**'House Party Smarty' Sets at McCown Drug**

To scoop the Southern California market, McCown Drugs received by air mail last night a shipment of 100 Primrose House "House Party Smarty" sets in time for Christmas gift buying today.

These particular sets sold out in the east before they reached the coast markets, so this special air mail order by McCown brings this new gift item to Torrance and Lomita people weeks before they will be obtainable anywhere else in Southern California.

Commenting on this idea, J. A. McCown said, "I heard of the sensational 'hit' these remarkable Primrose sets were making in the east, but discovered by wire that they could not be delivered in Southern California till the last of January. That's why I ordered them by air mail, so that they could arrive in time for Christmas."

**RED CROSS MEETING HAS BEEN POSTPONED**

Mrs. Lola Hoover, chairman Torrance Branch, American Red Cross, announces that the December business meeting scheduled for the fourth Mondays has been postponed.

She joins her co-workers in Red Cross in wishing the season's greetings to members of the community.

**OBITUARY**

**License Renewal Period Starting On January 2**

Latest word from the State Department of Motor Vehicles indicates that license renewal period will begin on schedule, Tuesday, Jan. 2.

Closing date for registration, however, has been extended one day to Feb. 5 because the previously announced deadline falls on a Sunday. Motorists are reminded that the state imposes penalties for late registration.

The 1944 certificate of registration of the automobile will serve as the application for renewal. If there has been a change of address during the year, the new address should be printed in above the old one, with the zone number added.

The fee will be identical with the 1944 fee, and this amount shows in the lower, left hand corner of the present certificate. Registration payments may be made at district offices of the Department of Motor Vehicles with the Automobile Club's 50 Southern California offices handling the matter for its members.

If the car has been sold during the year, the present owner must bring the pink slip for the car, as well as the white certificate of registration. The renewal procedure will then remain the same.

After fees are paid, motorists will receive a temporary certificate and a new license plate. A permanent certificate will be only one plate this year, which is to be mounted on the rear bumper. The colors are black numerals on a white background.

**Tom Benbow Is Horsepower Champ at T.H.S.**

Doors in the Torrance high school science building were opened and heads were poked out inquisitively. What on earth was that horrible racket? Oh! It was only the Physics class conducting a horsepower experiment on the back stairs of the science building. At the top of the stairs were Olin Hoyt, the instructor, holding a stop-watch, Harold Perry, the principal, and most of the students in the building.

A new record was achieved for Torrance high by Tom Benbow who, with a horsepower of 1.9, exceeded the record made by Jim Post a few semesters ago.

For the girls, Dorris Wilkes is the new champion. Her 88 h.p. was .01 more than the former champ, Dorothy Sandstrom.

**NICK PEROVICH**... SF-1/c, sends his Christmas greetings to the Torrance Herald staff and his friends in Torrance by way of a unique "ny" mail cartoon card showing him with Hirohito "in the bag." He is with the 44th Naval Construction Battalion, PPO, San Francisco.

**A-6 Parents Will Meet Teachers at Torrance High**

As a follow-up of the luncheon honoring the A-6 teachers and the principals of the elementary schools, the members of the A-6 classes and their parents are being invited to an open house which will be held on Friday, Jan. 5.

The program will begin at 1:30 p.m., in the Torrance high school assembly hall and will consist mainly of talks by Harold Perry, high school principal, and Bert Smith, the student body president.

Then the Tartar Knights and the Tartar Ladies will lead the students and their parents on a tour of the school, the Knights taking the boys and the Ladies, the girls.

"This will undoubtedly clear up many of the mysteries which cloud the minds of those future B's, and will help them get acquainted with the school so that they will not feel so strange on the first day," Smith said.

"If this works out successfully, it will without doubt become one of the many traditions of Torrance high school."

**Funds Raised to Send TNT to Service People**

By EUNICE ABRAMSON

The Girls' and Boys' Leagues of Torrance high school, due to a necessity for funds to send the school paper to the service people, recently sponsored two tag days. They were held on Wednesday, Dec. 13 and Thursday, Dec. 14, with the two leagues opposing each other.

The tags were ten cents each. To add interest, the losing league had to carry the winner's books to classes on Friday. The boys were the lucky students who topped the girl's total of \$53.30 with \$67.90. The total amount collected was \$121.20.

**Pavilion Erected**

At last Torrance high students are going to have a place in which to eat cafeteria lunches when it rains. Up to the present time lunches have been eaten in classrooms which open on to the patios, but now workmen are building a sheltered pavilion along the right side of the tennis courts. They expect to have it completed soon.

At 1:30 a.m. Thursday, the senior high glee club, under the direction of Anna Mae Aiken, sang at the Methodist church. The program included many well-known Christmas carols and the girls were very well received.

**Bond Drive**

During second period students have been buying bonds and stamps. For every second period class in which every student buys at least 50 cents worth of stamps every month, there is a minute man sticker which is put on the window.

The teachers whose second period classes are 100 per cent are Miss Irene Mills, Mr. Olin Hoyt, Miss Florence Behr, Mrs. Lorraine Goodwin, Miss Ruth Docke, and Mr. Frank Barrow.
