TORRANCE MEMORIAL HOSPITAL

**** A royal welcome among our good-will building folks is extended to Torrance Memorial Hospital, 1425 Engracia, today—an accredited "Class A" Hospital by the American College of Surgeons, whose only graduate registered nurses in the State of California are engaged, where the feeling of friendly helpfulness is paramount and where inspiring Esther Maxwell, Superintendent, radiates the very spirit of health and cheer to everyone with whom she comes in contact. Deep tribute is due Jared Sidney Torrance, for the vision actuated by his love of Torrance and humanity, in founding this splendid institution, so great an asset to this fast growing community. The officers and directors, all progressive home folks, filled with the urge to keep Torrance in the front lines, are: R. R. Smith, Pres., Grover C. Whyte, Vice-Pres., Donald Findley, Sec'y., Dr. J. W. Beeman, Treas., Mrs. Dorothy Jamieson, Mrs. Minnie Brooks, Mrs. Mina Shidler, Dr. R. W. Flesher and Otto A. Krasse. A Bluebird played the notes telling us Crawfordville, Ia., is where "Esther" answered her first school bell; trained at Mercy Hospital, Davenport, Ia.; forgets all her dignity at a baseball game; civic minded; always has time for Business & Prof. Women's Club and Chamber of Commerce; happy over new building plans now in progress; keeps sunshine wherever she is, and our floral salute today goes to her and her Board of Directors for keeping in step with everything that means high standard community growth.

Ph. 221 and make known: When was the hospital opened under her supervision?

CHARLES B. DUNHAM

**** OUR traffic signal stops today directly in front of Dunham's new Auto Parts Store, Carson at Haldade, where a friendly handshake awaits you; where there's a complete stock of parts, a machine shop for reborring, valve grinding, etc., making this corner a double asset in this fast growing sector. Dunham's Service Sta. has served motorists faithfully for 10 years, during which time Mr. and Mrs. Dunham (his right hand man) have transformed this corner into a little gem of interest, beauty and excellent service. Their Sunset products never disappear; that goes for their A-1 tube job; and being an expert mechanic himself you can rest on what Mr. Dunham tells you. "Charlie" first learned about baked beans in Boston, Mass.; dined for first Indian-head coppers; hates to miss a baseball game; with Uncle Sam's Ambulance Corps overseas; Legionnaire; President of East Torrance Chamber of Commerce and treats everyone as he would like to be treated. His 1-and-only "self" saw her first "rival" meet in Clintonville, Wis.; earned valuable business experience in First National Bank of North Bend, Ore., of which her father was president; former newspaper woman; traveler at heart; loyal to Legion Auxiliary; daughters Marjorie and Mrs. Joy Kenworthy keep life sparkling and you'll always find these enjoyable home folks "on the beam" in progress lane.

EDWARD and HELEN JOSEPH

**** WE take pleasure in presenting in this paragraph, Helen's Cafe, 1223 El Prado, where meals, lunches and fountain service are of unusual excellence, and their malted milk the talk of the town. Mr. and Mrs. Joseph give away friendliness and good cheer wherever they find it is needed. "Ed" visited this rolling globe first at Damascus, Syria, oldest inhabited city on earth; came to America when 19; overseas World War Veteran; in business here three years; track pinhead player; never misses the high spots on a car trip; cigarette consumer; in business at Omaha, Neb., before coming here. "Helen" first heard the school bell ring at Brookfield, Mo.; choosy on radio; but likes all quiz programs; could beat a bunch of medalists at hiking; has merry glint in her blue eyes; good cook and knows her top of the range technique; and Mr. and Mrs. Joseph go to-

TORRANCE BRASS FOUNDRY

**** LET'S keep up to the minute on the folks and facts that help keep Torrance in the limelight as a big spoke in the wheel of industry, and it's good to know that Torrance Brass Foundry, 1825 213th Street, is a recognized asset to the manufacturers all over Los Angeles County. They make all kinds of brass, bronze and aluminum castings. Their raw material comes from all over the United States. They supply employment for from four to eight highly qualified men. The business was founded here in 1933 by Frank H. Clark and his son, Harold, always front rank boosters for this home town, and wide-awake Harold now shoulders foundry responsibilities, while his mother, Mrs. Frances B. Clark, partner in the business keeps office affairs in smooth running order. Boston, Mass., claims "Harwood's" first look at the world; hustling the lawn mower earned first picnic money; brisk swim or snappy game of tennis satisfies sports urge; lived here 22 years; knows first names of all the fellows at Kiwanis; believes in supporting Chamber of Commerce activities; never too busy to be courteous or co-operating; both Harold and his mother built on the foundation of true friendships and you will always find them aboard the steamroller that works for the good of Torrance.

