"NAVY INTELLIGENCE"

May I have an opportunity to get into Annapolis if I enlist in the Navy?

Yes, a total of 200 men from the Regular Navy and the Naval Reserve may be selected to attend Annapolis each year.

The Navy seaman who applies for admission into the U. S. Naval Academy must be over 21 years of age on April 1 of the year he hopes to enter Annapolis.

Your nearest Navy recruiting office will supply you with complete information.

What will the private yachts, sold or presented to the U.S. Navy, be used for?

These boats will join the sea forces as gun boats, sub-chasers and patrol boats. Car ferries can be used as mine layers.

Does the Navy give a man vacations with pay?

Yes. All men in the Navy are entitled to a long leave with pay each year of their enlistment.

Can a Navy seaman express his preference for his next assignment to duty?

Any seaman can express his preference for his next assignment to duty and so far as is practical his wishes are granted.

However, the contract that is signed by all enlisted men in the Navy states among other facts that "no promise of any kind has been made to me concerning assignment to duty."

Are there any opportunities for musical instruction in the Navy?

Yes. The U. S. Navy maintains a School for Musicians in Washington, D. C. Young men who qualify for this schooling are given a 16-week course.

When I have received a U. S. Navy rating in one field, may I change to another field?

Yes, if you are qualified. And you will not lose either your rating or your pay.

Is exercise required in the Navy?

Yes. In addition to regular training activity there is an order from the Secretary of the Navy that requires the entire personnel of the United States Navy to take 30 minutes of exercises daily.

Where is a new Navy recruit sent for his first training?

He is sent to one of our four Naval Training Stations in the United States: Newport, Rhode Island; Great Lakes, Illinois; Norfolk, Virginia; or San Diego, California.

What is the next move after I have finished my training at one of the four U. S. Naval Training Stations?

After the training period is finished you go home on leave at full pay.

When I enlist in the U. S. Navy or the Naval Reserve may I do any work in connection with aviation?

Yes, if your aptitude qualifies you, you might choose to study for one of these trades—for example, aviation machinist, aeroplane, radioman, aviation steamfitter, bombight mechanic, MATI machinist or aviation ordnance man.

Is it necessary for a sailor in the United States Navy to know how to swim?

It is not necessary for an applicant to know how to swim in order to be accepted by the Navy, but every new recruit is given a swimming test at the Navy Training School. Here he

58,000 CALIFORNIA FARM FAMILIES BUY THEIR EGGS

BERKELEY. — More than 58,000 farm families in the state now buy eggs and poultry for home consumption that could be produced on their own property. W. E. Newlon, poultry specialist in the University of California of California Agricultural Extension Service, revealed today.

According to the 1940 census figures, said Newlon, chickens are now kept only on 78,311 or 55.3 per cent, of the state's farms. A properly managed small flock of chickens on the remaining farms would produce a generous and economical supply of meat and eggs that now must be purchased, he added.

These home produced poultry products, he pointed out, would add a welcome variety to the average family diet. Eggs are recognized as one of the most complete natural foodstuffs since they are rich in essential proteins, minerals, and vitamins.
