

Torrance Clear of All Japs as Area Evacuated

Approximately 2,500 more Japanese evacuees from the South Bay-Los Angeles area, including all remaining persons of Japanese ancestry in Torrance, joined the 3,000 previously assembled at the Army's Santa Anita race track assembly center Monday and Tuesday. They were removed to conform with Civilian Exclusion Order No. 6 issued by Lieut. General J. L. DeWitt, commander of the Western Defense command.

The persons involved were ordered to report for registration last Wednesday and Thursday in Lawndale. In the order, the area covering all remaining Torrance Japanese was described as all that portion of Los Angeles county lying generally south of the east-west line established by Manchester ave. and Manchester ave. extended, and lying generally west of the north-south line established by Western ave., excepting therefrom all that area from which persons of Japanese ancestry, both aliens and non-aliens, have been excluded heretofore by order of headquarters.

Nippon Property Guard Redoubled

Police patrols guarding evacuated Japanese property were redoubled this week following thefts at two of an estimated 200 such vacated homes here. Police said valuable carpenter's tools were taken from one vacated house and 200 feet of garden hose from another former Japanese dwelling.

Numerous self-appointed "garden and berry salvage collectors" during the last week have plagued Torrance officers, who announced those stripping vegetables and berry fields would be arrested and prosecuted.

Officers picked several "salvage squads" which acted within the last few days had protested they didn't know that the Japanese retained all rights to their crops and asserted they thought themselves doing a patriotic act by preventing waste.

13 Patients Enter Hospital

Thirteen patients were received at Torrance Memorial hospital during the past week. They were: Mrs. Emma Brown, 22204 South Main st., April 8 for medical care; Mrs. Elizabeth Clemmer, 2313 Carson st., April 15 for an appendectomy; Edward Castine, Redondo Beach, April 14, for surgery; Siegfried Christensen, Redondo Beach, April 11, for medical care; Mrs. Esther Cook, 1876 218th st., April 15, for medical care, and Mrs. Alice Corsaro, Redondo Beach, April 13 for surgery.

Mrs. Mae De La Cruz, 13276 Florence ave., April 13 for medical care; Edwin F. De Fresse, 1212 El Prado, April 15 for surgery; Henry Elmeler, Los Angeles, April 13 for surgery; Mrs. Jane Ferguson, Redondo Beach, April 14 for medical care; Nelse Jorgensen, Gardena, April 8 for surgery; Robert Otto, Redondo Beach, April 8 for surgery, and Miss Hazel Peterson, Palms Verdes Estates, April 12 for surgery.

Shoestring Group Plans Meeting Friday Night

A meeting of the Shoestring Strip Improvement association will be held Friday night, April 17, 7:30 o'clock at 1601 Carson st., to discuss the needs of the community during wartime. Assemblyman Vincent Thomas is scheduled to speak. All residents of the Strip area adjoining Torrance are invited to attend. Oscar Fuss of the mayor's council will also speak.

JOIN AIR CORPS
James Franklin Miller of 2014 Torrance blvd. enlisted in the Army Air Corps yesterday. A Rolling Hills resident, Carl Robert Bauer, also joined the same service.

Starts War Traffic Club

REMEMBERING that her father gave his life for traffic safety, Miss Betty Malin of 1870 Plaza del Amo this week voluntarily signed one of the "pledge posters" of the War Traffic Club instituted by Judge John A. Shidler of Torrance. She is the daughter of the late William Malin, well-known State Highway Patrol officer, who was killed trying to halt a speeder.

Vallejo Miss Wants Flag Kept Flying

Reproduced on the front page of a recent issue of the Vallejo Times-Herald was a "resolution" written by Macey Claire Edgar, seven-year-old granddaughter of Mrs. Minnie M. Foreman and great-granddaughter of Mr. and Mrs. John Wesley Craig of 1465 West 218th st. It is a simple little note but it packs a real thought. Little Macey asked 150 million Americans to fly the flag every day.

In her childish scrawl and in the simple truth of honest Americanism, she wrote: "Fly The American Flag. We should all fly the American Flag because we are Americans, and we want to show it."

"We want to show our Soldiers, Sailors and Marines that we love them and we want to help them. We should fly our Flag because we want to show Uncle Sam that we love him, too."

"Our Flag is the most beautiful Flag in the world, and we are proud to fly our Flag every day." "It's something," she told Vallejo reporters, "to ask everybody to fly our Flag every day. All the little girls I know think we should do that."

"And so do all the guys we know," a reporter broke in. "MacArthur, for instance." "All over America—every day!" Macey asked, and smiled. "Until our soldiers and sailors win and come home!" "Until they win—and come home," she was told.

"Thank you," Macey smiled and went home.

TORRANCE HI NEWS

THERAPY STUDY . . . One of the most interesting classes held at Torrance high is the occupational therapy class taught by Miss Ada Chase. In this class the students learn to make baskets, jewelry, and do leather work in preparing for a helpful life after school. This kind of work develops muscles that have stiffened and helps mental cases. This, however, does not mean that those taking this class are of that kind but that they will be able to teach this work to those disabled in this war. It was started by the ancient Egyptians and has always been used for people in mental trouble. The course offered at Torrance high is a foundation study and further training is offered at U. S. C.

BUY CHINA SERVICE . . . The Luggage Day sponsored by Girls' League and Tartar Knights, was such a success that now the girls are clamoring for one. Perhaps there will be another one in the near future. With the money earned by Luggage Day it was decided to buy the school a China service.

