

Eight Teams In New Women's League; Friday Evening Marks Opening Set-to

Represented by the Five Aces, Stinkers, Pin Busters, Gutter Girls, Hell Cats, Bombers, Mickys and Machine Shop, the N.S. Co. Women's Bowling League for the winter season started last Friday evening. The league just completed did not see the winner decided until the last night and the new league promises competition just as close and exciting.

from both plant and office and the 28 weeks of league play offer an excellent chance for the girls to become acquainted and make new friends. In addition to the team captains, Laverne Sevier, Gladys Forbes, Beverly Whitney, Connie Brandt, Lois Jayne Allen, Agnes Sopschinsky, Esther Figueredo and Mickey Twyman, several others are also deserving of commendation for their work and efforts in behalf of the Nation-

al Women's League. Joan Wehrli as president of the group has done much toward its success and organization while Secretary Bess Anderson has handled the money and weekly scores and results most admirably. As the guiding lights behind the group well-known Jim Barker and Counselor Margaret Voochess have done a fine job. To these parties, the women bowlers extend their thanks and appreciation.

Age Limit Changed For Police Officers

The city council at its meeting last week instructed the clerk of the Torrance Civil Service Board to address a letter to the clerk of the county Civil Service Board advising that, because of the war emergency, the age limit for employment of police officers in Torrance is from 21 to 55 years. The original city ordinance set the eligibility limit from 21 to 45 years.

Penney Stores Beat War Bond Quota by 400%

Secretary of the Treasury Henry J. Morgenthau has just telegraphed the J. C. Penney Co. congratulations on the magnificent job of War Bond selling which the company's 1610 stores turned in during the month of July. Last July, the Penney Co. sold 8 1/2 million dollars in War Stamps and Bonds to set a high record for the chain and department store business. This year, in an attempt to surpass the 1942 figures, a quota of ten million dollars was set. The complete report for July which was forwarded to the secretary of the treasury last week, announced the amazing total of \$12,335,816.85, or four times the quota set for the campaign, and only nearly five times the figure of the preceding year. In this one month, Penney stores sold 25 per cent more in Bonds and Stamps than in merchandise. In terms of war equipment, this means 500 fighter planes, 200 light tanks, five destroyers and five submarines.

News of this July achievement, together with the secretary's telegram of congratulations, were released at a time when the Penney Co. was engaged in an all-out endeavor to go over the top again this September in the

Third War Loan Drive. While the company average of bond sales for July amounted to 125 per cent of its merchandise sales, individual stores and individual states turned in far greater percentages.

Army, Navy, Coast Guard, and Marine men and women, governors, senators, mayors and stars of stage, screen and radio appeared at Penney stores from coast to coast during the campaign. One store auctioned off baseballs for bonds, autographed by the New York Yankees, the Brooklyn Dodgers, the St. Louis Cardinals and the Washington Senators.

Many of the Penney Co.'s own 4674 men and women in service appeared, among them such outstanding heroes as Lieut. Bob Smith of Stephenville, Texas, pilot of the Flying Fortress "Dearly Beloved" that accounted for 11 German fighter planes on one bombing raid.

Penney stores in 48 states filled their windows with photographs of local servicemen. This year, in a series of window displays, was one of a series showing how "Bonds Buy Guns, Buy Planes, Buy Ships, Save Lives."

Not only Penney window space, but advertising space as well, was given over generously to the bond sales cause. Tens of thousands of column inches of advertising urged the purchase of bonds.

Altogether eight Penney associates sold more than half a million apiece in War Bonds and Stamps. The average Penney associate sold more than \$1000 in Bonds and Stamps.
