

Girl Scouts Filling Yule Stockings for Old Folks' Home

By CAROL VENABLE
The Girl Scouts of Troop No. 2 of Torrance met last Tuesday at the Girl Scout hall and made red Christmas stockings for the old folks' home. We are going to fill them with cookies, candy, apples and oranges. We had planned a hike for Saturday but it was too wet. Yesterday we met at a nearby

church and made cookies and candy to put in the stockings. Next week we are going to finish making the candy and cookies. A investiture ceremony was held after we had finished cleaning up.

American Made Electrical Gifts Perfect for Home and Hostess

Because electrical gifts are "Made in America" gifts they have more appeal this year than ever and are sure to be appreciated by every member of the family who uses them.
Christmas season entertaining takes on added zeal when the correct services for hospitality are available in the home . . .

Dual Automatic Toasters
Among the most popular gifts of chromium are toasters — a new "Dual Automatic" type is featured this year . . . this regulates the color and degree of crispness of the toast . . . Another new type has a dial control which pops up toast automatically and, in addition, one slice may be removed without disturbing the other.
Wide Choice Electric Coffee Makers
Coffee makers of all kinds are always good gift items separate or in complete sets with serving trays . . . glass coffee makers complete with electric stove are very popular gift items, those which have a glass filter rod are most popular, but all are efficient and work quickly to produce clear full flavored coffee.
Electric table broilers are luxury items for many people but really necessities for those who get used to cooking at the table with little effort . . . Many good styles at prices ranging from as low as \$6.00.
Waffle irons, single or double, round or square shapes are pe-

renial Christmas gifts for the home . . . these are often offered in sets with a batter pitcher, syrup jug and servers.
Electric irons are useful gifts for the women members of the family . . . light weight travel irons for the young business woman or one who travels often . . . heavy automatic types for the housewife who wants to lighten her work. A folding iron which weighs less than two pounds has a plastic handle and is equipped with a slide fastener traveling case . . . a new automatic iron has an air cooled feature and is equipped with dual sole plate for flatwork, tucks, ruffles and corners, the iron also has a handle convenient for a left or right-handed person.
Steam irons which are fully automatic for dry and steam ironing are again best sellers and a pleasure to use on wool, rayon or cotton.
Labor-saving devices such as vacuum cleaners, electric wash-

ers and ironers are often presented as family gifts to the home and are promoted as such in most electrical departments.
Electric refrigerators make marvelous family gifts at Christmas time . . . Sometimes an old electric refrigerator is timely replaced at Christmas time.
Electric Gifts for Personal Use
Sun lamps and electric vibrators are often presented as luxury gifts to the older members of the family or to convalescents and of course there is the electric blanket, which has long been a luxury gift item which sells steadily at a price just under \$50.00. Electric heating pads are classed as necessities.
STRONG STOMACH
Comic strips rate No. 1 with the boys in camp. Who says our soldiers can't take punishment in stride?
You have a right to choose the habits you are willing to have rule over you.

JEWELRY, NO LONGER A FAD, is to most men a necessity towards their being sartorially perfect. Twin initial buckle, regulation or extension key chain and cravat chain. In complete sets such as these, should put you on the receiving end of a well planted kiss. Individual initial jewelry is, to most men, preferable.

EVERY WOMAN wants jewelry for Christmas — so why not give her a piece or all of this matching set of Athenian art jewelry. In ruby, emerald, sapphire or amethyst with gold or silver finish.

Story Hours at Library Told
A new schedule of story hours at Torrance public library was announced this week by Mrs. Dorothy Jamieson, librarian. All youngsters are cordially invited to attend the entertaining sessions in the library's exhibit room. Stories will be read Tuesday, Dec. 23 and 30 and Friday, Jan. 23, starting at 2:30 o'clock.
