Four-Four Plan At High School Aids Industry

By NELDA PARKER

Several students of Torrance high school are going to school on the four-four plan, a system of school and war work combined. The students go to school four hours a day, usually in the morning, and work outside of school four hours during the afternoon. The students receive credit for the hours they spend in industry, their employers rating their contribution on the job, which gives the student a chance to get work experience and his education at the same time.

There are many jobs open to students using the four-four plan. Most of the students worked on regular jobs during the summer vacation and did not want to give them up when school started. By using the four-four plan they are able to go to school and still hold their jobs. Industry gains the assistance of these part-time workers without their having to forfeit their educational opportunities.

year imprisonment, \$5,000 fine, or both.

RETURNS HOME... Tom I. Bray, machinist mate, 2/c, returned last week following 25 months' service including duty in the Aleutians and in the Central Pacific where he served aboard a destroyer and auxiliary craft, respectively. Following a major operation in September, 1943, Bray had been hospitalized and has now received a medical discharge. He is now employed at National Supply Co. as a machinist. A son of Mr. and Mrs. T. A. Bray of 2011 Andree ave., he has two brothers in service, Charles G., a private 1/c, AAF, stationed in Corsica, and Joseph P., a gunner's mate, 3/c, in the South Pacific.

T. H. S. DOWNS PIRATES IN FIRST WIN

By MARVIN KENT

Well, folks, the Torrance high school varsity football team finally came through with a win. Last Friday the fighting Tartars downed the San Pedro Pirates 20 to 0 in front of a home crowd of about 700 people.

The tossup was won by Torrance, who elected to receive to start the game. San Pedro kicked off, with Gordon Smith receiving the kick and returning it to the Torrance 30-yard line. From there the Pirates held for four straight downs. Taking the ball, the Pirates were forced to kick. The kicker was hard pressed by a fighting Tartar line and was forced to kick high. Gordon Smith, Torrance's star quarterback, caught the ball on the 30-yard line and returned it to the Pirate 11-yard line. On their first down, Torrance tried the line, but found it a little too strong, so on the next play Gordon Smith passed to Kent, the Torrance right end, for the first tally. Robert Warning converted to make the score 7 to 0. The rest of the first half was spent with Torrance holding the ball and driving hard, but the half ended with the score still 7 to 0 in favor of Torrance.

The Tartars kicked off to start the second half. San Pedro returned the kick to their own 40-yard line. After three unsuccessful plays, the Pirates were forced to kick. On their own 33-yard line, the Tartars started another march. A pass from In term to Kent was good for 30 yards to the Pirate 38-yard line. After a series of line plays, highlighted by Gerald Jackson and Sam Intermill's outstanding line plunging, the Tartars fought their way to the Pirate 7-yard line. At this point, Smith carried the ball over for the second touchdown. Robert Warning again converted to make the score 14 to 0 as the third quarter ended.

The final quarter got under way with the San Pedro Pirates throwing passes from all points. It was one of these aerials, intercepted by Jackson, Tartar fullback, that accounted for the third and final tally. Jackson carried the ball over from the 30-yard line, receiving good down field blocking. The conversion was no good, making the score 20 to 0 as the game ended.

After the game the Tartars, happy with victory, fulfilled an age-old tradition and tossed Coach Winfield into the showers. Special praise should go to Coach Winfield for his dogged work towards turning in a winning game. Swell work, Tartar team and Mr. Winfield!

Scores made by Kent, Smith, Jackson. Conversions by Warning, 2-.

The northern flight of birds has not arrived in San Diego county.

Hitchcock Will Live at Home Of President

Another honor has come to Don Hitchcock, former student body president at Torrance high school and son of Councilman and Mrs. J. E. Hitchcock.

It is the custom of Dr. Robert Gordon Sproul, president of the University of California, to take one student into his home each semester to live as his "adopted son." This year he has chosen Hitchcock, who is president of the student body at the University of California at Los Angeles.

Each year, since 1940, President Sproul has selected a university student to live with him and his family in the president's house on the Berkeley campus. President Sproul follows a similar custom at U.C.L.A., where he selected Hitchcock. Before his election as student body president he was president of the Associated Men Students, director on the University Religious Conference, president of the Reta Theta Pi fraternity, member of the California Club and on innumerable class committees.

"Adopted Sons" of the Sprouls are given the unique opportunity of living in day-to-day association with the president and his family, meeting their distinguished guests, having access to Dr. Sproul's extensive personal library and the manifold other benefits associated with living in the president's house.

They have met, and become acquainted with, such distinguished guests as President Conant of Harvard, Archibald MacLeish, President Douds of Princeton, Thomas E. Dewey, Alfred Noyes, Sir Josiah Stamp, President Dylestra of Wisconsin, Alexis Carrel, Jan Masaryk, Herbert Hoover, Sir Arthur Salter and many others.

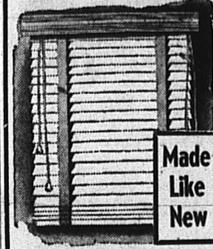

TORRANCE ELEMENTARY TO MEET NOV. 28 Food conservation will be used as the theme of the Torrance Elementary P.T.A. November meeting to be held in the school auditorium at 2 o'clock, Nov. 28.

Wedding and personal stationery of distinction are easily ordered by calling in person at 1336 El Prado, Torrance, or telephoning Torrance 444 or 443.