AUBREY ("RED") BROWN

**** CAR owners, take our advice and get acquainted with Aubrey Brown (better known as "Red") and his B & M Auto Service, 2172 Torrance Blvd., where you get auto repairs done by a natural born mechanic. What he would want another good mechanic to do for his car—that's what he does for your car... puts himself in your shoes and acts accordingly on the good old rule of honesty. Chrysler Products are his long suit, including Dodge and Plymouth, but he welcomes a chance to take care of your car trouble no matter what car you drive. The neighborhood folks in Columbus, Mo., were all disturbed from their sleep the night young "Red" came bounding in through the door; felt rich when 11 years old over baby government bond bought with first dollars earned in a bicycle shop (no—he does not own it any more); will take "seconds" on fried rabbit or chicken with lots of gravy; chews gum, smokes cigarettes and never needs a printed invitation that says "let's go fish"; couldn't get along without his happiness Clara nor their Albert George; owner here two years; lived in Torrance since 1936; goes to bat every time Torrance needs a pal; works like a dynamo—and he's the sort of fair play person who gets under your skin, but never in your hair.

KATHERINE MULLIN

**** YOU can see them every day—in the pictorial magazines, on the silver screen, lovely women known to fame. But hidden in the limits of Torrance, is beauty as glorious as dawn, beauty that never graced stage or screen—beauty that makes America the true land of charm. A place in Torrance that has done a great deal toward bringing out "hidden beauty" is Katherine's Beauty Shop, 1149 El Prado, operated by Katherine Mullin. "Katherine" wore her first baby pink hood at Sydney, Nova Scotia; in business seven years; our oldest active beautifying artist; very much unmarried (Boys, write her care of me); excellent dancer—dotes on trying out new steps; dependable member of Catholic Church; hates to miss Phil Harris Band on the air; favorite dish is fried chicken; cheerful as a bunch of buttercups—and as genuine as the day is long.

FRYBYS MANUFACTURING COMPANY

**** SOLD exclusively thru supply houses all over the

world since 1912, is the Improved Fritts Sucker Rod Hanger, which was designed and developed by George B. Fritts, 1815 213th Street, one of the men whose names "rate" in the oil industry. They know the Fritts Hanger is safe and will last a life time; will not slip or drop the rod and that they actually fit and clamp each different size rod and positively lock. Another fact we want all oil men to know is that there are "more" Fritts Rod Hangers in use than all other makes combined—and that's a record worth being proud about. He developed and patented his Fritts Sucker Rod Hanger in 1912 and has always been mighty close to the oil fields. It was near Brownwood, Texas, that "George" first had to stay after school; when only 13, got first job in the oil fields of Bakersfield in 1900; if you're aching for a real game of golf look him up (he has a seven handed "right" answers "here" at Hole-in-One Club and a member of Palos Verdes Country Club since 1926; Eva May helps him keep his feet on the ground and Ernest G., Dale C., Dorothy and six lovable grandchildren are their blessings; he's never asleep on the job; sees the best in things and he'll stick to his friends until the Pacific Ocean freezes over.

Ph. 542 and release: When did he start his business in Torrance?

"Christian Science" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The Golden Text is from Isaiah: "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God."
The Lesson-Sermon includes these words from John: "When I saith unto him, Lord, we know not whether thou goest; and how can we know the way? Jesus saith unto him, I am the way, the truth, and the life; so man cometh unto the Father, but by me. . . . If ye love me, keep my commandments. And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever; Even the Spirit of truth; . . . These things have I spoken unto you, being yet present with you. But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you."
Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy state: "Christ's Christianity is the chain of scientific being reappearing in all ages, maintaining its obvious correspondence with the Scriptures and uniting all periods in the design of God." "The Sermon on the Mount is the essence of this Science, and the only way to life, not the death of Jesus, is its outcome."

Church Plans Evangelistic Services Here

Following a successful "Christian Youth Rally" held last Monday night at the Clive Auditorium with about 450 attending, the Torrance Foursquare Gospel church will launch a series of evangelistic meetings Sunday night. Rev. Hooper White and party will be in charge of the services, which

will be held nightly at 7:30 o'clock except Saturdays and Mondays, according to Rev. Ben Griffith, local pastor. The "Youth Rally" was featured by an address by Rev. Ronald Holcomb of Los Angeles, music by the Color Bearers male quartet and numbers by Marjorie and Roy Grusendorf.
