Assessor Ends Annual Canvass

The annual canvass for assessment purposes in Los Angeles county has been completed, but it will be mid-July before new valuations are announced. It was announced this week by County Assessor John R. Quinn.

Approximately 63 per cent of all new buildings are in the unincorporated area and the 44 smaller cities, while 37 per cent are in Los Angeles city, Quinn said.

"While there has been a substantial increase in building values," Quinn said, "there are still large areas in the county where land values have not improved. This stagnation of land values will tend to offset some of the large building increases."

FINGERPRINT FISHERS Gov. Culbert Olson has signed the Dilworth bill requiring fingerprinting of commercial fishermen and operators of boat to transport fishermen and requiring the suspension of license of fishermen who approach within 500 yards of a vessel owned or operated by the U. S. government.

ORDINANCE NO. 328 AN ORDINANCE OF THE CITY OF TORRANCE, CALIFORNIA, GRANTING TO SHELL OIL COMPANY, INCORPORATED,

A CORPORATION, A FRANCHISE TO LAY, CONSTRUCT, MAINTAIN, OPERATE, REPAIR, RENEW, CHANGE THE SIZE OF AND REMOVE A PIPE LINE FOR THE TRANSPORTATION OF PETROLEUM, OIL, AND LIQUID HYDRO-CARBON PRODUCTS THEREOF, IN GAS, OR ANY THEREOF, IN UNDER, ALONG AND ACROSS CERTAIN PUBLIC STREETS, HIGHWAYS AND ALLEYS IN SAID CITY.

THE CITY COUNCIL OF THE CITY OF TORRANCE, STATE OF CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. There is hereby granted to Shell Oil Company, Incorporated, a Virginia corporation authorized to transact and transacting business in the State of California, the franchise and privilege to lay and construct, and for a period of forty (40) years from and after the date of the passage of the ordinance granting such franchise and privilege, to maintain, operate, repair, renew, change the size of and remove a pipe line, not to exceed twelve inches (12") in internal diameter for the transportation of petroleum, oil, and liquid hydrocarbon products thereof and gas, or any thereof, in, under, along and across those certain public streets, highways, and alleys (hereinafter for convenience collectively referred to as "highways") in said City of Torrance hereinafter mentioned, along one (but only one) of the routes described as follows, to wit:

Route No. 1: On Maple Avenue from the northerly terminus thereof to Sepulveda Boulevard, thence easterly on Sepulveda Boulevard to the boundary of the City of Torrance.

Route No. 2: On Hawthorne Avenue from the northerly right of way line of the Atchison, Topeka and Santa Fe Railway Company to Sepulveda Boulevard, thence easterly on Sepulveda Boulevard to the boundary of the City of Torrance.

The route in which said pipe line is to be laid shall be selected by the grantee who shall give to said City Council written notice of the route so selected within thirty (30) days after the passage of the ordinance granting this franchise.

SECTION 2. This franchise is granted and shall be held and enjoyed only upon the terms and conditions herein contained, and the grantee must, within thirty (30) days after the passage of this ordinance, file with the City Clerk of Torrance a written acceptance of such terms and conditions.

SECTION 3. The term "grantee" whenever used herein shall be held to include said Shell Oil Company, Incorporated, or its successors or assigns.

SECTION 4. The grantee shall have the right to construct and maintain such traps, manholes, conduits, valves, appliances, attachments and appurtenances (hereinafter for convenience collectively referred to as "appurtenances") as may be necessary or convenient for the proper maintenance and operation of the pipe line under this franchise, and said appurtenances shall be kept flush with the surface of the highway and so located as to conform to any order of the City Council in regard thereto and not to interfere with the use of the highway for travel. The grantee shall have the right, subject to such regulations as are now or may hereafter be in force, to make all necessary excavations in said highways, for the construction and repair of said pipe line and appurtenances.

SECTION 5. So far as is practicable, said pipe line shall be located along the edge or shoulder of the highway or in the parking so as not unreasonably to disturb the flow of traffic and where possible shall be laid in the unpaired portion of the highway. If the pipe line shall be laid across or along the paved portion of the highway, the repair of the highway, after the pipe line has been laid, may be made by the City at the expense of the grantee, and upon the presentation of a bill therefor, the grantee shall pay the same at once. The expense chargeable to the grantee shall be determined upon the basis of the City's established rates therefor, provided that the amount so chargeable to the grantee shall in no event exceed the actual cost of such repair.

