### Mexican Painting Is Presented to Torrance High

Following one of the customs of Torrance high, the outgoing Senior A class has presented the school with a beautiful and lasting gift.

Three paintings were brought for consideration and after much discussion, and with the help of Miss Jessie Lewis, the supervisor of the art section of the Los Angeles city schools, a striking and colorful scene of Mexico by Henry L. Richter was elected. As it will hang in the

**HONORABLY DISCHARGED**  
Joseph (Bud) Anderson, water tender, 2 c, returned last Thursday from San Francisco, holding an honorable service lapel button and an honorable discharge button. A son of Mr. and Mrs. J. N. Anderson of 1158 W. Maple ave., he has served in the South Pacific for the past two and one-half years. Several months ago he underwent a major operation in the Admiralty Islands which resulted in his medical discharge.

school library, the painting was chosen for its vertical lines and brilliant colors, as well as the beautiful scene.

### Taxpayers Urge State to Reenact Present Cuts; Hold Budget Down

Reenact the present state tax cuts, hold the state budget down to real needs, and refuse to increase subventions to local governments, the executive committee of California Taxpayers' association recommended to the legislature today, in letters to other members of the state legislature.

Pointing to the more than \$200,000,000 impounded for post-war and future needs, even with the current decreased tax rates, the Taxpayers' committee said: "The tax cuts of 1943 provided some relief to the people in meeting the heavy burden of federal taxation. It would seem wise to reenact them. The state revenue structure, even with decreased tax rates, is producing adequate revenue to meet all requirements and has permitted the earmarking of more than \$200,000,000 for various future needs. There is no doubt that the present rates will yield sufficient revenue to meet all expenses if the 1945-47 budget is held to real needs and the pressure for increased subventions to local governments is withstood.

"Expansion of state departments should be strictly limited until need for increases can be demonstrated. The constant pressure for expansion has been accentuated by the temporarily inflated revenues of the past

**MISSING IN ACTION** . . . Sgt. Perry Franklin, 22, son of Mr. and Mrs. Victor Gossiaux, 1640, W. 219th st., has been declared missing in action since Dec. 24. With a tank destroyer company, he has been in action in France, Germany and Belgium since "D" day. Mrs. Franklin and their son, Richard, age 4, live with her parents, Mr. and Mrs. George Cavitt, in Long Beach.

### National March Of Dimes Drive Is Undertaken

With more events scheduled than ever before in the history of the March of Dimes, the annual Fund-Raising Appeal of the National Foundation for Infantile Paralysis was launched by Basil O'Connor, president of the national foundation. The appeal will be climaxed by hundreds of birthday parties and other celebrations on President Roosevelt's birthday, Jan. 30, and will conclude on Jan. 31.

The official opening of the 1945 March of Dimes was made by O'Connor and J. Harold Ryan, president of the National Association of Broadcasters, on a coast-to-coast broadcast. Ryan is chairman of the National Radio Division of the March of Dimes.

Many March of Dimes events are scheduled in all parts of the world where American service men and women are fighting a global war. Many of these events are adapted to the particular locale, such as the "Kilometre of Dimes" instead of a Mile of Dimes in Italy, and a March of Riads (an Iranian coin worth about 8 cents) in Iran instead of the March of Dimes. Card parties, shooting contests, dances, and other events are being planned by various American posts in foreign fields.

The fund-raising appeal throughout the United States will be marked by more diversity than ever before. While New York, Washington, Boston and many of the other large cities will have their big birthday parties as usual, the fund-raising events in other sections of the country range from cake walks and pie suppers to concerts, theater parties and benefit sports events.

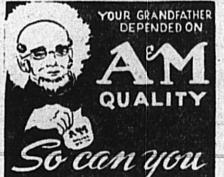

To help provide funds for the

thousands of new victims of infantile paralysis who were added last year to the long polo casualty list, the motion picture industry again is lending its full support. The week of Jan. 25-31 has been set aside as Motion Pictures March of Dimes week and more movie theaters than ever before will participate. During that period some 14,000 theaters throughout the nation will make audience collections.

### Torrance Leases Building for Arts, Crafts Section

Torrance will lease the building of Robert Nuckles at 2415 Arlington ave., for \$30 a month, subject to sale of the property, for use as the arts and crafts center of the recreation department, it was decided Tuesday night.

The city was ordered to vacate the property but the \$20 a month previously paid was boosted to \$30 and the lease agreed upon.

### Engineering Drawing Class Is Started

An advanced course in engineering drawing, designed to upgrade those who are employed in the marine or aircraft industry requiring a more thorough working knowledge of drafting, opened Jan. 23 at the University of California Long Beach War Training Center, 240 E. Third street.

For those who have a high school education with one or more years of mechanical drawing, and employed in a war industry, this course meets at 7:00 p.m., each Tuesday and Thursday for 15 weeks.

Glen N. Gardiner, a teacher in the Los Angeles schools, will instruct the group.

Information regarding enrollment and application for supplemental gasoline to attend classes, may be obtained by calling Long Beach 6-6735.

# JOBS

FOR SKILLED AND UNSKILLED PRODUCTION WORKERS

The closer the war moves to Japan, the more fighting and transport planes are needed by the armed forces . . . to cover the increased distances. At Douglas El Segundo we build for both services, and many additional skilled and unskilled workers are needed at once. Inexperienced men and women are trained with good pay from the first day; training which can not only be used in aircraft but in many other fields when the war is won. Come in and talk it over NOW!
