A. will sponsor a paper drive. The proceeds are to go for charity. Don't forget to bring all your old papers, magazines, etc. There are to be awards to classes bringing the most. A new member has been admitted to the council. Phillip Hoffman is taking over the new office of Commissioner of Detention. \$185 was realized from sale of tickets for our recent Senior high vaudeville show.

Shaving soap to the value of \$8,500,000 is made annually in the U. S., according to the census. Of this, stick, powder, and cake shaving soap exceeds 5,600,000 pounds and shaving cream with soap base exceeds 7,611,000 pounds.

**Two Ages Blended In Modern Africa**

AFRICA today is almost completely different from the barbaric land of yesterday. There are, says James Saxon Childers in the June issue of Cosmopolitan magazine, two Africas—the primitive about which we know little, and the modern, about which we know less. Childers, a globe-trotter by profession, attended a wild war dance in an African

An African Native Dressed for Tourist Trade.

Jungle which he describes as terrifying. The only trouble, he relates, is that the witch doctor, frightening in his paint, feathers, and rattles, had forgotten to take off his wrist watch.

An encounter with the pygmies of equatorial Africa is one of the astonishing experiences Childers describes in his article. Some romantic authors have called them the "adorable gnomes of the forest," but Childers found them to be the nastiest, scabbiest, stinkingest people on earth. Far from being shy, as they have so often been described, they appeared willingly when the chief was given a fee of ten francs, and the pygmies themselves showered with their favorite luxuries, tobacco and salt. The author was allowed to take pictures, but only at the price of one franc per shot.

When they went into their tribal dance, Childers says, they hopped and dodged about in such a stiff unhappy sort of way that it was obvious they were dancing for francs, not for fun. "They looked so bored," he writes, "that I told the chief to call it off. I am told that pygmies never bathe, that they never wash their children, even at birth, and I believe it."

**R.O.T.C. Men Prefer Duty On Islands**  
BETHLEHEM, Pa. (U. P.)—The call to duty in far away U. S. possessions is attractive to many of Lehigh University R. O. T. C. seniors who will be inducted in the army after graduation this June. Hawaii and the Philippines are the top choice with Puerto Rico and Alaska second choices.

**Over-Sized Socks Supplied Recruits**

DENVER (U. P.)—Private Herbert Tigar of Lowery Field wore holeless socks again today. Tigar has worn out his supply he brought when entering the army as the army was unable to find any big enough. The quartermaster was even hard pressed to find shoes size 15AAA.

But the Red Cross heard of his plight, bought plenty of yarn and knitted Tigar two pairs.

**St. Louis Bank Depositors Fail To Claim \$100,000**

ST. LOUIS (U. P.)—St. Louisans may be frugal with their money, but they also are forgetful about it. The annual report of unclaimed deposits to the state finance department—required by law each year—shows nearly \$100,000 lying unclaimed in St. Louis banks.

One bank reported \$50,111.99 unclaimed. Four deposits were for more than \$2,000 each.

**ONE BIG REASON—**  
**We're glad to be in the newspaper business . . .**

There are hundreds of reasons why we're proud to be newspaper men. But in all of them nothing can match the pride we take in the young men that every week deliver the Torrance Herald to your door. Almost unique is this business in that respect . . . here is created a job that makes business men out of young men . . . shows them responsibility, lets them learn that by serving well they serve themselves best.