SECTION 6. The pipe line and appurtenances constructed or maintained under the provisions of this franchise shall be constructed and maintained in a good, workmanlike manner and in conformity with all the ordinances, rules or regulations now or hereafter adopted or prescribed by the City Council of said City. All pipe laid

"Public Notices"

under this franchise shall be of first-class material, and no pipe laid under this franchise shall exceed twelve inches (12") in internal diameter.

SECTION 7. The work of constructing, maintaining or repairing all pipes, pipe line, and appurtenances shall be conducted with the least possible hindrance to the use of the highways for purposes of travel, and as soon as such work is completed, all portions of the highway which have been excavated or otherwise damaged thereby shall be placed in as good condition as the same were before the commencement of such work, to the satisfaction of the Superintendent of Streets of said City; and any damage or injury suffered by any person by reason of any excavation or obstruction being improperly guarded during said work shall be borne by the grantee of this franchise.

SECTION 8. Said City of Torrance reserves the right to change the grade of any highway over which this franchise is granted, and the grantee shall, within thirty (30) days after receipt of written notice from said City Council, change the location of all pipes and appurtenances constructed under this franchise so as to conform to such change of grade.

SECTION 9. If any portion of any highway shall be damaged by reason of breaks or leaks in any pipe or conduit constructed under this franchise, the grantee thereof shall, at its own expense, repair any such damage and put said highway in as good condition as it was in before such break or leak, to the satisfaction of the Superintendent of Streets of said City.

SECTION 10. The grantee shall, in good faith, commence the work of laying the pipe line and appurtenances a portion of which is covered by this franchise and privilege within not more than four months from the date of the passage of the ordinance granting this franchise and privilege, and if such pipe line be not so commenced within said time, this franchise and privilege shall be declared forfeited, but the grantee shall not commence the construction of any pipe line under the provisions of this franchise until it shall first have obtained a permit from the Superintendent of Streets so to do. Such permit shall be granted under the provisions of Ordinance No. 282, of said City, passed July 5, 1922, upon application of the grantee, which application shall show the following facts: The length and proposed location of the pipe line proposed to be laid or constructed, the size and description of the pipe intended to be used, and such other facts as the Superintendent of Streets may require. Upon the completion of the construction of the pipe line constructed pursuant to this franchise, the grantee shall render a statement to the Treasurer of said City of Torrance, showing in detail the permit or permits issued and the total length of pipe line, the construction of which was authorized under such permit or permits, and the total length of pipe line actually laid, and the grantee shall accompany said report with payment to the Treasurer of said City of Torrance for the pipe line which has been actually constructed under this franchise at the rate of One Dollar (\$1.00) per rod.

SECTION 11. On or about the 15th day of January of the year following the year in which said pipe line or any portion thereof has been laid and constructed, the grantee shall file with the City Council a map or set of maps each drawn to a scale of not less than 600 feet to one inch, showing in detail the exact location and size of all pipes laid by it beneath the surface of the public highways hereinabove described. Likewise, whenever any portion of said pipe line located under the surface of said highways is abandoned, the grantee shall, on or about the 15th day of January of the year following that in which such abandonment occurred, file with said City Council a statement in writing, giving in detail the location of the pipe line, or portion thereof, so abandoned and a map or set of maps showing the location and size of all pipes laid under this franchise and not theretofore abandoned.

SECTION 12. The grantee shall, beginning at the expiration of five (5) years after the date of the granting of this franchise and continuing thereafter during the life of this franchise, pay to the Treasurer of said City of Torrance that portion of two per cent (2%) of the gross annual receipts of such grantee arising from the transportation of petroleum, oil, liquid hydrocarbon products thereof, and/or gas through the pipe line of the grantee of which the pipe line laid pursuant to this franchise is a part that the length of the pipe line laid pursuant to this

"Public Notices"

franchise bears to the length of said pipe line of which the line laid under this franchise is a part. If such portion of such gross annual receipts of the grantee does not equal a sum computed at the rate of \$40.00 per mile for the length of the portion of the pipe line laid pursuant to this franchise, then, in that event, grantee shall, in addition to such portion of such gross annual receipts, pay such additional sum as is necessary in order that the annual payment shall equal the sum computed at such rate of \$40.00 per mile; provided, however, that such percentage and/or minimum payment shall not be required for the first five years after the date of the granting of this franchise, but thereafter the payment provided for in this paragraph shall be payable annually. Notwithstanding the foregoing provisions of this paragraph, the grantor shall have the advantage of any act of the Legislature of the State of California which may hereafter be enacted covering the subject matter hereof whereby municipalities may thereafter receive a greater return for the use of franchises of the character provided for herein; provided, however, that such greater return shall be applicable only with respect to payments accruing subsequent to the effective date of such legislation.