BRIDE-TO-BE . . . It looks as though we might be losing one of our favorite teachers as Miss Margaret Woods is now flashing an engagement ring around.

RIPPY V-P . . . Due to the fact that Bill Wise, Boys' League president, joined the Army an election was held Tuesday for another one. The winner turned out to be Charles Rippy.

AIR CORPS GRADUATE
Private Claude L. Yates, son of Mrs. Fannie B. Eskert, 201 Cepulveda blvd., Torrance, was graduated this week from the Air Corps technical school at Keesler Field, Miss., after completing a 19-week course as an airplane mechanic.

Army Asks Ban on Beach Lights

Open fires will be banned on the beaches after next Tuesday, under an ordinance being prepared today by County Counsel J. H. O'Connor, at the direction of the board of supervisors. The ordinance will contain an emergency clause, making it effective immediately upon adoption, and will also ban flashlights and lanterns on mountain areas that can be seen from the sea.

County supervisors acted after receiving an appeal from Major General E. J. Dawley, commanding the 40th Infantry Division.

"Approach of spring and summer brings a distinct problem to the army force in control and surveillance of the beaches in Southern California," General Dawley said. "It is not known exactly what form our enemies may employ to attack us. It is possible there will be 'nuisance' raids by gunfire from submarines on our shores.

"If these raids occur while beaches are congested they would cause confusion and a traffic tie-up that would seriously affect the functioning of the armed forces. The resulting injuries are more to be feared than injuries or destruction from gunfire.

"It is not our desire to close the beach area but it is recommended that large gatherings in congested areas along the beaches be discouraged and that the population be urged to go instead to the mountains and valleys," General Dawley stated.

"Traffic violations resulting in death to a defense worker or any member of his family have been termed comparable to treason," Judge Shidler said. "Accidents sabotage America's war effort. Accidents slow up production, take the lives of skilled workers, cause loss of time, much confusion and delay. Every American should guard against accidents and thus do his part toward a quicker, decisive defeat of the Axis powers. Any effort to reduce damage and injury on the highways has merit. The state urges us to 'Keep It Under 40' to conserve rubber, gasoline and oil. I endorse that move by demanding that pledge from all traffic violators in my court."

The Torrance magistrate is keeping a file of all signed pledges that are returned and who betide any War Traffic Club member who violates any motor vehicle law and has to appear before him.

Transit Hearings In Progress on State R. R. Survey

Surveys of the transportation and public utilities in Southern California, compiled after nine months of investigation by the State Railroad Commission are now being reported to the State Council of Defense at meetings this week in the State building at Los Angeles.

General sessions began this morning. One of the most important reports to be made will concern the formulating of a plan for solution of the transportation problem within war industry areas. Local defense workers have been asked to fill out extensive questionnaires regarding all details of their transportation to industries here.

This information is expected to result in extensive changes in present transportation lines in order to meet the needs of the workers.

INTEND TO WED

Notices of intention to marry were filed this week by: Junior Eugene Kitchlighter, 20 of the U. S. Army, and Marie K. Turner, 21 of 1749 Arlington ave., Torrance.

Everett R. Shelton, 20 of 1005 Maple st. and Mary Correia, 17 of 1110 West Maple st.

Curfew Violator Freed by F.B.I.

Failure to observe curfew regulations resulted in the arrest Sunday night of Felix Mading of 2066 262nd st. Mading, who has been a resident and property owner in Lomita for many years, is a German alien.

He was released Monday after his explanation was accepted by the F. B. I. Mading had dined with friends and failed to note the time, he explained.

"If these raids occur while beaches are congested they would cause confusion and a traffic tie-up that would seriously affect the functioning of the armed forces. The resulting injuries are more to be feared than injuries or destruction from gunfire.

"It is not our desire to close the beach area but it is recommended that large gatherings in congested areas along the beaches be discouraged and that the population be urged to go instead to the mountains and valleys," General Dawley stated.

Library Will Take Books for Service Men

Tomorrow, Friday, is Victory Book Day when all residents are asked by President Roosevelt to contribute as many good books as they can spare to the men in the armed services—the soldiers, sailors, and marines at home and overseas who, while fighting and training to fight, still have time to read and appreciate a good book.

The public library will serve as a collection depot and will be glad to send on the local donations to the proper authorities. Only good books are wanted—not the out-of-date novels, propaganda pamphlets for forgotten causes or out-moded travel, technical or handicraft books.

TO PORTLAND
Mrs. W. R. Peer and son Eldon left this week for Portland, where she will enjoy a short vacation with relatives and he will remain to work.

Janitor to Take Stand In Trial

John Sokolis, former janitor at the Fern avenue elementary school, was scheduled to take the witness stand in his own defense today at his trial on morals charges in Superior Judge Clement D. Nye's court. Trial is being held behind closed doors.

A jury of seven men and five women was selected yesterday to hear the charges against the middle-aged man. Several school children were called to testify against the man yesterday afternoon by Deputy District Attorney George Kemp.

Sokolis' attorney, Werner Praul, said he would put his client on the witness stand today to refute the testimony given against Sokolis yesterday. It was expected that the trial would be concluded today.

Charcoal has been made subject to rationing in Switzerland.

Softball League Meets Friday to Plan Series

Everyone interested in the proposed Torrance Twilight Softball league should attend the meeting tomorrow (Friday) night at 7:30 o'clock at the Recreation center on Arlington ave. Rules and by-laws are to be adopted for the coming series and officers elected, according to Dale Riley, city recreation director.

Man can never fully know the best that's in him.