SECTION 13. It shall be the duty of the grantee to file with the City Clerk of said City of Torrance at the expiration of six (6) years after the date of the granting of this franchise, and at the expiration of each year thereafter, a verified statement showing the total gross receipts of the grantee, during the preceding twelve (12) months, from the transportation of petroleum, oil, liquid hydrocarbon products thereof, and/or gas through the pipe line of grantee, of which the pipe line laid pursuant to this franchise is a part; and within ten (10) days after the filing of said statement, it shall be the duty of said grantee to make to the City Treasurer of said City of Torrance the payment provided for in the preceding paragraph hereof.

SECTION 14. Said grantee shall not sell or assign this franchise, or the rights or privileges granted thereby without the consent of the City Council, nor shall this franchise be sold or assigned except by a duly executed instrument in writing filed in the office of the City Council of said City of Torrance; and nothing in this franchise contained shall be construed to grant to said grantee any right to sell or assign this franchise, or any of the rights or privileges thereby granted, except in the manner aforesaid.

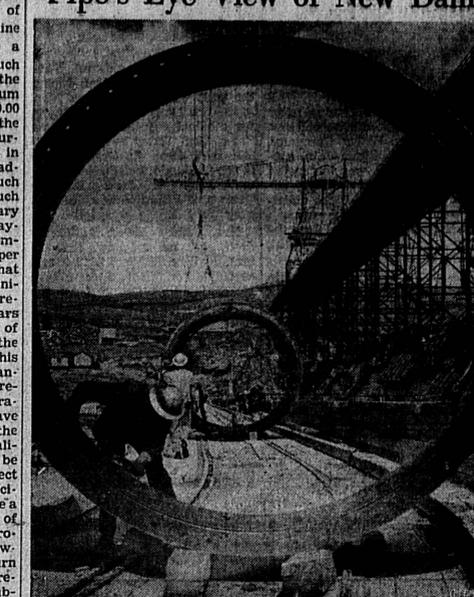

SECTION 15. Upon any neglect, failure or refusal of the grantee to comply with any of the conditions of this franchise, said City Council shall, upon the conditions of this franchise forfeited, and may exclude said grantee from further use of the highways of said City under this franchise, and said grantee shall thereupon surrender all rights in and to this franchise, and it shall be deemed and shall remain null, void and of no effect.

SECTION 16. The grantor, or any successor municipal corporation hereafter formed, shall have the right at any time after five (5) years from the taking effect of the ordinance granting this franchise, to acquire the works, property and rights of the grantee, or any portion thereof, constructed, acquired or operated under this franchise upon making reasonable compensation therefor.

SECTION 17. This franchise is granted subject to the further condition that the grantee here and hereafter shall have the life of this franchise keep on file with said City Council a bond running to said City in the penal sum of Five Hundred Dollars (\$500) with at least two good and sufficient sureties to be approved by said City Council, conditioned that the said grantee shall well and truly observe, fulfill and perform each and every term and condition of this franchise and that in case of any breach of condition of said bond the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and from the sureties upon said bond.

SECTION 18. This ordinance, and the franchise hereby granted, shall take effect and be in force at the expiration of thirty (30) days from and after the date of final passage and the City Clerk shall certify to the passage of this ordinance and, within fifteen (15) days after the date of passage thereof, shall cause the same to be published at least once in the Torrance Herald, a weekly newspaper of general circulation,

Pipe's Eye View of New Dam

This isn't a pipe dream, but a pipe's eye view of progress on California's Friant Dam. These giant rings are bell mouths for permanent outlet pipes for San Joaquin River. Similar outlets will control flow into Friant-Kern and Madera Canals.

Dog Meets Train To Get His Bone

ORDWAY, Colo. (U.P.)—Fido a 14-year-old mongrel, goes to the railroad station every night a few minutes before a Missouri Pacific passenger train streaks by. A train chef tosses a bone out the window. Fido scrambles for it and goes away to feast upon his Pullman dinner.

STORKatorials

MATHEW E. SOMERVILLE was born to Mr. and Mrs. T. T. Somerville of 1414 Chavens ave. at 8:50 a. m. May 23 at Torrance Memorial hospital. Their first child, he weighed 8 pounds 11 ounces.
